Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equities Fund (CREF), Fidelity Management Trust Company (Fidelity), ING Life Insurance and Annuity Company (ING), The Variable Annuity Life Insurance Company (VALIC) and AXA Equitable Life Insurance Company (AXA), except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the Plan Administrator that TIAA and CREF (together, TIAA-CREF) and the directed custodian of TIAA-CREF investments, JPMorgan Chase Bank, N.A., Fidelity, ING, VALIC and AXA holds the Plan's investment assets and executes transactions related to these assets. TIAA-CREF has the authority to certify certain Plan information on behalf of JPMorgan Chase Bank, N.A. The Plan Administrator has obtained certifications from TIAA-CREF, Fidelity, ING, VALIC and AXA as of and for the year ended December 31, 2012, and that the information provided to the Plan Administrator is complete and accurate.

As permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 20, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EFAST2 Client Authorization for BKD to Sign

The Department of Labor (DOL) recently announced a new EFAST2 signature option. As you recall, the DOL requires electronic filing of Form 5500 effective January 1, 2010, for plan years beginning on or after January 1, 2009. As part of the EFAST2 electronic filing process, plan administrators and plan sponsors were required to register for filing signer credentials with DOL in order to be able to electronically “sign” the Form 5500.

The DOL recently announced it will allow a plan service provider, including a paid preparer, to electronically “sign” the Form 5500 on your behalf before transmitting the Form 5500 electronically to the DOL. Under the new signature option, the plan administrator and plan sponsor are not required to register for filing signer credentials. If you wish to take advantage of this option, you are required to sign the Form 5500 by hand on paper and return pages one and two of the signed Form 5500 to BKD. BKD will attach the signed pages one and two to the electronic file before transmitting it to the DOL.

There are a few points to note regarding the new EFAST2 signature option.

1. The plan administrator must authorize **BKD, LLP** in writing to electronically sign and submit the return on his or her behalf. An authorization form has been created to accomplish this (see attached.)
2. In addition to any other required schedules and attachments, the electronic filing includes a copy of pages one and two of Form 5500 bearing the manual signature of the plan administrator and/or plan sponsor under penalties of perjury.
3. By selecting this electronic signature option, an image of the plan administrator’s and/or plan sponsor’s manual signature will be included with the rest of the Form 5500. The complete Form 5500, including an image of the signature, will be posted on the Internet for public disclosure by the DOL.
4. **BKD, LLP** will communicate to the plan administrator and/or plan sponsor any inquiries and information received from EFAST2, DOL, IRS or PBGC regarding the return.

If you choose not to authorize **BKD, LLP** to electronically sign and transmit Form 5500 on your behalf, the plan administrator and/or plan sponsor must electronically sign the Form 5500.

On the following authorization page, please select an option, sign and date where indicated, and return the form and signed pages one and two, if appropriate, to us as soon as possible. Please contact me if you have any questions.

Regards,

BKD

3. An image of the plan administrator's and/or plan sponsor's manual signature will be included with the rest of the Form 5500. The complete Form 5500, including an image of the signature, will be posted on the Internet for public disclosure by the DOL.
4. **BKD, LLP** will communicate to the plan administrator and/or plan sponsor any inquiries and information received from EFAST2, DOL, IRS or PBGC regarding the return.

Board of Trustees and Plan Administrator
John Carroll University Tax Deferred Annuity Plan
University Heights, Ohio

We were engaged to audit the accompanying financial statements of John Carroll University Tax Deferred Annuity Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equities Fund (CREF), Fidelity Management Trust Company (Fidelity), ING Life Insurance and Annuity Company (ING), The Variable Annuity Life Insurance Company (VALIC) and AXA Equitable Life Insurance Company (AXA), except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the Plan Administrator that TIAA and CREF (together, TIAA-CREF) and the directed custodian of TIAA-CREF investments, JPMorgan Chase Bank, N.A., Fidelity, ING, VALIC and AXA holds the Plan's investment assets and executes transactions related to these assets. TIAA-CREF has the authority to certify certain Plan information on behalf of JPMorgan Chase Bank, N.A. The Plan Administrator has obtained certifications from TIAA-CREF, Fidelity, ING, VALIC and AXA as of and for the year ended December 31, 2012, and that the information provided to the Plan Administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule listed in the table of contents as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 20, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Form and Content in Compliance with DOL Rules and Regulations 2012

