Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To The Board of Trustees
Group Retirement Plan for Employees of Dexter
Shoe Company and Pan Am Shoe Company:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of the Group Retirement Plan for Employees of Dexter Shoe Company and Pan Am Shoe Company, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments as described in Note 3, which were certified by The Bank of New York Mellon, the trustee of the plan, for the years ended December 31, 2012 and 2011, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of reportable transactions for the year ended December 31, 2012 and assets (held at end of year) as of December 31, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE 1: DESCRIPTION OF PLAN

The following description of the Group Retirement Plan for Employees of Dexter Shoe Company and Pan Am Shoe Company (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit sponsored by Dexter Shoe Company and Pan Am Shoe Company (the Companies) covering substantially all employees of the Companies and an affiliated company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Under the terms of the Plan, participants with vested benefits less than \$1,000 will automatically receive a lump sum distribution equal to their actuarially calculated benefit. Participants with vested benefits of at least \$1,000 but less than \$5,000 may elect to receive a lump sum distribution equal to their actuarially calculated benefit.

Participants who did not elect to receive a lump sum distribution, as noted above, or with vested benefits of at least \$5,000, are eligible for benefits upon reaching the normal retirement age of 65. Participants may elect to receive reduced benefits upon reaching the early retirement age of 55 with five years of service. Benefits are computed based on compensation and years of service. Payment options under the Plan are a single life annuity, a joint and survivor annuity or a lump sum payment. Except as noted in the previous paragraph, lump sum benefits may be payable at or after age 65 to participants who elect to receive the actuarial equivalent of their pension benefits in cash instead of monthly payments for life.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America. As such, contributions and income are recorded when earned and benefit payments are recorded upon distribution.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

Expenses paid directly from plan assets include administrative, investment and professional fees. Certain administrative expenses are paid by the Company. Expenses paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Towers Watson and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2012 and 2011 were (a) life expectancy of participants (the RP 2000 Combined Mortality Table was used), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The 2012 and 2011 valuations included assumed average rates of return of 6.25%. The foregoing actuarial assumptions are based on the presumption that the plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Events that occur after December 31, 2012, the financial statement date, but before the financial statements were available to be issued must be evaluated for recognition or disclosure. Subsequent events that provide evidence about conditions that existed at the financial statement date are required to be recognized in the accompanying financial statements. Subsequent events that provide evidence about conditions that existed after the financial statement date require disclosure in the accompanying notes. Management evaluated the activity of the Plan through July 31, 2013, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 3: INVESTMENTS

The Plan's investments are held in a trust administered by The Bank of New York Mellon. The investment transactions, investment income, schedule of reportable transactions and schedule of assets held were certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment accounts are credited with actual earnings on the investments and charged for plan withdrawals and administrative expenses.

The following presents the investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2012</u>	<u>2011</u>

	<u>\$8,732,759</u>	<u>\$ 1,082,320</u>

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common Stocks: Common Stocks are valued at the closing price reported in the active market in which the individual securities are traded and are, therefore, classified as Level 1 assets.

U.S. Government Securities: In general, U.S. Government Securities are valued at the closing price reported in the active market in which the individual securities are traded and are, therefore, classified as Level 1 assets. Fannie Mae and Freddie Mac Pools are valued at estimated fair values by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and, therefore, are classified as Level 2 assets.

Mutual Funds and Money Market Funds: Mutual and Money Market Funds are valued at the closing price of the net asset value (NAV) of shares held by the plan at year end as reported in the active market in which they are traded and, therefore, are classified as Level 1 assets.

Corporate Debt Instrument: Certain Corporate Debt Instruments are valued at the closing price reported in the active market in which the bond is traded and, therefore, are classified as level 1 assets. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued at a discounted cash flows approach that maximizes observable inputs, such as current yield of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks and, therefore, are classified as Level 2 assets. Corporate Debt Instruments that are valued through unobservable inputs that are supported by little or no market activity are classified as Level 3 assets.

Municipal Bonds: Municipal Bonds that are valued at estimated fair values by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and, therefore, are classified as Level 2 assets.

The following tables sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012 and 2011.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following presents the change in value of the Level 3 investment asset noted above during the year ended December 31:

	<u>2012</u>	<u>2011</u>
Beginning Balance	\$ 37,700	\$ 37,700
Realized Gains (Losses)	-	-
Unrealized Gains (Losses)	-	-
Purchases, Sales, Issuances and Settlements (net)	<u>-</u>	<u>-</u>
Ending balance	<u>\$ 37,700</u>	<u>\$ 37,700</u>

Because there is no readily available market for the Level 3 asset noted above, the fair value of the asset is determined to be the same as the purchase price which equaled fair value on the date of purchase.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no significant transfers between levels during the years ended December 31, 2012 and 2011.

