Report on the Financial Statements
We have audited the accompanying financial statements of At Home Solutions, LLC Employees Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of At Home Solutions, LLC Employees Pension Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the year ended December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes (at end of year) as of December 31, 2012 and December 31, 2011 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN

The following description of At Home Solutions, LLC (the "Company") Employees Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees that meet the Plan's requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

EMPLOYEE CONTRIBUTIONS

Participants may contribute up to 100 percent of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

EMPLOYER CONTRIBUTIONS

The Company, at the discretion of management, may make a matching contribution of a participant's elective deferral, to be determined in proportion to the participant's elective deferral. For the year ending December 31, 2012 the Company did not make an employer matching contribution.

At the end of the Plan Year, the Company, at the discretion of management, also may make an employer profit sharing contribution as defined in the Plan document. Profit sharing contributions are allocated to eligible participants based upon a percentage of the participant's compensation. For the year ending December 31, 2012, the Company did not make a profit sharing contribution.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's voluntary contribution, any Company discretionary matching contribution, any Company discretionary profit-sharing contribution, investment earnings and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. As a participant–directed plan, each participant's investments determine his or her share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

VESTING
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based upon years of continuous service, as follows:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

INVESTMENT OPTIONS
Upon enrollment in the Plan, a participant may direct employee contributions in the following investment with American Funds:

American Funds – Funds are invested in a variety of registered investment companies (mutual funds) that invest in domestic or foreign stocks, bonds and US Government securities.

Participants may change their investment options at their discretion.

PAYMENT OF BENEFITS
On termination of service, as defined, a participant receives a lump-sum amount equal to the vested interest in his or her account or can elect to remain in the Plan.

FORFEITURES
Non-vested forfeitures are first used to pay Plan expenses, and all remaining forfeitures are used to reduce the amount of employer contributions. At December 31, 2012, there were forfeited nonvested amounts totaling $3,224.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DATE OF MANAGEMENTS REVIEW
Subsequent events were evaluated through October 10, 2013, which is the date the financial statements were available to be issued.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

OPERATING EXPENSES

All expenses of maintaining the Plan are paid by the Company.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Inputs - are quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date and have the highest priority

Level 2 Inputs - are inputs other than level quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed on market data obtained from sources independent of the plan.

Level 3 Inputs - are unobservable inputs for the asset. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions the market participants would use in pricing the asset, developed based on the best information available in the circumstances. Level 3 has the lowest priority.

3. FAIR VALUE MEASUREMENTS (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Level 1 Fair Value Measurements

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

December 31, 2012

	Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)
Mutual Funds:		
Cash Equivalent Funds	$ 101,930	$ 101,930
Growth & Income Funds	30,055	30,055
Fixed Income Funds	9,556	9,556
Growth Funds	14,830	14,830
Total Assets at Fair Value	$ 156,371	$ 156,371

December 31, 2011

	Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)
Mutual Funds:		
Cash Equivalent Funds	$ 102,601	$ 102,601
Growth & Income Funds	25,681	25,681
Fixed Income Funds	7,532	7,532
Growth Funds	5,864	5,864
Total Assets at Fair Value	$ 141,678	$ 141,678

4. INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets at December 31,

Investments at Fair Value:	2012	2011
Mutual Funds		
American Funds Money Market Fund	$ 101,930	$ 102,601
American Balanced Fund	30,055	25,681
Bond Fund of America	9,556	7,532
Growth Fund of America	12,502	**

** Investments did not represent 5% of the total net assets available for benefits during the indicated year.

During 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $5,223.

5. TERMINATION OF THE PLAN

Although it has not expressed an interest to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. INCOME TAXES

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

7. RISKS AND UNCERTANTIES

INVESTMENTS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by an affiliate of the Trustee. Administrative expenses are paid to the Trustee and its affiliate who acts as the record-keeper of the Plan. These transactions with the Trustee and its affiliates qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.
