Independent Auditor's Report

To the Participants of and Administrative Committee of
OBCORP LLC 401(k) Plan
St. Louis, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of OBCORP LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(See Independent Auditor's Report)

Note A - Plan Description

The following description of the OBCORP LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on January 1, 1987, as a defined contribution plan covering all eligible employees of OBCORP, LLC (the "Company" or "Employer") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended effective January 1, 2012 to merge the assets of the Universal Analyzers, Inc. 401(k) Plan into the OBCORP LLC 401(k) Plan.

Eligibility

Employees who are 20 1/2 years of age or older and have six months of service are eligible to participate in the Plan.

Contributions

Each year, participants may contribute pretax annual compensation up to the maximum limits allowed under the IRC, as defined by the Plan. Participants can also make Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Company provides a Safe Harbor matching contribution of 100% of the first 3% of participant compensation and 50% of the next 2% of participant compensation. In addition, the Company may make employer non-elective contributions to participants accounts based on certain integration rules under the IRC. There were no non-elective contributions made to the Plan during 2012.

Note A - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and the Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, including rollover contributions, employer matching contributions, and employer qualified non-elective contributions, plus actual earnings thereon. Safe harbor matching contributions are also fully vested.

Payment of Benefits

On termination of service due to death, disability, or retirement, or if experiencing a financial hardship, as defined by the Plan or upon request after reaching age 59 ½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installment payments based on each participant's election in accordance with the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one month to 60 months with longer terms available in the case of loans to purchase a principal residence. The notes are secured by the balance in the participant's account and bear interest at rates based upon prevailing market rates for notes of similar purpose and duration as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note B - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and related notes. Actual results may vary from reported amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would received if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts. Since the fair value of the investment contract approximates contract value, the statement of net assets available for benefits does not require a separate adjustment for reporting the Plan's net assets on a fair value basis. The statement of changes in net assets available for benefits are prepared on a contract value basis.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Certification by Hartford Life Insurance Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from Hartford Life Insurance Company ("Hartford") that all of the information provided by Hartford included in the accompanying 2012 financial statements and supplemental schedule is complete and accurate. Information as to the investments in the accounts of Hartford, investment income, and all investment information appearing in the accompanying financial statements and supplemental schedule are presented in reliance solely upon this certification.

The following table presents the fair value of investments that represent five percent or more of the Plan's net assets.

Hartford Fixed Income Account	\$ 930,966
PIMCO Total Return A	679,699
BlackRock Equity Dividend Inv A	605,594
Hartford Growth Opportunities R4	592,215

Goldman Sachs High Yield A	465,178
BlackRock Global Allocation Inv A	458,683
Oppenheimer International Bond A	429,316
BlackRock International Opp Inv A	325,831

During the year ended December 31, 2012 the Plan's pooled separate investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by \$486,179.

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

Note D - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for investments measured at fair value.

Pooled Separate Accounts: The net asset value (NAV) of a pooled separate account is based on the market value of its underlying investments and is not a publicly-quoted price in an active market. Pooled separate accounts are reported at fair value utilizing both level 1 and level 2 inputs.

Group Annuity Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

Investments at Fair Value

Description	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts:				
Small cap	\$ 393,569	\$ -	\$ 393,569	\$ -
Mid cap	409,761	-	409,761	-

Pooled Separate Accounts seek to either replicate the movements of an index of a specific financial market or to maximize returns on investment allocation models as specified in the prospectuses of the individual pooled separate accounts. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2012.

Note E - Group Annuity Contract with Hartford Life Insurance Company

Hartford maintains certain contributions in a group annuity contract. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the group annuity contract at December 31, 2012 was \$930,966. The crediting interest rate is based on a formula agreed upon with the issuer with a minimum crediting rate of 3.0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield and crediting interest rate on the account was 3.0% for the year ended December 31, 2012.

Certain events limit the ability of the plan to contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition and competing investment options or deletion of equity wash provisions, or (3) termination of the contract by the Company. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note F - Tax Status of Plan

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note G - Related-Party Transactions

Certain Plan investments are managed by Hartford Life Insurance Company (Hartford). Hartford is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Subsequent Event

Subsequent to year end, on January 1, 2013, the Plan was amended and became frozen to all future contributions. In May 2013, the assets of the Plan were transferred to the AMETEK Retirement and Savings Plan.
