Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Purple Communications, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Putnam Fiduciary Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Independent Auditor's Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Purple Communications, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2012 and 2011

Note 1: Description of Plan:

The following description of Purple Communications, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Purple Communications, Inc. (the Company). The Plan was formerly known as GoAmerica 401(k) Plan; effective February 1, 2011 the Plan's name was changed to Purple Communications, Inc. 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Full-time employees that are at least 21 years of age and who have completed three months of service are eligible to participate in the Plan. Employees are automatically enrolled in the Plan on the date they first meet the eligibility requirements, with a salary deferral rate of 6% of pay. Employees may elect to opt-out of the Plan if they submit a request in writing to the Plan administrator.

Participant Contributions:

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:

The Company may elect to make discretionary matching contributions. For the year ended December 31, 2012, the Company did not make any matching contributions.

Participant Accounts:

The Plan administrator maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the Company and the Plan administrator. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan, continued:

Vesting:

Participants are immediately vested in their salary deferrals, rollover amounts, and fund earnings thereon. The value of the participant's employer matching and discretionary contributions and earnings become 20% vested per year after completing one year of service, and are fully vested after five years of service. A covered year of service is a twelve-month period ending December 31. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The note receivable may not exceed a term of five years, or a period of ten years if the note is to be used for the purchase of the participant's primary residence. The notes receivable are secured by the balance of the participant's account and bear interest at a rate based on the prime rate as stated in the "Wall Street Journal", plus 1% on the first business day of the month. Interest rates range from 4.25% to 9.25% as of December 31, 2012. Principal and interest are paid ratably through payroll deductions. A $50 fee is charged to the participant's account for each note receivable.

Payment of Benefits:

On termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or a series of installments over a period of time equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions will be distributed as a lump-sum. Participants who terminate with less than $5,000 vested balance in their accounts receive an automatic distribution.

Forfeited Accounts:

Forfeitures are created when participants terminate employment before they become 100% vested in their account balance. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $32,692 and $41,462, respectively. These accounts will be used to reduce future employer contributions and pay Plan expenses. During the year ended December 31, 2012, the $12,000 of forfeitures were used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The fair values of $174,172 for the Putnam S&P 500 Index Fund and $518,721 for the Putnam Stable Value Fund included in the financial statements as of December 31, 2012 approximate contract value.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies, continued:

Administrative Expenses:

All administrative expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2012, the Company elected to pay for all of the administrative expenses, with the exception of $12,000 in audit fees and $2,707 in administration fees.

Recent Accounting Pronouncements:

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*. The ASU clarified the application of certain existing fair value measurement guidance and expands the disclosure requirements for fair value measurements that are estimated using significant unobservable (Level 3) inputs and for assets and liabilities disclosed but not recorded at fair value. This ASU is effective for the Plan for the year ended December 31, 2012. As the Plan has no investments classified under Level 3 of the fair value measurement guidance, adoption of this standard had no impact on the Plan's financial statements for the year ended December 31, 2012.

Subsequent Events:

Management has evaluated subsequent events through August 7, 2013, the date on which the financial statements were available to be issued.

Note 4: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trusts: Valued at either discounted cash flows, discounted at the prevailing market interpolated guaranteed investment contract (GIC) rate as of year-end; or valued at the NAV of shares held by the Plan at year end.

Note 4: Fair Value Measurement of Investments, continued:

The methods described above may produce a fair value calculation that may not be as indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2012:

	Investments at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total

Note 4: Fair Value Measurement of Investments, continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2011:

	Investments at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual funds:

Total investments at fair value	$ 7,297,421	$ 359,825	$ -	$ 7,657,246

Note 5: Common Collective Trusts:

The Putnam Stable Value Fund (the Fund) includes investments in guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Fund is included in the financial statements at fair value. The Fund is considered fully benefit-responsive as withdrawals or transfers can be made at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts, as it approximates contract value. As of December 31, 2012, the Putnam Stable Value Fund had an average yield of approximately 0.72% while the investment was held during the period, and a crediting interest rate of 2.02%.

The Putnam S&P 500 Index Fund (the Fund) includes investments in securities that constitute the Index, either directly or through the purchase of shares of collective investment trusts having investment objectives similar to that of the Fund. Withdrawals are permitted at a redemption price equal to the net asset value per units redeemed as determined by Putnam Fiduciary Trust Company, the Fund issuer. The statements of net assets available for benefits present the fair value of the Fund, as it approximates contract value.

Note 6: Excess Participant Contributions Payable:

The Plan failed discrimination testing for the year ended December 31, 2011. Excess contributions totaling $5,892 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions. The Plan reimbursed these excess contributions to its participants during 2012.

Note 7: Tax Status:

The Plan was established under a prototype plan document. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. Although the prototype plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8: Transactions with Parties-in-Interest:

Certain plan investments are shares of mutual funds managed by Putnam Fiduciary Trust Company. Putnam Fiduciary Trust Company is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9: Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 10: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 11: Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2012 and 2011 to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 9,088,077	$ 7,772,374
Add: Excess participant contributions	-	5,892
Net assets available for benefits per Schedule H of Form 5500	$ 9,088,077	$ 7,778,266

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2012 to Schedule H of Form 5500:

	2012
Net increase in net assets available for benefits per the financial statements	$ 1,315,703
Less: Prior year excess participant contributions	(5,892)
Net increase per Schedule H of Form 5500	$ 1,309,811
