Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

AQUATIC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2012 AND 2011, AND FOR THE YEAR ENDED DECEMBER 31, 2012

1. DESCRIPTION OF PLAN

The Aquatic Retirement Plan (the “Plan”) is organized as a Profit Sharing Plan under Section 401(k) of the Internal Revenue Code (“IRC”) and covers all eligible employees of Aquatic Eco-Systems, Inc., Aquatic Habitats, Inc. and AES Wastewater, Inc. (the “Companies” or the “Employers”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is administered by Pentair Aquatic Eco-Systems, Inc. (the “Plan Administrator”).

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General Information — The Plan is a defined contribution plan covering all full-time and part-time employees of the Companies who have attained age twenty-one and completed one-half of a year of service.

Contributions:

Employee Elective Contributions — Each participant may elect to defer 1% to 15% of pretax annual compensation provided the total elective contributions do not exceed \$17,000 and \$16,500 in 2012 and 2011, respectively, and nondiscrimination tests are met in accordance with the IRC §401(k). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Matched Contributions — Matched contributions are the amounts contributed by the Employers to active participants who have made elective contributions during the Plan year. The amount of the contribution to the Plan is determined annually by the Employers. No such contributions were made in 2012.

Non-Elective Employer Contributions — The Employers, at their own discretion, may contribute amounts to the Plan in addition to any matched contribution. These monies will be allocated to Plan participants in the same proportion that such participant’s compensation for the Plan year bears to the total compensation of all participants for the Plan year. No such contributions were made in 2012.

Vesting — Vesting rights to employer contributions accrue at a rate of 20% per year beginning with the participant’s second year of service. The rights are fully vested after the completion of the sixth year of service. Employees who leave the Company as a result of death or disability or leave after their normal retirement date are 100% vested.

Forfeitures — Forfeitures shall be applied to reduce employer contributions. At December 31, 2012, no forfeitures were held by the Plan.

Valuation of Investments — The Plan trustee, Reliance Trust Company (“Reliance”), invests the fund assets in different investment funds. Investments are stated at fair market value based on quoted market prices. Participants share proportionately in the net increases and decreases in the particular fund they have selected.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants — Participants may borrow from their fund accounts a minimum of \$500. The maximum amount of loans outstanding cannot exceed the lesser of one-half of the participant's account balance or \$50,000. Participants may not have more than two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at prime (as stated in the Wall Street Journal the date of the loan) plus 2%. Loans entered into prior to August 1, 2011 bear interest at 7.25%, which the Plan Administrator believed was commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions. Loan terms range from 1 to 5 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans to participants are recorded as distributions based upon the Plan document. During 2012, there were no delinquent loans that were recorded as distributions.

Payment of Benefits — Upon severance from service for retirement, termination of employment, death or disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants' non-vested account balances are applied to reduce employer contributions.

Withdrawals — Hardship withdrawals are available for immediate and heavy financial need up to the amount of before-tax contributions (including any vested employer matched and non-elective employer contributions), but not earnings. Hardship withdrawals can occur at any time.

Plan Expenses — Administrative expenses of the Plan are paid in part by the Plan Administrator and the participants as provided in the Plan document.

2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

The Plan invests in various mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan's investments are stated at fair value. Accounting guidance related to fair value measurements, which establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements (see Note 5). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes gains and losses in investments bought and sold during the year as well as appreciation and depreciation of the investments held at year end.

Benefits are recorded when paid.

Subsequent Events — For the year ended December 31, 2012, subsequent events were evaluated through September 30, 2013, the date the financial statements were available to be issued.

Effective January 1, 2013, the Plan was amended such that participants can no longer make elective contributions into the Plan or borrow from their fund accounts. In addition, all active participants in the Plan became eligible to participate in the Pentair, Inc. Retirement Savings and Stock Incentive Plan (“RSIP”) on January 1, 2013.

In August 2013, it was communicated to all Plan participants that the Plan would be merged into the Pentair, Inc. RSIP effective October 1, 2013.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Frontier Trust Company (from January 1, 2011 through July 31, 2011) and Reliance (from August 1, 2011 through December 31, 2012) maintained all records of investment transactions and determined the valuation of the investment portfolio as trustees of the Plan.

The following is a summary of the unaudited information regarding the Plan as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by the trustees of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that the following investment information is complete and accurate.

	2012	2011
Statements of net assets available for benefits — investments:		
Mutual funds	<u>\$ 1,814,668</u>	<u>\$ 1,480,868</u>
		2012
Statement of changes in net assets available for benefits — investment income:		
Interest		\$ 6,307
Dividends		28,337
Net appreciation of investments		112,710

All investment balances included in Notes 4 and 5, excluding the fair value leveling of the Plan’s investments, and the supplemental schedule.

4. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011, are as follows:

	2012	2011
Investments at fair value:		
Ready Assets Prime Money Fund	\$422,415	\$456,697
Amercent Livestrong 2025 Fund	190,312	135,162
Amercent Livestrong 2035 Fund	173,837	121,150
BlackRock Global Allocation Fund	129,155	83,106
Oppenheimer Global Opportunities Fund	123,971	108,994
BlackRock Capital Appreciation Fund	103,337	92,577
Lord Abbett Fundamental Equity Fund	98,164	73,141

5. FAIR VALUE MEASUREMENTS

The Plan's estimates of fair value for financial assets are based on the framework established in the fair value accounting guidance. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Certain investments are measured at fair value on a recurring basis in the statements of net assets available for benefits. The following methods and assumptions were used to estimate the fair values:

Mutual funds — Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2012:

	Level 1
Mutual funds:	
Asset allocation	\$ 614,998
Money market	422,415
Growth & income	382,938
International	209,399
Equity	104,595
Other	<u>80,323</u>
Total investments at fair value	<u>\$1,814,668</u>

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2011:

	Level 1
Mutual funds:	
Money market	\$ 456,697
Asset allocation	399,840
Growth & income	326,815
International	164,680
Equity	76,719
Other	<u>56,117</u>
Total investments at fair value	<u>\$1,480,868</u>

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate transfers between levels for each investment held in the Plan. For the years ended December 31, 2012 and 2011, there were no transfers between levels.

6. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by ADP. ADP received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.
