Dots Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Dots Savings and Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of Dots LLC (the “Company” or “Employer”). All employees who complete at least one month of service (as defined in the Plan document) and attain twenty-one years of age are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration

Fidelity Management Trust Company (Fidelity) is the trustee and record keeper of the Plan.

Contributions

The Plan allows participants to contribute the lesser of sixty percent (60%) of their pre-tax annual compensation, as defined in the Plan, or the maximum allowed by the Internal Revenue Code (IRC). Participants may also make rollover contributions from other qualified plans. The Company makes a matching contribution equal to twenty percent (20%) of the first six percent (6%) of a participant’s contribution. Participants direct the allocation of their contributions, as well as the Company’s matching contributions, among the investment options available under the Plan. Additional amounts may be contributed by the Company at the discretion of the Company’s Board of Managers. Contributions are subject to certain limitations as defined by the IRC. The Plan also allows participants to designate a portion or all of their deferral contributions as Roth deferral contributions made to the Plan after-taxes.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching and discretionary contributions plus actual earnings thereon occurs on a graduated scale based on years of continuous service (as defined by the Plan) as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Upon completion of 2 years	20%
Upon completion of 3 years	50%
Upon completion of 4 years	75%
5 years or more	100%

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

Investment Options

Participant and Company contributions are invested at the election of the participants in funds maintained by the Plan's trustee. Participants may elect to have contributions allocated between funds.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the vested balance is \$1,000 or less, the funds are automatically cashed out. Participants may also withdraw amounts from their accounts under certain "hardship" conditions as defined in the Plan document.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance under the Plan. Loan repayment periods are not to exceed five years, unless the loan is for the purchase of a primary residence, in which case the repayment period cannot exceed ten years. Loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime lending rate plus one percent (1%) at the time the loan is made. The interest rates on loans outstanding as of December 31, 2012 and 2011, range from 4.25% to 6.00%.

Forfeitures

Forfeited non-vested accounts are used to reduce future Company contributions. For the years ended December 31, 2012 and 2011, \$17,782 and \$21,138, respectively, were used to reduce Company contributions. At December 31, 2012 and 2011, there were \$354 and \$4,977, respectively, of unused forfeited non-vested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain plan expenses including the recordkeeping and trustee fees are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued.

	<u>\$ 8,832,826</u>	<u>\$ 7,674,964</u>

During the years ended December 31, 2012 and 2011, the Plan's investments in registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$753,446 and \$(387,869), respectively.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Dots Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market fund: Valued at the reported statement balance as of the last day of the Plan year. The statement balance reflects the net asset value (NAV) at that date. The fund seeks to preserve the value of the investment at \$1.00 per share.

Registered investment companies: Valued at the quoted NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012

NOTE E – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants shown in the Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2012 and 2011.
- Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2012.

The Plan's independent accountants did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F – TAX STATUS

The Plan is a Fidelity prototype plan. Fidelity received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the provisions of Section 401 of the IRC. Although the Plan has been amended since the opinion letter, plan management believes that the plan is designed and is currently being operated in compliance, in all material respects, with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE G – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in the form of registered investment companies and a money market fund. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Dots Savings and Retirement Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a money market fund that are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under Section 408 of ERISA.
