## Independent Auditor's Report

To the Trustees of Lyon Management Group, Inc. 401(k) Plan

**Report on the Financial Statements**
We were engaged to audit the accompanying financial statements of Lyon Management Group, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

**Basis for Disclaimer of Opinion**
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

**Disclaimer of Opinion**
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter**
The supplemental schedule of assets (held at end of year) as of December 31, 2012 and schedule of delinquent participant contributions for the year ended December 31, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

**Report on Form and Content in Compliance with DOL Rules and Regulations**
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## 1. Description of Plan

The following description of Lyon Management Group, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Employees, who have completed three months of service and attained age 18, become eligible to participate on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

### Contributions

Participants may contribute a portion of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution related to the participant's salary deferral, as determined by the Company's Board of Directors. Participants are eligible for a matching contribution if they are employed on December 31 and completed 1000 hours of service. For 2012, the Company made no employer matching contribution. Contributions are subject to certain limitations.

### Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and an allocation of Plan earnings and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Participant-Directed Investments

Upon enrollment in the Plan, a participant directs the investment of his or her account balance to the investment funds offered under John Hancock Life Insurance Company (U.S.A.) ("John Hancock") group annuity contract, which have various investment objectives and risks. The contract offers pooled separate accounts which are segregated from other assets of John Hancock as required by law and represent sub-accounts that invest in mutual funds managed by unaffiliated mutual fund companies, mutual funds managed by John Hancock Investment Management Services, LLC and sub-advised by MFC Global Investment Management or unaffiliated third parties, or collective investment trusts managed by John Hancock Life Insurance Company.

## 1. Description of Plan (continued)

### Payment of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive a lump-sum distribution in an amount equivalent to their vested account balance. In-service withdrawals are permitted under certain circumstances.

### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings. Vesting in the Company's matching contribution and related earnings is based on years of service. Participants vest 20 percent upon completion of the first year of credited service, and 20 percent each year of service thereafter; thus becoming 100 percent vested after five years of credited service. Participant accounts are deemed 100 percent vested upon death, disability or attaining age 62.

### Forfeited Accounts

The nonvested portion of terminated participants' accounts is deemed forfeited upon the participant separating from service. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $5,137 and $4,135, respectively. These accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. In 2012, the Plan paid administrative expenses totaling $6,174 from forfeited nonvested accounts.

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within 5 years, except in the case of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 4.25 percent to 5.50 percent. Principal and interest are normally paid ratably through payroll deductions.

### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive

**2. Summary of Significant Accounting Policies (continued)**

**Basis of Accounting (continued)**

investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the Plan's investments as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. In 2012, management determined that the John Hancock Stable Value Fund investment is a fully benefit-responsive investment contract and accordingly has restated the prior year statement of net assets available for benefits to reflect this change.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and defines fair value as the price that would be received to sell an asset (i.e. exit price) in an orderly transaction between market participants as of the valuation date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1 Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

The investment asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 2. Summary of Significant Accounting Policies (continued)

### Investment Valuation and Income Recognition (continued)

The valuation methodology used for the Plan's investments in pooled separate accounts measured at fair value is that they are valued at the unit value as reported by the investment manager, based on the market value of the underlying investments of the accounts, which are valued by using the net asset value ("NAV") per share as provided by the respective registered investment companies or collective investment trust, as adjusted. There have been no changes in the methodology used at December 31, 2012 and 2011.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of investment return for such investments.

### Notes Receivable from Participants

Notes receivable from participants related to participant loans are stated at the unpaid principal balance. Interest income associated with the notes receivable are recorded when interest payments are received, usually every two weeks. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### Payment of Benefits

Benefits are recorded when paid or upon distribution.

### Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## 2. Summary of Significant Accounting Policies (continued)

**Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2013, which is the date the financial statements were available to be issued.

## 3. Financial Information Certified by Custodian

The following is a summary of financial information as reflected in the Plan financial statements as certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, as of December 31, 2012 and 2011, and for the year ended December 31, 2012, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments that represent 5 percent or more of the Plan's net assets at either year-end are separately identified.

## 5. Stable Value Fund

The Plan's investment in the John Hancock Stable Value Fund is an investment option within the group annuity contract. The John Hancock Stable Value Fund sub-account invests into the John Hancock Stable Value Fund Collective Investment Trust which is generally fully benefit responsive. The Stable Value Fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in insurance company group annuity

**5. Stable Value Fund (continued)**

contracts which include a diversified portfolio of fixed-income investments and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market rate, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly or quarterly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less that 0%. Periodic resets of the crediting rate may be affected by, among other things, changes in the market value and earnings of assets, expenses incurred, timing and amount of cash in-flows and withdrawals, and terms and conditions of relevant benefit responsive contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Stable Value Fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following; mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

In addition, a breach of material obligation under a stability agreement could cause John Hancock or the stability provider to terminate the contract. Most stabilizing agreements also may be terminated by the stability provider due to adverse changes in applicable laws, regulations or accounting treatment. Replacement stabilizing agreements may not be available and participants may experience losses if the market value of the separate account assets no longer covered by the stabilizing agreement is below contract value.

At December 31, 2012, the Plan Sponsor believes the occurrence of an event that would limit the ability of the Stable Value Fund to transact at contract value with the participants in the fund is not probable.

## 5. Stable Value Fund (continued)

The average yields earned by the John Hancock Stable Value Fund are as follows:

| | 2012 | 2011 |
|---|---|---|
| Based on actual earnings | 2.62% | 1.97% |
| Based on interest rate credited to participants | 1.65% | 3.02% |

## 6. Income Tax Status

The Plan currently conforms to a volume submitter 401(k) profit sharing plan, which has received an Internal Revenue Service favorable opinion letter. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC, and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## 8. Reconciliation of Financial Statements to Form 5500

Inasmuch as John Hancock is not filing Form 5500 as a Direct Filing Entity, the pooled separate accounts at December 31, 2012 and 2011, reflected in the financial statements have been reclassified in the Form 5500 financial statement under general investments as interest in registered investment companies.

## 8. Reconciliation of Financial Statements to Form 5500 (continued)

In addition, the Form 5500 reflects participant loans as an investment; however, the financial statements reflect participant loans as notes receivable from participants.

## 9. Delinquent Participant Contributions

During 2012, the Company failed to remit two payroll's employee participant contributions and loan repayments in a timely manner. The Plan has calculated "lost earnings" on the participant contributions and loan repayments through the actual deposit date to the Plan assuming an appropriate interest rate for the applicable year. The Company remitted $416 of lost earnings to the Plan in 2013 which was allocated to the respective participants. These delinquent participant contributions qualify as prohibited transactions and have been reported in the supplemental schedule of delinquent participant contributions.
