Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Luther Home of Mercy Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

Note 1—Description of Plan

The following description of Luther Home of Mercy Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees of Luther Home of Mercy (the Home). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees become eligible to participate in the Plan on their first day of service. Participants may elect a percentage reduction in compensation or a flat dollar amount, subject to Internal Revenue Service limitations, which may be contributed to the Plan on a pretax basis as designated by the employee. Employees covered by a collective bargaining agreement (union employees), casual employees, self employed clergy covered by a church plan, or who have not reached 18 years of age and have completed one year of continuous service are not eligible for the matching contribution and discretionary non-elective employer contribution. The Home made a matching contribution of 50% of the first 4% of compensation that a participant contributed to the Plan and a discretionary non-elective employer contribution based on 2% of eligible employees' compensation.

Participant accounts

Each participant's account is credited with the participant's contribution and the Home's contributions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit payments

Upon termination of employment, the participant or, in the case of death, the surviving spouse can elect to receive the participant's account balance in a single lump sum or in various installment annuities.

Hardship withdrawals

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan agreement. The Home must approve any such hardship withdrawals.

Vesting

All participants are fully vested at all times and are not subject to forfeiture for any reason.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2012 and 2011

Note 1—Description of Plan—continued

Notes receivable from participants

Effective April 1, 2011 the Home elected to discontinue notes receivable to participants from the Plan. However, existing notes receivable from participants were governed by policies in place prior to that date. Participants could borrow the minimum of \$1,000 up to a maximum of the lesser of 50 percent of the vested value of their entire account or \$50,000. Only one outstanding note receivable was permitted at any time and the note receivable repayment schedule could be no longer than 5 years, unless the note was used to purchase your principal residence. The interest rate was established based on the Prime Rate plus 1%. Principal and interest was paid ratably through payroll deductions. The notes receivable were secured by the balance in the participant's accounts. Such notes receivable and related income were included in the participant's account.

Termination of the plan

Although it has not expressed any intent to do so, the Home has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Home may determine.

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when paid.

Investment valuation and income recognition

All investments, except for the fully benefit-responsive investment contract (ING Fixed Plus Account II), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion and disclosures related to fair value measurements.

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic, Plan Accounting – Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC). The statements of net assets available for benefits present the fair value of the fully benefit-responsive investment contracts. The fair value of the GIC is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. At December 31, 2012 and 2011, the ING Fixed Plus Account II has a fair value that is equivalent to contract value because the discount rate equals the current credited rate.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2012 and 2011

Note 2—Summary of significant accounting policies—continued

Administrative expenses

Various administrative costs are paid by the Home.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

New accounting pronouncements

In May 2011, FASB issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04). ASU 2011-04 amended FASB Accounting Standards Codification Topic 820 (ASC 820), Fair Value Measurement, to converge the fair value measurement guidance in accordance with accounting principles generally accepted in the United States of America and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures are not required for nonpublic entities as defined in ASC 820. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent events

The Home has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2012 and 2011

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2012 and 2011, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and other for the year ended December 31, 2012, were obtained or derived from information supplied to the Plan Sponsor and certified by ING Life Insurance and Annuity Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Investments that exceed 5% of the Plan's net assets available for benefits at December 31 are as follows:

	<u>2012</u>	<u>2011</u>
Pooled separate accounts:		
* ING T. Rowe Price Capital Appreciation Portfolio-Service	\$ 1,006,220	\$ 794,276
* ING PIMCO Total Return Portfolio-Service Class	659,746	562,249
* ING Solution 2025 Portfolio-Service Class	**	183,516
Investment contract:		
* ING Fixed Plus Account II – at contract value	937,178	910,364

* This investment is sponsored by the Plan custodian or represents a party-in-interest.

** This investment did not have a balance in excess of 5% at year end.

FASB, ASC Topic, Fair Value Measurement, defines fair value, establishes a framework on measuring fair value, establishes a fair value hierarchy on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. The Plan accounts for certain financial assets at fair value under various accounting literature.

In accordance with the standard, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into the three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within the different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2012 and 2011

Note 3—Investments—continued

Financial assets and liabilities recorded on the statement of net assets available for benefits are categorized based on the inputs to the valuation techniques as follows:

- Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.
- Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
- a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in non-active markets;
 - c. Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
 - d. Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation of other means for substantially the full term of the asset or liability.
- Level 3. Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2012.

Investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled separate accounts: Primarily valued at net asset value per share based on quoted market prices of underlying investments.

Note 4—Fully benefit-responsive investment contracts

The Plan includes an account called the Fixed Plus Account II as an investment option available to participants. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Investments of the Fixed Plus Account II may periodically include GICs, typically issued by insurance companies and which provide for guarantees of interest and repayment of principal. An issuer of a GIC is contractually obligated to repay the principal and a specified interest rate or interest rate index that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed and may be reset on a monthly basis.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2012 and 2011

Note 4—Fully benefit-responsive investment contracts—continued

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default, the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by the Trust upon election and notice. In certain limited circumstances, contract termination by the issuer may also occur but with the Trust retaining the right to require that the contract will remain in force under original terms over a period of time as underlying assets mature and are repaid.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2012 and 2011

Note 4—Fully benefit-responsive investment contracts—continued

As mentioned in Note 2, as of December 31, 2012 and 2011 the ING Fixed Plus Account II contract, the fully benefit-responsive investment contract, has a fair value that is equivalent to contract value because the discount rate equals the current credited rate. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The average yield for the investment contract was approximately 3% in 2012. The crediting interest rate for the investment contract was approximately 3% at December 31, 2012 and 2011.

Note 5—Tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
