NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

NOTE 1. PLAN DESCRIPTION

The following description of the Hartford Computer Group, Inc. Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective April 2, 2012, Hartford Computer Group was acquired by Avnet, Inc. and the company changed its name to Avnet Integrated – Nexicore Operating Group (the "Company" and the "Plan Sponsor"). The Plan is a defined contribution plan covering eligible employees who have been employed for at least three months by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. The Plan also includes an automatic enrollment provision in which all eligible employees are automatically enrolled at a deferral rate of three percent, increasing by one percent annually up to 10 percent of compensation.

The Plan provides for discretionary Company matching contributions and for the year ended December 31, 2012, the Company matched 30 percent of the first three percent of compensation deferred by a participant. The Company matching contribution was \$65,054 for the year ended December 31, 2012. The Plan also provides for additional discretionary Company profit sharing contributions of which none were made for the year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions, as defined in the Plan, over a three-year period.

HARTFORD COMPUTER GROUP, INC. PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Plan forfeitures will first be used to pay Plan administrative expenses, any remaining forfeitures will be used to reduce future Company contributions. During the year ended December 31, 2012 forfeitures of \$2,314 were used to pay Plan administrative expenses. As of December 31, 2012, forfeitures of \$4 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant may receive a lump-sum distribution for the value of the vested interest in his or her account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Fidelity Management Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at their fair values. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily and interest is recognized on the accrual method. Dividend income is included in net appreciation of investments.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

HARTFORD COMPUTER GROUP, INC. PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Company accounts for their financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DECEMBER 31, 2012

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

All of the Plan's investments are Level 1 and the following table sets forth by investment type the Plan's investments at fair value as of December 31:

Money market fund	153,677	157,676
Total investments at fair value	\$ <u>3,897,503</u>	\$ <u>3,349,127</u>

NOTE 3. PARTICIPANT LOANS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 5.00 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 4. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 6. FEDERAL INCOME TAX STATUS

The Plan is a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:
