Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

Employee Benefit Plans Administrative Committee
Sequa Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sequa Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 8, which was derived from information certified by The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan and the Sequa Corporation Master Trust, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the trustee, have been audited by us in accordance with the auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

- ▶ Deferred vested benefit The later of age 65 or termination of employment
- ▶ Disability benefit For union participants: the later of age 40 and 10 years of service or incidence of disablement
- ▶ Retirement benefit Upon termination of employment

Form of payment

For non-union participants:

50% of participants are assumed to elect a single life annuity and 50% are assumed to elect a 50% J&S annuity.

For union participants:

40% of participants are assumed to elect a single life annuity,
20% are assumed to elect a 50% J&S annuity,
20% are assumed to elect a 100% J&S annuity,
10% are assumed to elect a 5 year certain and life annuity, and
10% are assumed to elect a 15 year certain and life annuity.

Percent married

For purposes of valuing pre-retirement surviving spouse benefits, 75% of participants were assumed to be married.

For purposes of determining the optional forms expected to be elected at commencement, 100% of participants were assumed to be married.

Spouse age	Wife three years younger than husband
Administrative expenses	\$700,000 plus actual PBGC premiums for 2012

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefit payments, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2010 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Sequa Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>For non-union participants: The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment as well as lump sums to terminated participants if the value is less than \$10,000. Such lump sums are not explicitly valued as such; rather such benefits are valued using the benefit choice assumptions described above.</p>
Change in assumptions and methods since prior valuation	<p>The segment interest rates used to determine the funding target and target normal cost were updated from an applicable month of September 2010 to September 2011 and were adjusted by applying the corridors of MAP-21.</p> <p>The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.</p> <p>The inflation assumption for the future Social Security wage base was changed from 4.50% to 3.00%.</p> <p>The inflation assumption for future statutory limits on compensation was changed from 4.00% to 2.50%.</p> <p>The 2012 expense load was updated from \$800,000 plus actual PBGC premiums to \$700,000 plus actual PBGC premiums.</p>

Non-union employees

Plan Provisions

The effective date of the Plan is January 1, 1952. The plan was last restated effective July 1, 2011.

Covered Employees

All employees other than employees covered by a collective bargaining agreement, non-resident aliens with total earnings constituting foreign service income for U.S. federal income tax purposes, employees who are a citizen of the United States but a permanent resident of foreign jurisdiction, and any employees accruing a pension benefit under a defined benefit plan of the employer or an affiliated employer other than this plan.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged for the Sequa Pension Plan participants and the former Sequa Retirement Plan participants.

Participation Date

Effective January 1, 1989, an employee is eligible to participate on the date the employee attains age 21 and completes one year of service. Each employee who was a participant in the plan immediately before January 1, 1989, shall continue to be a participant in the plan.

Effective December 31, 2005 all active participants who had attained age 45 on or before December 31, 2005 were required to make a one-time irrevocable election either to continue earning accruals in the plan after December 31, 2005 or to freeze accruals and to participate instead in the discretionary profit-sharing portion of the Sequa 401(k) plan. All accruals were frozen for all active participants who had not attained age 45 on or before December 31, 2005.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged.

Definitions

Vesting service	The sum of all periods of service and credited severance periods, measured in full years and completed months.
Pension service	<p><i>Retirement and Consolidated (including TACR)</i></p> <p>The sum of all periods of service beginning at the date an employee became a participant in this plan or a prior plan. However, if an employee elected to begin making the required employee contributions on the earliest date eligible, benefit service will begin at his date of hire, subject to age restrictions (not before age 25 prior to January 1, 1985; not before age 21 on or after January 1, 1985). Effective January 1, 1989, benefit service for new employees is calculated from date of employment.</p> <p><i>After Six</i></p> <p>Completed months of service from the employee's date of hire. Excludes service before February 27, 1968 for Superior Pants employees.</p>
Pensionable pay	Base pay, overtime, bonuses, commissions, and annual incentives before any voluntary salary reduction (sections 401(k), 125, or 132(f) of the Internal Revenue Code). Pensionable pay excludes severance pay, salary continuation pay paid by an insurer, short and long term disability pay, workers compensation, relocation expenses, dues, housing, furnishing and auto allowances, fringe benefits, and any nonqualified plan of deferred compensation contributions.

Definitions

Average earnings	For Retirement and Consolidated (including TACR), the monthly average of a participant's pensionable pay beginning at the later of 1994 or date of employment and ending at termination of employment. For After Six, the monthly average of a participant's pensionable pay beginning at the later of 1984 or date of employment and ending at termination of employment.
Social Security benefit	The projected amount of the participant's primary Social Security benefit according to the law in effect at the date of termination of employment assuming continuation of then current earnings to age 65.
Covered compensation	The amount of monthly compensation with respect to which old age and survivor's insurance benefits would be provided to the participant under the Social Security Act, in effect as of the date of termination, determined as if the participant's annual compensation was equal to the maximum amount of earnings subject to tax under the Federal Income Contributions Act (OASDI portion).
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65

Monthly pension benefit	<p>For Retirement and Consolidated (including TACR) the greater of (a) or (b) plus (c):</p> <ul style="list-style-type: none">(a) The sum of (i) and (ii)<ul style="list-style-type: none">(i) 0.9% of average earnings multiplied by years of pension service(ii) 0.6% of average earnings in excess of covered compensation multiplied by years of pension service not in excess of 35 years(b) 1.1% of average earnings multiplied by years of pension service(c) The product of (i), (ii), and (iii)<ul style="list-style-type: none">(i) The participant's shortfall addition per year percentage(ii) Average earnings(iii) Pension service earned after December 31, 1996 and before January 1, 2000 <p>Additional minimum benefits apply under this plan for certain individuals.</p> <p>For After Six the greater of (a), (b), (c), or (d):</p> <ul style="list-style-type: none">(a) 0.9% of average earnings multiplied by pension service plus 0.6% of average earnings that exceeds covered compensation multiplied by pension service not in excess of 35 years(b) 1.1% of average earnings multiplied by pension service(c) The monthly accrued benefit under the plan as of December 31, 1988(d) For non-highly compensated participants who were age 55 with 10 years of service as of January 1, 1989, their expected benefit under the prior plan formula prorated for termination before normal retirement date.
Monthly preretirement death benefit	<p>50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and deferred to the participant's earliest retirement age</p>

Eligibility for Benefits

Normal retirement	Retirement on NRD
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing five years of vesting service. For the participants of the Chromalloy American Corporation Pension Plan, retirement before NRD and on or after both attaining age 50 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD
Vested termination	Termination for reasons other than death or retirement after completing five years of vesting service
Preretirement death benefit	Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD
Early retirement	Monthly pension benefit determined as of early retirement date, reduced 6.67% for each of the first five years and 3.33% for each of the next five years that payment precedes the participant's NRD For prior plan participants in the Chromalloy American Corporation Pension Plan for Salaried Employees as of December 31, 1988, an unreduced early retirement benefit is provided for participants whose age plus years of vesting service is at least equal to 90.
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Vested termination	Monthly pension benefit determined as of termination date, reduced 6.67% for each of the first five years and 3.33% for each of the next five years that payment precedes the participant's NRD
Preretirement death	Monthly preretirement death benefit reduced 6.67% for each of the first five years and 3.33% for each of the next five years that payment precedes the participant's NRD

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms available ongoing are a 100%, 75%, or a 66⅔% joint and survivor annuity, or a 5-, 10-, 15-, or 20-year certain and life annuity. Actuarial equivalence is based on an interest rate of 7.00% and Revenue Ruling 2001-62 mortality table. In addition a lump sum option is available if the value of the participant's benefit does not exceed \$10,000.
Pension Increases	None
Plan Participants' Contributions	As of January 1, 1989 employee contributions are no longer required.

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The IRC Section 415 benefit limit was increased from \$195,000 to \$200,000 effective January 1, 2012.

The IRC Section 401(a)(17) compensation limit was increased from \$245,000 to \$250,000 effective January 1, 2012.

Future Plan Changes

Towers Watson is not aware of any future plan changes which are required to be reflected other than scheduled pension increases contained in the Collective Bargaining Agreements.

