Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the Plan trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

MIG, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of the MIG, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Plan administration:

The Plan is sponsored by of Moore Iacofano Goltsman, Inc. (the "Company"). The Company has appointed an administrative committee (the Administrative Committee) as administrator of the Plan, which carries out the duties imposed under ERISA.

Eligibility:

Effective January 1, 1996, the Plan is a defined contribution pension plan covering substantially all employees of the Company who are not considered Excluded Employees and are eligible to participate in the Plan once eligibility conditions are satisfied.

The following employees are Excluded Employees and are not eligible to participate in the Plan:

- Employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in this Plan.
- Certain nonresident aliens who have no earned income from sources within the United States.

Employees are eligible to participate in the Plan once they attain age 21. Employees can make elective deferrals and receive discretionary employer matching contributions once a participant completes 1 hour of service during a period of 3 consecutive months. Eligibility to receive employer non-elective contributions is attained after one year of service.

Once eligibility has been established, participants may enter the Plan on the first day of each quarter of the Plan year.

Participant contributions:

Participation in the Plan is voluntary. Participant's deferral percentage is subject to an annual limit of the participant's eligible compensation, up to the maximum annual limit determined by the Internal Revenue Service. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $17,000 for 2012 and $16,500 for 2011. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($5,500 in 2012 and 2011) or the participant's compensation for the year reduced by the participant's other elective deferrals.

Effective March 15, 2007, the Company elected to permit Roth Deferrals.

Note 1. DESCRIPTION OF THE PLAN (Continued):

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions:

Discretionary contributions:

The employer may make basic matching and non-elective employer contributions on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of director's resolution.

Effective January 1, 2012, in addition to the eligibility criteria of the Plan, a participant will not receive any matching contribution unless the participant is employed on the last day of the Plan Year.

A matching contribution of 25% of a participant's deferral, not to exceed $1,000 was authorized for 2012.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of $1,000 up to a maximum of $50,000 or 50% of the participant's vested account balance, whichever is less. Participants may have only one loan outstanding at a time. Loans must be repaid to the Plan through salary deductions over a period not to exceed five years or up to 30 years for the purchase of a primary residence. Interest on the loan will be based on the prime rate of interest published by any Federal Reserve bank as of the date of the loan, plus 1%.

Vesting:

Participants are immediately 100% vested in their contributions. Effective January 1, 2008, the following (6-year graded) vesting schedule applies to employer matching and non-elective contributions:

1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1. DESCRIPTION OF THE PLAN (Continued):

Forfeitures are retained in the Plan and used to pay administrative expenses and reduce future plan sponsor contributions. For the year ended December 31, 2012, forfeitures aggregated approximately $2,681 and $8,300 and were used to pay administrative expenses. The balance of unapplied forfeitures at December 31, 2012 is $14,843.

Payment of benefits:

Participant contributions are available for withdrawal in a lump-sum distribution upon the participant's death, retirement, total disability, age 59½, or termination of employment with the Company. After-tax contributions can be withdrawn at any time.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with ERISA.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported by ING Life Insurance and Annuity Company and Putnam Investments. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in professional accounting standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the professional accounting standards, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The ING Fixed Account, a fully benefit-responsive investment, offered by ING Life Insurance and Annuity Company has no stated maturity dates and the amount payable on demand is the contract value (except for any charges that may involve contract discontinuance). The ING Fixed Income Fund interest rate is expressed as an annual effective yield, with no maturity dates on balances.

Loans to participants are valued at cost, which approximates fair value.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants subsequent to year-end.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Purchases and sales of securities are recorded on trade date basis.

Payment of benefits:

Benefit payments are recorded when paid.

Subsequent events:

Management has evaluated subsequent events through September 12, 2013, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by the ING Life Insurance and Annuity Company and with Putnam Investments.

The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. BENEFIT-RESPONSIVE INVESTMENT:

The Plan entered into a benefit-responsive investment contract with ING Life Insurance and Annuity Company (ING). ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7. BENEFIT-RESPONSIVE INVESTMENT (Continued):

The ING Fixed Account is intended to be a long-term investment for participants seeking stability of principal. The assets supporting it are invested by ING with this goal in mind. Therefore, ING may impose restrictions on the ability to move funds into or out of this investment option or among investment options in general. These restrictions have enabled ING to provide stable credited rates which historically have not varied significantly from month to month despite the general market's volatility in new money interest rates.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage. Such interest rates are reviewed on a yearly basis for resetting. The average yield earned was 3.0 percent for the years ended December 31, 2012 and 2011.

Note 8. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 8. FAIR VALUE MEASUREMENTS (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and December 31, 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Pooled separate accounts: Valued at the accumulation unit value (AUV) of shares held by the plan at year end.

Benefit-responsive investment: Valued based on the credited rate communicated to the plan and credited daily. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract (See Note 7).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value hierarchy, the plan's assets at fair value as of December 31, 2012 and December 31, 2011.

Assets at Fair Value as of December 31, 2012

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011

Note 9. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated September 15, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan recognizes the financial statement benefit of an uncertain tax position only after considering the probability that a tax authority would sustain the position in an examination. For tax position meeting a "more-likely-than-not" threshold, the amount recognized in the financial statements is the benefit expected to be realized upon settlement with the tax authority. For tax positions not meeting the threshold, no financial statement benefit is recognized. As of December 31, 2012, the Plan has no uncertain tax position. The Plan recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense. Annual returns for the years prior to 2009 are no longer subject to examination by tax authorities.

Note 10. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company may, at its sole discretion, terminate the Plan in whole or in part at any time. In the event of termination, investments will be valued on the termination date and paid out to participants after deducting liquidation and termination expenses.

Note 11. RELATED PARTY TRANSACTIONS:

Plan investments are shares of mutual funds managed by ING Life Insurance and Annuity Company (ING) as well as Putnam Investments. ING and Putnam Investments are the asset custodians. Company officers are the trustees as defined by the Plan. Fees paid by the Plan for the investment management services amounted to $2,430 for the year ended December 31, 2012. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA, prohibited transaction rules.

The Plan sponsor pays for most of the costs associated with the administration of the Plan.
