Independent Auditor's Report

To the 401(k) Committee
Cummins-Allison Corporation
Tax-Sheltered Savings and Retirement Plan
Mount Prospect, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cummins-Allison Corporation Tax-Sheltered Savings and Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Glenview State Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Cummins Allison Corporation
Tax-Sheltered Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Cummins-Allison Corporation Tax-Sheltered Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of Cummins-Allison Corporation and Cummins Illinois (the Company). Employees who are covered employees of the plan sponsor, as defined, are eligible for the Plan after meeting certain minimum service requirements. Eligible employees may begin deferring the first of the month following meeting eligibility. Employees are eligible for the Company matching contribution and the Company regular contributions after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: A participant may elect to contribute in 1 percent intervals up to a maximum of 50 percent of his/her annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company makes matching contributions of 50 percent of the first 4 percent of compensation as defined in the Plan that a participant contributes to the Plan. The Company makes additional Company regular contributions of 3 percent of the compensation for eligible employees. All contributions are subject to certain limitations. Matching contributions were \$847,338 in 2012. Company regular contributions were \$1,644,232 in 2012.

Participant accounts: Each participant's account is credited with the participant's contribution and Company matching contributions and receives an allocation of Company regular contributions, if any, Plan earnings and administrative expenses. Allocations are based on participant account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting: Participants are immediately vested in their elective contributions and the Company matching contribution plus the actual earnings thereon. Vesting for the Company regular contributions is based upon years of service as defined. Participants are 100 percent vested after six years of credited service. Participants who attain retirement age 65, or terminate employment due to death or disability, are 100 percent vested in their accounts.

Investment options: Upon enrollment in the Plan, participants direct the investment of their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options daily.

Forfeitures: At December 31, 2012 and 2011, there were no forfeited nonvested accounts. These accounts are used to reduce future Company contributions. In 2012, Company contributions were reduced by \$50,948 from forfeited nonvested accounts.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at market rates. At December 31, 2012, rates ranged from 3.25 percent to 6.50 percent on outstanding loans. Principal and interest are paid ratably through payroll deductions.

Cummins Allison Corporation
Tax-Sheltered Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service, death, retirement, or at the option of the employee, a participant will receive a lump-sum distribution. Withdrawals may also be made from the Plan in cases of financial hardship.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 4 for impact of adoption.

Note 2. Significant Accounting Policies (Continued)

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The Plan Administrator is currently evaluating the effect that the provisions of ASU 2012-04 will have on the Plan's financial statement disclosures.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Glenview State Bank

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31,	
	2012	2011
Shares of registered investment companies, at fair value	\$ 71,178,077	\$ 59,990,472
Shares of common/collective trust, at contract value	8,361,922	7,396,944
Notes receivable from participants	1,836,935	1,718,744
Net appreciation in fair value of investments	7,657,393	
Interest and dividend income	1,243,985	
Interest income on notes receivable from participants	61,470	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

<u>Level 1</u>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
----------------	---

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of registered investment companies: Valued at the daily closing price as reported by the registered investment companies. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following table sets forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

Investment	December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2012 Fair Value	2011 Fair Value			
Federated Capital Preservation Fund (a)	<u>\$ 8,509,259</u>	<u>\$ 7,557,721</u>	<u>\$ -</u>	Daily	12 months

(a) The fund's objective is to provide high current income and stability of principal. The fund includes synthetic investment contracts, traditional investment contracts and cash equivalents. Investments in this category can be redeemed immediately at the participant level and in 12 months at the Plan level at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Federated Capital Preservation Fund, at contract value	8,361,922	7,396,944
Federated Capital Preservation Fund, at fair value	8,509,259	7,557,721

During 2012, the Plan's investments in shares of registered investment companies (including investments bought, sold and held during the year) appreciated in value by \$7,657,393.

Note 6. Related Party Transactions

Certain Plan investments are shares of registered investment companies and a common/collective trust managed by Glenview State Bank. Glenview State Bank is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$8,942 in fees to Glenview State Bank during the year ended December 31, 2012.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for such services. Other expenses of the Plan are paid by the Company.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 18, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receipt of the determination letter. The Plan Administrator believes the Plan is designed and is being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9. Risks and Uncertainties

The Plan provides for various investment options in funds which invest in any combination of stocks, bonds, fixed income securities, mutual funds and other investment activities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011.
