Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of plan management, are presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Moody National Bank 401(k) Plan
Notes to Financial Statements
December 31, 2012 and 2011

NOTE A - DESCRIPTION OF PLAN

The following description of Moody National Bank 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan, formed May 1, 2003, covering all full-time employees of Moody National Bank (the Bank) meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Section 401(a) of the Internal Revenue Code.

2. Participation. An employee must complete a minimum of one (1) year of service consisting of at least 1,000 hours worked during the Plan year, and attained the age of 19.

3. Contributions. Employees may elect to contribute up to 75% of their pre-tax compensation pursuant to their salary deferral agreements on file with the Bank's manager of payroll and benefits subject to the maximum dollar limits set by the IRS. The limit for 2012 and 2011 was $17,000 and $16,500, respectively. A participant's compensation taken into account under the plan was limited to $250,000 for 2012 and $245,000 for 2011 as required per IRC Section 404(l). Compensation includes the employees' elective contributions.

   The Bank may make matching contributions based upon employees' elective deferrals at a percentage which the Bank will determine each year.

   Additionally, the Bank, at its discretion, may elect to make annual contributions for all eligible plan participants employed on the last day of the plan year which must be designated as qualified non-elective contributions (profit sharing contributions). These contributions are allocated in the same ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year, subject to certain limitations required for plan qualifications under the Internal Revenue Code.

   For the plan years ended December 31, 2012 and 2011, the Bank elected not to make any matching contributions or profit sharing contributions.

4. Participant Accounts. Accounting records for individual participants are maintained by a third-party record keeper. Each participant's account is credited with the participant's salary deferrals and rollover contributions and allocations of the Bank's contributions and plan earnings and losses. Plan earnings and losses, net of appreciation and depreciation, are allocated as of the last day of each calendar quarter in the same proportion that each participant's and former participant's non-segregated accounts bear to the total of all participant's and former participant's non-segregated accounts as of the last day of each calendar quarter. Participants self direct the allocation of contributions to investment choices offered under the Plan.

5. Administrative Expenses. Administrative expenses including trustee fees are paid directly by the Plan. Expenses incurred to audit the Plan are paid by the Bank.

6. Vesting. Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants' vesting in the Bank's matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes to Financial Statements
December 31, 2012 and 2011

NOTE A - DESCRIPTION OF PLAN (continued)

7. Notes Receivable From Participants . Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. A participant with an account balance of $2,000 or greater may borrow from his or her account an amount not to exceed the lesser of fifty percent (50%) of his or her account balance, or $50,000. Loan terms range from 1 to 5 years. The interest rate for all loans is equal to the prime rate (as printed in the Wall Street Journal) plus 1%. The loans are secured by the balance in the participant's account. Loan repayments are to be made ratably through payroll deductions.

8. Payment of Benefits. The Plan does not allow withdrawals of Bank contributions or earnings thereon by active employees of the Bank. On termination of service due to attaining normal retirement age, disability or death, a participant or his beneficiary may elect to receive an amount equal to the value of his or her account balance in either a single lump-sum or in the form of a joint and survivor annuity. An employee who terminates employment before reaching normal retirement age may elect to receive a distribution of his or her vested account balance net of early distribution penalties.

9. Forfeitures. Forfeited nonvested accounts are first applied to the payment of plan administration expenses. Any remaining forfeitures are used towards matching and profit sharing contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting.
   The financial statements of the Plan are prepared using the accrual method of accounting.

2. Date of Management's Review.
   Subsequent events were evaluated through October 10, 2012, which is the date the financial statements were available to be issued.

3. Estimates.
   The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation.
   As of December 31, 2012 and 2011, the Plan's investments were held and maintained by The Hartford, in a common trust which is regulated, supervised and subject to periodic examination by Federal agencies. Investments in trusted common funds are valued at the net asset value per share computed for each fund. In the computation of net asset values, securities held by the various funds are valued at prices which equal or approximate market value. Cash equivalents are stated at cost which approximates market value.

NOTE C—INVESTMENTS

Investments at fair value as determined by quoted market price representing 5% or more of the Plan's net assets include:

	December 31, 2012
Franklin Templeton Cons Target	207,258
Franklin Templeton Mod Target	69,454
Hartford Capital Appreciation	68,467
Hartford Midcap	77,292
Hartford Money Market HLS	162,446

	December 31, 2011
Franklin Templeton Cons Target	216,978
Hartford Capital Appreciation	56,355
Hartford Money Market HLS	150,971
Hartford Midcap	65,731

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value Measurements Using:	
	Fair Value	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
December 31, 2012			
Mutual funds	$ 1,303,095	$ 1,303,095	$ -
Participant loans	41,218	-	41,218
Total	$ 1,344,313	$ 1,303,095	$ 41,218
December 31, 2011			
Mutual funds	$ 1,082,423	$ 1,082,423	$ -
Participant loans	36,794	-	36,794
Total	$ 1,119,217	$ 1,082,423	$ 36,794

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Moody National Bank 401(k) Plan
Notes to Financial Statements
December 31, 2012 and 2011

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements
Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans
December 31, 2012	
Beginning balance	$ 36,794
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	4,424
Ending balance	$ 41,218

Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	15,651
Ending balance	$ 36,794

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2012 and 2011 are reported in net appreciation in fair value of investments.

NOTE E - PLAN REVISION, AMENDMENT AND TERMINATION

The Bank may amend the Plan as deemed necessary. Although Moody National Bank has not expressed any interest to do so, the Bank has the right to terminate the Plan at any time, subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Bank by letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - RISKS AND UNCERTAINTIES

Participants self direct the allocation of contributions to investment securities offered under the Plan. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2012, employee withholdings totaling $158, were not remitted by the Company to the trustee within the time period as defined by ERISA. These transactions constitute prohibited transactions. The Company remitted the contributions to the trustee in the subsequent year and earnings were credited to the participants' accounts as of the payroll date of December 31, 2012. (see Supplemental Schedule of Delinquent Contributions for the Year Ended December 31, 2012).

Moody National Bank 401(k) Plan
Notes to Financial Statements
December 31, 2012 and 2011

NOTE A - DESCRIPTION OF PLAN

The following description of Moody National Bank 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan, formed May 1, 2003, covering all full-time employees of Moody National Bank (the Bank) meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Section 401(a) of the Internal Revenue Code.

2. Participation. An employee must complete a minimum of one (1) year of service consisting of at least 1,000 hours worked during the Plan year, and attained the age of 19.

3. Contributions. Employees may elect to contribute up to 75% of their pre-tax compensation pursuant to their salary deferral agreements on file with the Bank's manager of payroll and benefits subject to the maximum dollar limits set by the IRS. The limit for 2012 and 2011 was $17,000 and $16,500, respectively. A participant's compensation taken into account under the plan was limited to $250,000 for 2012 and $245,000 for 2011 as required per IRC Section 404(l). Compensation includes the employees' elective contributions.

   The Bank may make matching contributions based upon employees' elective deferrals at a percentage which the Bank will determine each year.

   Additionally, the Bank, at its discretion, may elect to make annual contributions for all eligible plan participants employed on the last day of the plan year which must be designated as qualified non-elective contributions (profit sharing contributions). These contributions are allocated in the same ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year, subject to certain limitations required for plan qualifications under the Internal Revenue Code.

   For the plan years ended December 31, 2012 and 2011, the Bank elected not to make any matching contributions or profit sharing contributions.

4. Participant Accounts. Accounting records for individual participants are maintained by a third-party record keeper. Each participant's account is credited with the participant's salary deferrals and rollover contributions and allocations of the Bank's contributions and plan earnings and losses. Plan earnings and losses, net of appreciation and depreciation, are allocated as of the last day of each calendar quarter in the same proportion that each participant's and former participant's non-segregated accounts bear to the total of all participant's and former participant's non-segregated accounts as of the last day of each calendar quarter. Participants self direct the allocation of contributions to investment choices offered under the Plan.

5. Administrative Expenses. Administrative expenses including trustee fees are paid directly by the Plan. Expenses incurred to audit the Plan are paid by the Bank.

