INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Anderson Pacific Engineering Construction, Inc.
Money Purchase Pension Plan
Santa Clara, California

Report on the Financial Statements

We have audited the accompanying financial statements of Anderson Pacific Engineering Construction, Inc. Money Purchase Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Anderson Pacific Engineering Construction, Inc. Money Purchase Pension Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the year ended December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as supplemental information, is presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Anderson Pacific Engineering Construction, Inc. ("Company") Money Purchase Pension Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company, except employees covered by a collective bargaining agreement, certain nonresident aliens and leased employees, with eligibility commencing on the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, the Company must make an annual contribution of 10% of eligible compensation.

Participant Accounts - Each participant's account is credited with (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant that terminated prior to January 1, 2008 is subject to a six year graded vesting schedule.

Effective January 1, 2008, participants will have a fully vested and nonforfeitable interest in their respective participant account at all times.

Participant Notes Receivable - Participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Participant loans must be repaid within 5 years (unless the loan is to be used in acquiring the participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is generally paid ratably through weekly payroll deductions, but must be made at least quarterly.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a joint and survivor annuity, or other specified alternative forms of payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Effective January 1, 2008, payment of distribution will be made as soon as administratively feasible after the end of the Plan year and after all contributions have been allocated to all participant accounts relating to the Plan year the participant account balance becomes distributable.

NOTE 1 - DESCRIPTION OF PLAN (continued):

Forfeitures - Any forfeitures remaining due to participants terminating employment before becoming fully vested will, per the Plan amendment effective January 1, 2006, will be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year.

Administrative Expenses – Administrative costs of the Plan are generally paid for by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Corporate stocks, U.S. government securities, corporate debt instruments and mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost that approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefit payments are recorded when paid.

Subsequent Events – Management of the Company has evaluated events and transactions subsequent to December 31, 2012 for potential recognition or disclosure in the financial statements. The Company did not have subsequent events that required recognition or disclosure in the financial statements for the year ended December 31, 2012. Subsequent events have been evaluated through the date the financial statements became available to be issued, October 10, 2013.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The Plan adopted ASC 820 for all financial assets and liabilities recognized or disclosed at fair value in the financial statements. The Plan adopted the provisions of ASC 820 for nonfinancial assets and liabilities recognized or disclosed at fair value in the financial statements on a recurring basis; no such assets or liabilities exist at the balance sheet date.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. It establishes a fair value hierarchy and a framework which requires categorizing assets and liabilities into one of three levels based on the assumptions (inputs) used in valuing the asset or liability. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities.

Level 2 - Inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 - inputs include unobservable inputs that are supported by little, infrequent, or no market activity and reflect management's own assumptions about inputs used in pricing the asset or liability. The Plan's management uses the following valuation techniques to measure fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011:

Corporate stocks, U.S. government securities, corporate debt instruments and mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Other Assets: Other investments are valued at the estimated amount as of the year end as reported by each respective other investment. These investments were acquired through Morgan Stanley.

Notes Receivable from Participants: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3
Corporate Stocks, U.S. Government Securities, Corporate Debt Instruments, and Mutual Fund	$7,554,934		
Other Assets			$476,757
Participants' Loans			271,466
	$7,554,934	$ -	$748,223

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3
Corporate Stocks, U.S. Government Securities, Corporate Debt Instruments, and Mutual Fund	$6,218,136		
Other Assets			$631,452
Participants' Loans			213,779
	$6,218,136	$ -	$845,231

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

	Participants' Loans	Other Assets
Balance, Beginning of Year	$ 213,779	$ 631,452
Realized Gains (Losses), Unrealized Gains (Losses) Relating to Instruments Still Held at the Reporting Date	-	(154,695)
Purchases, Sales, Issuances and Settlements (Net)	57,687	-
Balance, End of Year	$ 271,466	$ 476,757

NOTE 3 - FAIR VALUE MEASUREMENTS (continued):

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011:

	Participants' Loans	Other Assets
Balance, Beginning of Year	$ 167,418	$ 656,347
Realized Gains (Losses) Unrealized Gains (Losses) Relating to Instruments Still Held at the Reporting Date	-	(24,895)
Purchases, Sales, Issuances and Settlements (Net)	46,361	-
Balance, End of Year	$ 213,779	$ 631,452

NOTE 4 - INVESTMENTS:

The Plan's investments primarily consist of money market funds, U.S Government securities, common and preferred stocks held in brokerage accounts, money market account with a bank and with a brokerage account, and other assets. During the year ended December 31, 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $597,998.

The following presents investments at December 31, 2012 and 2011 that represent 5% of more of the Plan's net assets:

	2012	2011
Morgan Stanley Money Market	$ 927,626	$ 793,129
Hatteras Core Alt Fd	476,757	
PIMCO Unconstrained Bond Fund Class P		568,535
Hatteras Multi TEI		458,159

NOTE 5 - PLAN TERMINATION:

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement and Income Security Act (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS:

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated February 12, 2010, that the prototype Plan document and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan assets are invested in various investment options in money market funds, government securities, corporate bonds, common stock, preferred stock, and other assets. These investment options are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with these investment options and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 8 – UNCERTAIN TAX POSITIONS:

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and believes there is no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.