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

John Carroll University Tax Deferred Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of the John Carroll University Tax Deferred Annuity Plan (Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined-contribution supplemental plan sponsored by John Carroll University (University) for the benefit of its employees. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the University. Students who are employed by the Sponsor are generally excluded from participation in the Plan.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity Contract held by the Plan. College Retirement Equities Fund (CREF) serves as the issuer of CREF variable annuities held by the Plan. TIAA, JPMorgan Chase Bank, N.A., Fidelity Management Trust Company (Fidelity), ING Life Insurance and Annuity Company (ING), The Variable Annuity Life Insurance Company (VALIC), and AXA Equitable Life Insurance Company (AXA) serve as the custodians of most nonannuity assets and as recordkeeper of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the University make annual contributions of up to 100% of eligible compensation subject to the requirements and provisions of the Plan. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted. The Plan does allow for special Code Section 403(b) catch-up contributions for those participants with 15 years of service. The University does not make matching or discretionary contributions to the Plan.

Participant Investment Account Options

Investment account options available include various annuity accounts, pooled separate accounts and mutual funds. Each participant has the option of directing their contributions into any investment options selected by the University and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service or if the participant becomes disabled, a participant may elect to receive a lump-sum amount equal to the value of their account, an annuity contract (if assets are held in a custodial account) or converted into an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of their rollover contribution at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Plan Termination

Although it has not expressed an intention to do so, the University has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan is funded by individually controlled TIAA, CREF, Fidelity, ING, VALIC, and AXA investments. Contributions are allocated to the various investment options based on the individual participant elections.

The annuity contracts and fixed accounts are fixed-dollar annuities and investment products offered by the insurance companies. The annuity contracts and fixed accounts are maintained in the general accounts. Contributions to the annuity contracts and fixed accounts purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of the insurance companies.

The TIAA Traditional Annuity account is recorded at contract value, which approximates fair value as estimated by TIAA. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contract with TIAA contains

John Carroll University Tax Deferred Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the money market account, are recorded at their estimated fair value which is based upon the underlying value of the assets. The money market account is recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Quoted market prices, if available, are used to value investments. TIAA-CREF, Fidelity, ING, VALIC and AXA mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The TIAA Real Estate pooled separate account is valued at the NAV per accumulation unit of the investment. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Loans

While the Plan does not allow for participant loans, TIAA does issue loans to Plan participants outside of the scope of the Plan. Participants pledge as security a portion of their balance in the TIAA Traditional Annuity, which represents 110% of the outstanding loan balance. Pledged balances were \$130,055 and \$143,995 at December 31, 2012 and 2011, respectively. Plan loan interest rates ranged from 4.03% to 5.83% as of December 31, 2012.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by EBSA.

John Carroll University Tax Deferred Annuity Plan

Notes to Financial Statements December 31, 2012 and 2011

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan or University, at the University's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period ending date.

During 2012, several transfers made out of Level 3 were due to observable inputs being used and sufficient liquidity of the investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the 2011 financial statement to conform to the 2012 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

The Plan invests in various funds of the Plan's recordkeeper and custodian, and fees for recordkeeping services paid by the Plan to the recordkeeper were \$44,606 and \$41,979 for 2012 and 2011, respectively.

The University provides certain administrative services at no cost to the Plan.

Note 5: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements are primarily attributable to classification differences.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Business office. The Business office contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Business office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Annuity Contracts and Fixed Accounts
Balance, January 1, 2011	\$ 6,048,402
Investment Income	267,470
Purchases	1,913,799
Sales	<u>(930,131)</u>
Balance, December 31, 2011	7,299,540
Investment income	294,635
Purchases	1,240,535
Sales	(1,181,277)
Transfers out of Level 3	<u>(951,414)</u>
Balance, December 31, 2012	<u><u>\$ 6,702,019</u></u>

As the annuity contracts and fixed accounts are valued at fair value, which approximates contract value, there are no realized or unrealized gains or losses for these investments included in the net increase in net assets available for benefits.
