UVMC 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of UVMC 401(k) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING National Trust and ING Life Insurance and Annuity Company (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the Custodian is complete and accurate.

To the Plan Administrator
UVMC 401(k) Savings Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As explained in Note 5, the financial statements include investments valued at approximately \$8,100,000 (13 percent of net assets) at December 31, 2012 and \$11,900,000 (22 percent of net assets) at December 31, 2011, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by the Custodian. Our opinion is not modified with respect to this matter.

Other Matter

The modified cash basis supplemental schedule of assets held at end of year as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description

The following description of UVMC 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Upper Valley Medical Center, Upper Valley Professional Corporation, and UVMC Management Corporation (collectively, the "Companies"). These Companies are member corporations of UVMC (the "Plan Sponsor"). The Plan provides retirement, death, and disability benefits for eligible participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions to the Plan consist of participant contributions, employer contributions, and employee rollovers and distributions from other qualified plans or Individual Retirement Accounts (IRAs).

The Companies' participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan, subject to maximum tax-deferred limitations established by the Internal Revenue Code (the "Code"). The Companies, at their discretion, contribute 25 percent of the first 4 percent of base compensation that a participant contributes to the Plan. The participants become eligible for the employer-matching contribution upon completion of 1,000 hours of service within one year.

Additionally, employees of Upper Valley Medical Center and UVMC Management Corporation may receive a discretionary employer contribution as defined by the Plan. These employer contributions are generally based on a percentage of participant compensation as determined by completed years of service as follows: less than five years receives 3 percent, five to nine years receives 4 percent, and 10 years of service or more receives 5 percent.

Participants may direct their contributions and employer contributions to various investment options. Participants may change their allocation by filing an election with the Custodian. All amounts in participant accounts are participant directed.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Companies contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Companies 20 percent after one year of service and an additional 20 percent per year thereafter until they become fully vested after five years of service.

Benefit Payments - Upon termination of service, death, disability, or retirement, a participant may receive a lump-sum amount or installment payments equal to the vested value of his or her account. Additional payment options related to discretionary employer contributions consist of life annuities, term annuities, and joint and survivor annuities.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by ING National Trust and ING Life Insurance and Annuity Company (collectively, ING) or its affiliates. ING is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Companies have the right to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants remain 100 percent vested in their account balances.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Modified Cash Basis - The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). On a modified cash basis of accounting, revenue is recognized when cash is received and expenses are recognized when paid. On a GAAP basis of accounting, revenue is recognized as earned and expenses are recognized when the obligation is incurred. Investments are recognized at fair value, which is consistent with a GAAP basis of accounting.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The Plan invests in one guaranteed investment contract which is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The fair value of the guaranteed investment contract is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the guaranteed investment contract is based on its proportionate ownership interest in the fair value of the guaranteed investment contract. The guaranteed investment contract primarily holds guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contract is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the credit rating of the issuer. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. Certain guaranteed investment contracts invest in general assets of ING. ING considers these contracts to be benefit-responsive; however, since there are no specific securities related to these contracts, contract value is the best estimate of fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (see Note 6). The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain plan administrative expenses are paid by the Companies.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 7, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

ING (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Significant investments of end of year net assets are as follows:

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated December 22, 2010 indicating that the Plan, as designed, is qualified for tax-exempt treatment under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been made in the accompanying statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

UVMC 401(k) Savings Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 5 - Fair Value Measurements (Continued)

Restatement - Due to a re-evaluation of the significance of the inputs used in the valuation of the guaranteed investment contract, it was determined that these investments previously classified as Level 3 should have been classified as Level 2 based on the fair value hierarchy. Accordingly, the 2011 fair value disclosure has been updated to reflect this change.

- (b) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (c) This class represents investments in actively managed pooled separate accounts that invest in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

There were no unfunded commitments or redemption restrictions related to any of the Plan's investments as of December 31, 2012 and 2011.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2012.

Notes to Financial Statements December 31, 2012 and 2011

Note 6 - Investment Contracts

The Plan has benefit-responsive guaranteed investment contracts with ING. ING (the "contract issuer") maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on formulas agreed upon with the contract issuer, but may not be less than 3.00 percent for each of the contracts. Such interest rates are reviewed on a periodic basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (i.e., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts do not permit the contract issuers to change the provisions of the contracts without mutual agreement of the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

	December 31, 2012	December 31, 2011
Average yields for guaranteed investment contracts:		
Based on actual earnings	3.78 %	2.47 %
Based on interest rate credited to participants	3.08	3.11