Changes in Benefits Valued Since Prior Year

- Effective February 28, 2011, benefit accruals were frozen for hourly union participants at ARC Knoxville.
- Effective January 1, 2012, the monthly dollar multiplier increased from \$34.00 to \$35.00 for Chromally Los Angeles participants. This plan change was reflected only for contribution purposes, having previously been reflected for pension cost purposes.
- Effective January 1, 2012, the IRC Section 415 benefit limit was increased from \$195,000 to \$200,000.
- Effective January 31, 2012, benefit accruals were frozen for hourly union participants at Precoat Granite City.
- Effective March 31, 2012, benefit accruals were frozen for hourly union participants at Precoat St. Louis.

Employee Benefit Plans Administrative Committee
Sequa Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sequa Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 8, which was derived from information certified by The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan and the Sequa Corporation Master Trust, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the trustee, have been audited by us in accordance with the auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SEQUA PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(1) Description of the Plan

(a) General

The Sequa Pension Plan (the Plan) is a noncontributory, defined benefit plan sponsored by Sequa Corporation (the Company). Effective July 1, 2011, the Plan covers all eligible salaried and hourly nonbargaining employees, as well as certain hourly employees covered by collective bargaining agreements with employers that have adopted the Plan. Prior to July 1, 2011, the Plan only covered certain hourly employees covered by collective bargaining agreements with employers that have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On June 30, 2011, the Sequa Retirement Plan merged with and into the Plan. All participants of the Sequa Retirement Plan became participants of the Plan as of the merger date. Net assets of \$397,571,618 were transferred into the Plan on July 1, 2011. There were no changes to participants' eligibility or benefits as a result of the merger.

(b) Participation and Benefits

Certain collective bargaining employees become eligible for participation in the Plan upon the attainment of age 21 and the completion of one year of service, as defined in the Plan document. Participation in the Sequa Retirement Plan for nonunion employees was frozen to new employees on December 31, 2005.

Participants are eligible for pension benefits upon reaching normal retirement age of 65 provided they are fully vested (credited with at least five years of service). There is no partial vesting before five years of service. The Plan benefit payments are determined by the collective bargaining agreements for the collective bargaining employees in the Plan. Retirement benefit payments for salaried and hourly non collective bargaining employees are based on a specified percentage of participant's average compensation multiplied by years of benefit service. The Plan contains provisions for early retirement, late retirement, disability and surviving spouse benefits.

Further information regarding eligibility for participation, the methods used to determine participants' accrued benefits, type of benefits and vesting provisions is contained in the Plan document, which is available to all Plan participants.

(c) Funding and Administrative Expenses

The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. The amount funded normally includes the Plan's annual or normal cost for the current year and amortization of the estimated prior service cost arising from qualifying service before the establishment of any amendments to the Plan. The Company's policy is to fund pension costs accrued to meet the minimum funding requirements of ERISA. The Company was in compliance with the minimum funding requirements of ERISA for the years ended December 31, 2012 and 2011. Administrative expenses are paid out of Plan assets.

(2) Summary of Accounting Policies

The accompanying financial statements of the Plan have been prepared in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP). The more significant accounting policies followed by the Plan are as follows:

(a) *New Accounting Pronouncements*

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 820) – Fair Value Measurement* (ASU 2011-04). ASU 2011-04 relates to fair value measurements, related disclosures and consistent meaning of the term “fair value” in U.S. GAAP and International Financial Reporting Standards. The update clarifies how to apply the existing fair value measurements and disclosures. For fair value measurements classified within level 3, an entity is required to disclose quantitative information about the unobservable inputs. A reporting entity is also required to disclose additional information such as valuation process, a narrative description of the sensitivity of the fair value measurements to changes in unobservable inputs and the interrelationships between those unobservable inputs. This update became effective for the Plan beginning in the first quarter of 2012 and did not have a material effect on the Plan’s financial statements.

(b) *Investment Valuation and Income Recognition*

All Plan assets are held by the Sequa Corporation Master Trust (the Master Trust). The Master Trust investments reflected in the accompanying financial statements have been reported at fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Master Trust’s gains (losses) on the investments bought and sold as well as held during the year.