NOTE 5: ADMINISTRATIVE AND OTHER EXPENSES

Administrative and other expenses are comprised of the following:

	<u>2012</u>	<u>2011</u>
Administrative and Investment Expenses	\$ 57,603	\$ 57,215
Accounting and Actuarial Fees	50,141	84,130
PBGC Premiums	<u>43,890</u>	<u>29,330</u>
	<u>\$151,634</u>	<u>\$170,675</u>

NOTE 6: FUNDING POLICY

The Companies' funding policy is to contribute an amount equal to the minimum required employer contribution as required by ERISA. Under the funding rules, the contribution cannot be more than the amount by which the Plan's actuarial accrued liability exceeds plan assets. As such, the maximum allowable contribution has been limited to \$0 for the years ended December 31, 2012 and 2011.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 7: PLAN TERMINATION

In the event the plan terminates, the net assets of the plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employer contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- c. Other vested benefits insured by the Pension Benefit Guarantee Corporation (PBGC), a US government agency, up to the applicable limitations (discussed in the following paragraphs).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the plan's net assets to provide accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 8: RELATED PARTY TRANSACTIONS

Certain administrative expenses are paid to The Bank of New York Mellon, the trustee of the Plan, and, therefore these transactions qualify as party-in-interest transactions. Administrative expenses totaling approximately \$50,000 and \$75,000 were paid to The Bank of New York Mellon during the years ended December 31, 2012 and 2011, respectively.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 8: RELATED PARTY TRANSACTIONS (Continued)

Included in accounts payable at December 31, 2012, is \$12,500 due to The Bank of New York Mellon for administrative expenses incurred in 2012 but paid in 2013. Included in accounts payable at December 31, 2011, is \$12,500 due to The Bank of New York Mellon for administrative expenses incurred in 2011 but paid in 2012.

NOTE 9: FROZEN PLAN

The Plan has been frozen effective January 1, 2002. Accordingly, no further benefits accrue on behalf of any participant in the plan and no employee may become a participant. Any employee who was a participant in the plan on January 1, 2002 became 100% vested and has a nonforfeitable right to his or her accrued benefit.

NOTE 10: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of the accumulated plan benefits was calculated by the actuary using the following assumptions:

Assumed Investment Return Rate	6.25%
Mortality Basis	RP-2000 Mortality Tables
Employee Turnover	Termination rates from tables chosen by actuary No new or rehired employees
Retirement	Age 65
Asset Valuation	Market Value
Average Salary Increase	Not applicable for 2012 or 2011 since plan benefits are frozen

Calculations of the present value of accumulated benefits and changes in present value of accumulated plan benefits under the plan and calculations of the actuarially determined prior service liability were made as of January 1, 2012. These calculations were made by consulting actuaries Towers Watson.

Vested Benefits:

Participating Employees	\$ 2,101,918
Participants with deferred benefits	6,737,014
Participants Currently Receiving Payments	<u>6,561,024</u>
Total Vested Accumulated Benefits	15,399,956

Changes in actuarial present value of accumulated plan benefits are summarized as follows:

Actuarial Present Value of Accumulated Plan Benefits as of January 1, 2011	<u>\$15,400,809</u>
Increase (Decrease) during the year attributable to:	
Additional Benefits Accumulated (including the effect of non-investment experience)	-

Decrease in the Discount Period	937,050
Actual Benefits Paid	(816,015)
Plan Amendment	-
Change of Assumptions	<u>-</u>
Net change	<u>(853)</u>
Actuarial Present Value of Accumulated Plan Benefits as of January 1, 2012	<u>\$15,399,956</u>

NOTE 11: TAX STATUS

The Plan is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the Plan's net investment income is exempt from income taxes. The plan has obtained a favorable tax determination letter from the Internal Revenue Service (IRS) dated July 15, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the letter. However, the plan sponsor believes that the plan is designed and is currently operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
(Continued)
DECEMBER 31, 2012 AND 2011

NOTE 12: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Contributions are made and the actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 13: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

Plan

Group Retirement Plan for Employees of Dexter Shoe Company and Pan Am Shoe Company

Effective date and most recent amendment

July 1, 1966; most recently restated effective January 1, 2007. The latest plan amendment reflected herein is effective November 1, 2009.

Plan year

The twelve-month period ending December 31.

Coverage and participation

All employees of Dexter Shoe Company and (effective January 1, 1995) all employees of Pan Am Shoe Company. The plan was amended to freeze benefits and participation after January 1, 2002.

The July 1 or January 1, coincident with or immediately following the date on which an employee first completes a year of eligibility service in which he is credited with at least 1,000 hours of service. An employee's first year of eligibility service is the 12-month period commencing on the date on which he is credited with an hour of service. Years of eligibility service subsequent to an employee's first year of eligibility service are determined on a calendar basis.

