NOTE A - DESCRIPTION OF PLAN

The following description of the Southern Wine and Spirits of America, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Southern Wine and Spirits of America, Inc. (the "Company"). Employees with one year and 1,000 hours of service and are not collective bargaining (union) employees are eligible for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to contribute between 1% and 100% of pretax earnings for non-highly compensated employees and between 1% and 7% for highly compensated employees. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for the Company to make matching contributions up to 2% of employees' earnings and discretionary profit sharing contributions. A participant must defer at least 2% to receive any matching contribution. For the year ended December 31, 2012, the Company made matching contributions based on years of service, as follows:

Years of Service	Percentage Contributed
1 - 10	100%
more than 10	200%

For the year ended December 31, 2012, there were no discretionary profit sharing contributions. Contributions are subject to certain limitations. All contributions during the Plan year are subject to a maximum dollar limitation established by the Internal Revenue Code ("IRC"). For the year ended December 31, 2012, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $17,000 and an additional $5,500 catch-up contribution for participants that are age 50 or older.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's matching contribution and investment earnings. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company contributions as follows:

Years of Service	Percentage Vested
One year	10%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Application of Forfeitures

Forfeitures of non-vested account balances are used to reduce the Plan's ordinary and necessary administrative expenses for the Plan year and any remaining forfeited amounts will be used to reduce the future employer contributions for the Plan. As of December 31, 2012 and 2011, there were approximately $55,000 and $50,000, respectively, of forfeited non-vested accounts. During 2012, the Company's contributions were reduced by approximately $148,000 from forfeitures.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions plus actual earnings thereon to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Upon termination of service, benefits relating to employee contributions and vested employer contributions are distributed or rolled over if the total investment amount is $5,000 or less. If the investment amount is greater than $5,000 a participant may elect to receive their vested account value in a lump sum amount or installments. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than $5,000 and unless otherwise directed by the participant, automatic individual retirement account (IRA) rollovers will be made from vested amounts between $1,000 and $5,000. Benefits are recorded as deductions from net assets available for benefits when paid.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Each participant may have two loans outstanding at any one time.

Transfer of Assets

During the year, certain participants' assets were transferred from an outside record keeper in the amount of $8,800,000. These transfers relate to participants that joined the Plan during 2012 through an acquisition by the Plan's sponsor.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by the Plan must be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive stable value collective trust fund (the SVCF). The statements of net assets available for benefits present the fair value of the SVCF as well as the adjustment of the fund from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note D - Fair Value Measurements for additional information). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The mutual funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administration of the Plan

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees related to the audit, are incurred and paid directly by the Company. Fees paid by the Company were approximately $1,243,000 for 2012.

NOTE C - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2012	2011
Putnam Stable Value Fund	$ 94,292,916	$ 89,090,587
Artisan Mid Cap Fund	86,223,130	72,209,470

Putnam Equity Income Fund	40,661,494	32,843,590
Mainstay Large Cap Growth Fund	28,225,118	22,627,281

During 2012, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year appreciated in value as follows:

Mutual Funds	$ 39,446,399
Common/Collective Trust	1,901,879
	$ 41,348,278

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(continued)

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trust – The stable value collective fund (SVCF) is stated at fair value and then adjusted to contract value. Fair value of the SVCF is measured as the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts and synthetic investment contracts), and contract value is the principal plus accrued interest. The investment in SVCF is classified within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total

NOTE E - STABLE VALUE FUND

The Putnam Stable Value Fund (the Fund) is a common/collective trust fund. The Fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

The statements of net assets available for benefits present an investment contract at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive contract from fair value to contract value.

The credit rate is calculated by a formula specified in each wrapper agreement and is typically adjusted quarterly depending on the contract. In a wrapper contract structure, the underlying investments are owned by the Fund and held in trust for plan participants. The wrapper contract amortizes the realized and unrealized gains and losses on underlying bonds, typically over the duration of the bonds, through adjustments to the future interest crediting rate. The crediting rate is designed to result in the accrual of income over time equal to the cumulative market return on the covered assets net of fees, but without the fluctuations in value typically associated with fixed income securities.

(continued)

NOTE E - STABLE VALUE FUND - Continued

The average yield at fair value and weighted average crediting rate for the Fund at December 31, 2012 and 2011 are as follows:

	2012	2011
Based on actual earnings	2.36%	3.11%
Based on interest rate credited to participants	2.02%	3.23%

Certain events may limit the ability of the Fund to transact at contract value. Such events include: complete or partial Plan termination or merger with another plan; failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; transfer of assets from the Fund directly into a competing investment option; or any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

NOTE F - RELATED PARTY TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 17, 2011, that the Plan and related trust are designed in accordance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE I - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mercer Trust Company, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value (excluding the Putnam Stable Value Fund which is certified at contract value) and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011.

- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

- Schedule H, Line 4i – Schedule of assets (held at end of year), December 31, 2012.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustee to the related information included in the financial statements and supplemental schedule.
