1. DESCRIPTION OF PLAN

The following description of the Buchanan Technologies 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description ("SPD") for a more complete description of the Plan's provision.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Buchanan Technologies Inc. d/b/a Buchanan Associates (the "Company" or "Plan Sponsor"), upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Plan Administration

The Plan is administered by Buchanan Technologies Inc. (the "Plan Administrator"). The Plan Administrator maintains the Plan records, including account information, provides forms for Plan participation, and directs the payment of accounts as needed.

(c) Contributions

Each year, participants may contribute up to the maximum amount permitted by the Internal Revenue Service ("IRS"), as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's management. Contributions are subject to certain limitations.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of continuous service. A participant is 100% vested after five years of credited service.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 minus the highest outstanding note receivable balance during the previous 12 months or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator, generally prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

1. DESCRIPTION OF PLAN (Continued)

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

If a participant terminates employment with the Company for any reason other than death, disability, or attainment of normal retirement age, they will be entitled to receive only the vested percentage of their account balance. Contributions made by the Company which are not vested are subject to forfeiture.

(h) Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $12,388 and $8,849, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. During 2011, $4,050 of Plan expenses were paid from forfeited non-vested accounts.

(i) Merger

As of the close of business on March 31, 2011, the PEQ Consulting, Inc. 401(k) Profit Sharing Plan (the "PEQ Plan") merged into the Plan. Each eligible employee who was a participant in the PEQ Plan on March 31, 2011 was eligible to participate in the Plan on April 1, 2011. All other active part time employees on April 1, 2011 became eligible to participate in the Plan. All employees were granted past service credit for purposes of eligibility for participation, vesting and benefits under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at the current fair value based upon quoted market prices. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 5 for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Investment Valuation and Income Recognition (Continued)

The investment contracts are presented at fair value on the statements of net assets available for benefits. The investments in the fully benefit-responsive investment contracts are also stated at contract value which is equal to principal balance plus accrued interest. An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Administrative Expenses

Administrative expenses are generally paid by the Plan Sponsor. Certain loan and distribution expenses are paid by the respective participant from their account balance and are included in the statement of changes in net assets available for benefits.

(e) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

(g) New Accounting Pronouncements

The Plan's management has evaluated recently issued accounting pronouncements through the date these financial statements were available to be issued and has determined the application of these pronouncements will have no material impact on the Plan's financial position and results of operations as of December 31, 2011.

3. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2011	2010
Janus Balanced Fund	$ 426,450	$ 392,158

Nuveen Mid Cap Growth Opportunity	278,789	*

* Did not meet 5% of net assets available for benefits

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $302,014 as follows for the year ended December 31, 2011:

Mutual Funds	$ 322,117
Common/Collective Trust	(20,103)
Net depreciation in fair value	$ 302,014

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wells Fargo Bank, National Association (the "Trustee"), except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The Trustee has certified that the following data as of December 31, 2011 and 2010 included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2011	2010
Investments, at fair value	$ 3,592,437	$ 3,123,118
Investments, at contract value	1,813,351	1,044,198

The Trustee also certified to the completeness and accuracy of $302,014 of net depreciation in fair value of investments, $91,147 of interest and dividend income, $713,474 of benefits paid to participants and $29,016 of administrative expenses for the year ended December 31, 2011.

5. FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") topic, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC topic are described as follows:

Level 1 **Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.**

Level 2 **Inputs to the valuation methodology include:**

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 **Inputs to the valuation methodology are unobservable and significant to the fair value measurement.**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Mutual Funds: **Valued at the net asset value of shares held by the Plan at year end.**

Common/Collective Trust: **Valued at quoted prices in active markets of the net asset value ("NAV") of shares held by the Plan at year end.**

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (Continued)

The following table set forth by level within the fair value hierarchy summarizes the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,592,437	$ -	$ -	$ 3,592,437
Common collective trust	-	1,860,491	-	1,860,491
	$ 3,592,437	$ 1,860,491	$ -	$ 5,452,928

The following table set forth by level within the fair value hierarchy summarizes the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,123,118	$ -	$ -	$ 3,123,118
Common collective trust	-	1,064,603	-	1,064,603
	$ 3,123,118	$ 1,064,603	$ -	$ 4,187,721

6. COLLECTIVE INVESTMENT TRUST CONTRACT

The Plan has entered into a fully benefit-responsive collective investment trust with Union Bond & Trust Company ("UBT"). UBT maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The collective investment trust is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by UBT, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $1,860,491 and $1,064,603, respectively. The crediting rate is based on a formula agreed upon with the issuer and such rate is re-set on a monthly or quarterly basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probably of occurring.

6. COLLECTIVE INVESTMENT TRUST CONTRACT (Continued)

The collective investment trust does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average rates:	2011	2010
Blended net crediting rate	2.13%	2.75%
Market yield	1.37%	1.97%

7. RELATED PARTY TRANSACTIONS

Certain plan investments are held in limited partnerships that are owned and operated by the plan administrator. Therefore, these transactions qualify as party-in-interest; however these transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Internal Revenue Code (the "IRC").

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the company contribution portion of their account.

9. TAX STATUS

The IRS has determined and informed the Company by a letter dated April 7, 2008, that the Plan and related trust are designed in accordance with applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognized a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not longer subject to income tax examinations for years prior to 2008.

10. SUBSEQUENT EVENTS

The Plan evaluated events occurring between the end of December 31, 2011, the most recent year end, and September 18, 2012, the date the financial statements were available to be issued, and determined there were no subsequent events to report.