Effective January 1, 1995 all Pan Am Company employees who have completed one year of eligibility service shall become a participant in the plan.

Credited service

Years of employment with employer from date of employment to date of termination. If a member terminates and is rehired, all prior accrued Benefit Service shall be reinstated. A participant whose employment terminates between September 17, 2001 and December 31, 2001, will have a date of termination of December 31, 2001. After December 31, 2001, there are no additional years of Benefit Service.

Vesting service

One year for each 1,000-hour calendar year.

Final average compensation/salary

The average of the highest ten consecutive calendar years of Pensionable Pay. Pensionable Pay for Average Earnings will cease after December 31, 2001.

Normal retirement benefit

Normal Retirement Date: First of month immediately following the participant's 65th birthday

Benefit Formula:

For employees of Dexter Shoe Company, one-twelfth times:

28% of Average Earnings up to Covered Compensation plus 43% of Average Earnings in excess of Covered Compensation, except that such benefit shall be prorated if a member has less than 25 years of Benefit Service. Dexter Shoe Company employees terminating on or after July 1, 1993 will receive a minimum monthly life annuity of \$41.67 payable at their Normal Retirement Date before adjusting for their actual retirement date and optional form of payment, if applicable.

For employees of Pan Am Shoe Company, one-twelfth times:

24% of Average Earnings up to Covered Compensation plus 43% of Average Earnings in excess of Covered Compensation, except that such benefit shall be prorated if a member has less than 25 years of Benefit Service.

SCHEDULE SB ATTACHMENTS

Late retirement

The greater of the Monthly Retirement Benefit determined as of actual retirement date or the benefit payable at Normal Retirement increased 5% per year for each year of service worked after age 65.

Accrued benefits

As of any date up to a member's Normal Retirement Date, the projected Monthly Normal Retirement Benefit based on Average Earnings as of the date of benefit determination and Benefit Service as if the member remained employed to Normal Retirement Date (to a maximum of 25 years), multiplied by the ratio of (a) years of Benefit Service as of the date of benefit determination to (b) the potential years of Benefit Service to Normal Retirement Date, not considering the 25 year limit.

Early retirement benefit

Eligibility: Retirement before Normal Retirement Date on or after both attaining age 55 and completing five years of Vesting Service.

Benefit: Monthly Accrued Retirement Benefit determined as of early retirement date, reduced 1/180 for each of the first 60 months and by 1/360 for each additional month that commencement of payments precedes the participant's Normal Retirement Date. Employees who retired under the 1999 open window program, which was available to employees at least age 58 whose age plus service exceeded 80, received an additional 5 years of age and 5 years of service for purposes of their benefit determination.

Vested benefits upon termination of service

Vesting: Terminate for reasons other than death or retirement after completing five years of Vesting Service. However, after September 17, 2001 all participants are 100% vested.

Termination Benefit: Monthly Accrued Retirement Benefit determined as of termination date, reduced by 1/180 for each of the first 60 months and by 1/360 for each additional month that commencement of payments precedes the participant's Normal Retirement Date.

Any employee of Pan Am Shoe whose employment terminated on or after September 17, 2001 shall receive an additional immediately payable lump sum benefit based on years of service, rate of pay and a multiplier ranging from 1 to 2.

Death benefits for participants in active service

In the event of the death of an active member who is eligible to retire early, the member's spouse will receive the monthly benefit which would have been received if the member had retired early on the first of the month in which death occurred and benefits had commenced under the 50% joint and survivor form of pension payment. If an active member dies before eligibility for early retirement but after completing five years of Vesting Service, the member's eligible spouse will receive a monthly benefit for life equal to 50% of the member's Monthly Accrued Retirement Benefit at the date of death with reductions for early commencement and conversion to the 50% joint and survivor form of payment (payments may not commence prior to the date the member would have been eligible to retire early).

In the event of the death of a vested former member before payments begin, the member's spouse will receive a benefit if the surviving spouse coverage was in effect. The member's benefit will be reduced to reflect the period of time the surviving spouse coverage was in effect after January 1, 1986. The amount of surviving spouse's benefit will be one-half of the amount the former member would have received had he retired under the 50% joint and survivor annuity form of payment on the later of his Early Retirement Date or date of death (payments may not commence prior to the date the member would have been eligible to retire early).

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50%, 75% or 100% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Actuarial equivalence for the participant's mortality is based on a 6% interest rate and the Unisex 1984 Mortality Table set forward by one year. In Addition, actuarial equivalence for the beneficiary mortality is based on a 6% interest rate and the Unisex 1984 Mortality Table set back by four years. Lump sum distributions are allowed.

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.
