PMW Holdings, Inc.
401(k) Retirement Plan
Streator, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of **PMW Holdings, Inc. 401(k) Retirement Plan** (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for plan benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2012 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PMW Holdings, Inc.
401(k) Retirement Plan
Notes to the Financial Statements

1. **Plan Description**

The following brief description of the PMW Holdings, Inc. (Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company and its Subsidiaries who have one year and 1,000 hours of service, and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute pre-tax annual compensation, as defined by the Plan, subject to statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions to the Plan equal to a percentage of the elective contributions made by the participants to the Plan.

The Company may make matching contributions to the Plan equal to a percentage of the elective contributions made by the participants to the Plan. The Plan provides for 401(k) and 401(m) safe harbor contributions. The safe harbor matching contribution is equal to one hundred (100) percent of each participant's deferral contributions, not exceeding three (3) percent of the participant's compensation for the Plan year, plus fifty (50) percent of the participant's deferral contributions in excess of three (3) percent, but not in excess of five (5) percent of the participant's compensation for the Plan year.

During 2008, the Company suspended all matching contributions to the Plan. As such, there were no Company matching contributions in 2012 and 2011.

Participant's Accounts – Each participant's account is credited with the participant's contribution and Company matching contribution, if any, and allocations of: (a) the Company's discretionary contribution, if any, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately one hundred percent vested in their contributions, employer safe harbor contributions plus actual earnings thereon.

1. **Plan Description** (cont'd)

Notes Receivable From Participants – Participants are allowed to borrow from their nonforfeitable accrued benefit account a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one year to five years, and up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and bear interest at one percent above the prime interest rate as published in the Wall Street Journal. The interest rate at December 31, 2012 is 4.25% per annum (4.25% at December 31, 2011). Principal and interest is paid ratably through monthly payroll deductions. Loans in default are treated as taxable distributions to the participants.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. **Summary of Significant Accounting Policies**

Basis of Presentation – The accompanying financial statements have been prepared on an accrual basis, and present the net assets available for Plan benefits and changes in those net assets.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. **Summary of Significant Accounting Policies** (cont'd)

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events – Subsequent events have been evaluated through October 8, 2013, which is the date the financial statements were available to be issued.

3. **Investments**

The fair value of the Plan's investments that exceeds 5% or more of the Plan's net assets available for benefits at December 31 is as follows:

	2012	2011
Mutual funds, at fair value:		
American Funds Amcap	**$ 1,035,179**	$ 992,626
American Investment Co. of America	**-**	917,883
Dreyfus Intermediate Term Income	**826,713**	752,714
Oppenheimer Global	**878,085**	753,144
T Rowe Price Dividend Growth	**1,094,405**	-
Metropolitan Life Insurance Guaranteed Interest Contract, at fair value	**2,386,178**	1,794,696

3. **Investments** (cont'd)

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2012	2011
Mutual funds	$ 680,877	$ (201,651)
Guaranteed investment contract	58,623	46,280
	$ 739,500	$ (155,371)

4. **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a three level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

4. **Fair Value Measurements** (cont'd)

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for plan benefits, and the classification of such investments pursuant to the valuation hierarchy.

Cash is valued at the carrying amount, which approximates fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund is valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to the estimated fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The assets of the guaranteed investment contract are invested in a Metropolitan Life Insurance (MetLife) separate account. MetLife guarantees the principal and accrued interest, based on credited interest rates, for participant initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. The interest rate resets quarterly. The average yield credited to participants for 2012 was 3.90% (4.12% in 2011), and the average yield earned for 2012 was 6.84% (8.69% in 2011).

MetLife will reset the interest rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the underlying investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investments, payments due to retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan.

The statement of net assets available for plan benefits presents the fair value of the guaranteed investment contract as well as the adjustment of the guaranteed investment contract from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Total	$ 5,117,902	$ 1,794,696	$ -	$ 6,912,598

5. **Related-Party and Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Investments who is custodian of the Plan's assets. Accordingly, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of $2,882 which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

6. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. **Tax Status**

The Internal Revenue Service has determined, and informed the Plan by letter dated November 27, 2001, that the Alliance Benefit Group Prototype Plan is a qualified plan under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended subsequent to receiving the determination letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

9. **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of the net increase (decrease) in net assets available for Plan benefits per the financial statements for the years ended December 31, to Schedule H of Form 5500:

	December 31,	
	2012	2011
Net increase (decrease) per the financial statements	**$ 799,292**	$ (53,113)
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	**70,708**	64,891
Net increase per Schedule H of Form 5500	**$ 870,000**	$ 11,778