(c) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of the actuarial present value of accumulated plan benefits and contingent assets and liabilities. These estimates and assumptions are based on management’s best estimate and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including consideration of the current economic environment. Management adjusts such estimates when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results may differ from those estimates and assumptions.

(d) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

SEQUA PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right to terminate the Plan in accordance with the Plan provisions and the provisions set forth by ERISA. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC, while other benefits may not be provided for at all.

The PBGC will guarantee the payment of most vested normal age retirement benefits and early retirement benefits which employees were receiving or were entitled to receive as of the date the Plan's termination. For 2013, the total amount of such guaranteed benefits is subject to an overall monthly ceiling of \$4,790 for a single life annuity, which is adjusted periodically by the PBGC. Other forms of benefits might have a lower ceiling.

Plan members will be fully vested in their rights under the Plan to the extent then funded, in the order of priority specified in the Plan. In accordance with ERISA, a more detailed description of the allocation of the Plan assets upon termination can be obtained by reference to the Plan document, which is available to all Plan participants.

(4) Trust Agreement

Under the terms of the Master Trust Agreement, The Bank of New York Mellon/BNY Mellon, N.A. (the trustee) serves as trustee of the Plan and carries out an investment policy established by the Sequa Corporation Employee Benefit Plans Investment Committee, consistent with the purposes of the Plan and the requirements of applicable laws and regulations. The trustee is considered a party-in-interest to the Plan.

(5) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Towers Watson Pennsylvania Inc., the Company's actuary and retirement consultant, estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. For collective bargaining employees, benefits under the Plan are based on the benefit levels negotiated between the Company and each union, multiplied by the employee's benefit service to a maximum of 30 years. For salaried and hourly non collective bargaining employees, benefits under the

Plan are based on a specified percentage of the participant's average compensation multiplied by years of benefit service.

The actuarial present value of accumulated plan benefits as of December 31, 2011 is as follows:

The changes in actuarial present value of accumulated plan benefits since the date of the previous Plan valuation, December 31, 2010, are as follows:

---	------------------------------

⁽¹⁾ The Sequa Retirement Plan merger is reported as of January 1, 2011. Activity, other than the merger amount, includes the Sequa Retirement Plan portion of changes in actuarial present value of accumulated plan benefits for the period from January 1, 2011 through June 30, 2011.

The more significant assumptions underlying the computations are as follows:

Assumed rate of return on investments	7.8% compounded annually
Mortality basis	Internal Revenue Service (IRS) 2012 Static Mortality Table
Normal retirement	Age 65

Actuarial assumptions for the period before normal retirement include factors for assumed mortality and termination of employment.

Assumption changes as of January 1, 2012 include an update in the assumed rate of return on investments from 8.0% to 7.8%, as well as an update in the Plan's mortality table from the IRS required mortality tables (with separate rates for annuitants projected to 2018 using Scale AA and for nonannuitants projected to 2026 using Scale AA) for the 2011 valuations to the IRS required mortality tables (with separate rates for annuitants projected to 2019 using Scale AA and for nonannuitants projected to 2027 using Scale AA) for 2012 valuations.

SEQUA PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Plan Changes

The following changes in Plan provisions took place or became effective in 2012 and 2013 and are not included in the determination of accumulated plan benefits as of December 31, 2011:

- Effective January 31, 2012, benefit accruals for active participants employed at the Precoat Metals Division facility at Granite City, Illinois were frozen. No new employees will be eligible to participate in the Plan.
- Effective March 31, 2012, benefit accruals for active participants employed at the Precoat Metals Division facility at St. Louis, Missouri were frozen. No new employees will be eligible to participate in the Plan.
- Effective November 15, 2012, Sequa Automotive Group entities at Bridgeport, Connecticut; Detroit, Michigan; and Knoxville, Tennessee, that participated in the Plan (benefit accruals for these entities were frozen previously at various dates) were terminated as participating employers under the Plan.
- Effective December 31, 2012, benefit accruals for active participants employed at the Chromalloy Los Angeles facility at Gardena, California and at the Chromalloy Oklahoma facility at Midwest City, Oklahoma were frozen. No new employees will be eligible to participate in the Plan.
- Effective June 30, 2013, benefit accruals for active participants employed at the Precoat Metals Division facility at Portage, Indiana were frozen. No new employees will be eligible to participate in the Plan.