6. Vesting. Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants' vesting in the Bank's matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE A - DESCRIPTION OF PLAN (continued)

7. Notes Receivable From Participants . Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. A participant with an account balance of $2,000 or greater may borrow from his or her account an amount not to exceed the lesser of fifty percent (50%) of his or her account balance, or $50,000. Loan terms range from 1 to 5 years. The interest rate for all loans is equal to the prime rate (as printed in the Wall Street Journal) plus 1%. The loans are secured by the balance in the participant's account. Loan repayments are to be made ratably through payroll deductions.

8. Payment of Benefits. The Plan does not allow withdrawals of Bank contributions or earnings thereon by active employees of the Bank. On termination of service due to attaining normal retirement age, disability or death, a participant or his beneficiary may elect to receive an amount equal to the value of his or her account balance in either a single lump-sum or in the form of a joint and survivor annuity. An employee who terminates employment before reaching normal retirement age may elect to receive a distribution of his or her vested account balance net of early distribution penalties.

9. Forfeitures. Forfeited nonvested accounts are first applied to the payment of plan administration expenses. Any remaining forfeitures are used towards matching and profit sharing contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting.
   The financial statements of the Plan are prepared using the accrual method of accounting.

2. Date of Management's Review.
   Subsequent events were evaluated through October 10, 2012, which is the date the financial statements were available to be issued.

3. Estimates.
   The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation.
   As of December 31, 2012 and 2011, the Plan's investments were held and maintained by The Hartford, in a common trust which is regulated, supervised and subject to periodic examination by Federal agencies. Investments in trusted common funds are valued at the net asset value per share computed for each fund. In the computation of net asset values, securities held by the various funds are valued at prices which equal or approximate market value. Cash equivalents are stated at cost which approximates market value.

NOTE C—INVESTMENTS

Investments at fair value as determined by quoted market price representing 5% or more of the Plan's net assets include:

	December 31, 2012
Franklin Templeton Cons Target	207,258
Franklin Templeton Mod Target	69,454
Hartford Capital Appreciation	68,467
Hartford Midcap	77,292

Franklin Templeton Cons Target	216,978
Hartford Capital Appreciation	56,355
Hartford Money Market HLS	150,971

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value Measurements Using:	
	Fair Value	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
December 31, 2012			
Mutual funds	$ 1,303,095	$ 1,303,095	$ -
Participant loans	41,218	-	41,218
Total	$ 1,344,313	$ 1,303,095	$ 41,218
December 31, 2011			
Mutual funds	$ 1,082,423	$ 1,082,423	$ -
Participant loans	36,794	-	36,794
Total	$ 1,119,217	$ 1,082,423	$ 36,794

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Notes to Financial Statements
December 31, 2012 and 2011

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements
Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans

NOTE E - PLAN REVISION, AMENDMENT AND TERMINATION

The Bank may amend the Plan as deemed necessary. Although Moody National Bank has not expressed any interest to do so, the Bank has the right to terminate the Plan at any time, subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Bank by letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - RISKS AND UNCERTAINTIES

Participants self direct the allocation of contributions to investment securities offered under the Plan. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2012, employee withholdings totaling $158, were not remitted by the Company to the trustee within the time period as defined by ERISA. These transactions constitute prohibited transactions. The Company remitted the contributions to the trustee in the subsequent year and earnings were credited to the participants' accounts as of the payroll date of December 31, 2012. (see Supplemental Schedule of Delinquent Contributions for the Year Ended December 31, 2012).

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Massachusetts Mutual Life Insurance Company: EIN 04-1590850

MassMutual Retirement Services, LLC (formerly Hartford Retirement Services, LLC): EIN 26-1589907

Hartford Life Insurance Company: EIN 06-0974148

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

*****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$3.60**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1285% for 2012) earned on the bank accounts and investments associated with the short-term investment pool for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[*] This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that, for 2012, affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus and receive management fees in the following amounts:

Hartford Capital Appreciation HLS IB	0.63% x assets
Hartford High Yield HLS IB	0.69% x assets
Hartford MidCap HLS IB	0.68% x assets
