NOTE A – PLAN DESCRIPTION

The following brief description of the WTS International, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution retirement plan covering substantially all employees of WTS International, Inc. (the Sponsor) who have attained age twenty-one and have completed 1000 service hours during a consecutive twelve month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date for the Plan is March 1, 1997, amended and restated in 2011. Each employee is eligible to make contributions to the Plan on the first day of the first month of the each calendar month following the first year of employment.

2. Contributions

Each year, participants may make voluntary contributions to the Plan on a before tax basis up to limits as defined by the Plan and the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered through the Plan. The Plan currently offers a selection of mutual funds and common collective trusts as investment options for Participants. The Sponsor, at their discretion may match employee elective deferral contributions. Matching contributions, if any, shall be determined as of the end of the Plan year.

3. Participant Accounts

Each participant's account is credited with participant contributions, forfeitures and their allocation of Plan earnings. Earnings or losses are allocated to the participants in the same proportion that a participant's account bears to the total of all participants' accounts within the various investment funds.

4. Notes Receivable from Participants

Participants may borrow from their accounts a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years, except for those used for the purchase of a principal residence of the participant. Loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 to 7% which are commensurate with prevailing rates. Principal and interest is paid ratably through payroll deductions.

5. Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Participants are 20% vested in the employer's contribution after 2 years, 40% vested after 3 years, 60% vested after 4 years, 80% vested after 5 years and 100% vested after 6 years.

6. Forfeited Accounts

At December 31, 2012, there were no forfeited non-vested accounts.

NOTE A – PLAN DESCRIPTION– Continued

7. Payment of Benefits

On termination of service, benefits are distributed by a lump-sum, substantially equal installments, or partial withdrawals equal to the value of his or her account. Distributions upon the death of a participant prior to receiving any benefits shall be made pursuant to the election of the participant or their beneficiary.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statement of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

3. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

4. Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

5. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

7. Expenses

Certain expenses of maintaining the Plan are paid by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

8. Subsequent Events

In preparing these financial statements, the Plan evaluated events and transactions for potential recognition or disclosure through October 1, 2013, the date the financial statements were available to be issued. During this period, the Plan did not have any material recognizable subsequent events.

NOTE C – INFORMATION CERTIFIED BY CUSTODIAN

State Street Bank and Trust Company (State Street) acts as Custodian for the funds held as investment vehicles in the Plan. The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2012. Accordingly, State Street has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2012, and the supplemental schedule of assets (held at end of year) at December 31, 2012, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTE E– FAIR VALUE OF MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year end.

NOTE E – FAIR VALUE OF MEASUREMENTS - Continued

Common collective trusts: Valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and then is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account changes.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

NOTE E – FAIR VALUE OF MEASUREMENTS - Continued

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012:

Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Year Ended December 31, 2012

	Common collective trust
Balance, beginning of year	$ 365,151
Realized gains/(losses)	(1,902)
Unrealized gains/(losses) relating to instruments still held at the reporting date	43,034
Purchases	349,139
Sales	(330,483)
Balance, end of year	$ 424,939
The amount of total gains and losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 43,034

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Sponsor contributions.

NOTE G –TAX STATUS

The Plan is a qualified prototype plan under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes under provision of Section 501(a) of the IRC. Although the Sponsor has not applied for a determination letter for the Plan, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE H – CORRECTIVE DISTRIBUTIONS

Corrective distributions of $6,182 were made to certain participants during the year ended December 31, 2012 to return to them excess elective contributions, as required to satisfy the relevant nondiscrimination provisions of the IRS and the Plan. At December 31, 2012 and 2011, corrective distributions of $13,425 and $6,182 respectively, are recorded as corrective distributions payable on the statement of net assets available for benefits.

NOTE I – RELATED PARTY TRANSACTIONS

Certain Plan investments in mutual funds and common collective trusts are managed by State Street Global Advisors (SSGA). SSGA is an affiliate of the Custodian, as defined by the Plan and, therefore, transactions between SSGA and its affiliate qualify as party-in-interest transactions. There were no fees paid by the Plan for the investment management services for the year ended December 31, 2012.

NOTE J – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K – RECONCILIATION OF THE FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