(6) Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

The Master Trust's investments include securities that may directly or indirectly invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities is sensitive to changes in economic conditions, including real estate value, delinquencies of defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

SEQUA PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(7) Tax Status

The IRS has determined and informed the Company by a letter dated September 27, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(8) The Sequa Corporation Master Trust Information (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan and the Master Trust, and was not subject to any auditing procedures performed by the independent auditors except for comparing such information with the related information included in the financial statements.

Subsequent to the Plan merger with the Sequa Retirement Plan on June 30, 2011, the Plan held a 100% interest in the assets of the Master Trust. Prior the Plan merger, the Plan held a 12% interest in the assets of the Master Trust.

(9) Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

SEQUA PENSION PLAN

Notes to Financial Statements

December 31, 2012 and 2011

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Master Trust for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective trust funds: Valued at the net asset value per unit as determined by the collective trust as of the valuation date, which approximates fair value. Except for a short-term investment fund, there are no restrictions as to the redemption of these common collective trusts nor does the Plan have any contractual obligations to further invest in any individual common collective trusts.

For the short-term investment fund, in order to control liquidity and avoid realized losses on the sale of securities, requests for cash redemptions were not permitted where participants desired to exit the fund. In making this determination to restrict participants from exiting the fund, the trustee considered the liquidity position of the fund, the anticipated need for liquidity going forward, the current market prices of the securities in the fund and the effect of the redemption on the nonredeeming participants in the fund. The Plan has no contractual obligations to further invest in the fund.

Limited partnerships: Fair value is based on the best information available and is determined by the general partner of the Partnership by reference to information including, but not limited to, the following: projected sales, net earnings, earnings before interest, taxes, depreciation and amortization, balance sheets, public or private transactions, valuations for publicly traded comparable companies and/or other measures and consideration of any other pertinent information including the types of securities held and restrictions on disposition. The methods employed to determine the fair value use either the market, income or cost approaches.

The trustee applied the practical expedient for valuing its investment in limited partnerships as permitted under U.S. GAAP, which allows for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value using net asset value per share, or its equivalent, as reported by the general partner. The Plan cannot withdraw from the limited partnerships prior to their dissolution. Because the limited partnership interests cannot be redeemed in the near term, the investments are included in Level 3 of the fair value hierarchy.

Notes to Financial Statements

December 31, 2012 and 2011

The following represents a summary of the redemption periods of limited partnership investments made by the Master Trust:

	Fair Value at December 31, 2012	Unfunded Commitments	Date of Redemption
Irving Place Capital Partners II L.P.	\$ 2,364,235	\$ 583,172	April 2015 unless extended for an additional year
TCW Shared Opportunity Fund IV LP	1,769,634	—	December 2013 unless extended for an additional year
Other limited partnership interests	1,949,521	81,139	Various through 2013
	<u>\$ 6,083,390</u>	<u>\$ 664,311</u>	

The primary business objective of the limited partnerships is to seek significant capital appreciation through private equity and equity-related investments in leveraged buyouts, recapitalizations and growth capital opportunities. The Plan does not have any significant contractual obligations to further invest in any of the individual limited partnerships, other than the unfunded commitments noted above.

The amount of liquidity provided to investors in a particular limited partnership is generally consistent with the liquidity and risk associated with the underlying portfolio (i.e., the more liquid the investments in the portfolio, the greater the liquidity provided to the investors).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The investment information presented was taken from the certified amounts provided by the trustee.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments, excluding cash and cash equivalents, at fair value as of December 31, 2012 and 2011:

(10) Subsequent Events

We evaluated subsequent events from the date of the financial statements through September 27, 2013, which represents the date these financial statements were issued. In the second quarter of 2013, the Company froze benefit accruals for union participants in its Metal Coatings segment which triggered a Plan curtailment and re-measurement as of April 30, 2013. Other than the Plan amendments which took effect in 2013, as disclosed in note 5, there were no other events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in the financial statements.
