INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS OF
ELMA ELECTRONIC, INC. SAVINGS PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ELMA ELECTRONIC, INC. SAVINGS PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ELMA ELECTRONIC, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the ELMA ELECTRONIC, INC. SAVINGS PLAN (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General – The Plan was established on July 1, 1997 by ELMA Electronic, Inc., the Plan Sponsor (the "Company"). The Plan is a defined contribution plan covering all employees of Elma Electronic, Inc., Elma Bustronic Corp., and Optima EPS Corp., who have completed six months of service, are age 21 or older, and are not subject to a collective bargaining agreement, a leased employee, or a nonresident alien who receives no U.S. sourced income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain requirements of the Internal Revenue Code ("IRC"), as amended.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may voluntarily contribute up to 50% of pre-tax annual compensation, as defined in the Plan document, limited to maximum contributions of $17,000 for the year ended December 31, 2012. Participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan may make a catch-up contribution of up to $5,500 for 2012. Participants may also rollover distributions from other qualified retirement plans.

Once an employee satisfies the eligibility requirements and if he or she does not make a deferral election, the employee will be automatically enrolled in the Plan. Unless the employee elects otherwise, the Plan sponsor will automatically withhold 3% of the employee's eligible compensation and that amount shall be deemed the employee's deferral election. For employees who are automatically enrolled in the Plan, the deferral percentage will be automatically increased by 1% until the deferral percentage reaches 6%.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make a discretionary matching contribution based on a formula or specific amount as determined by the Company. For 2012, the Company's matching contributions were calculated based on 100% of the participant's deferral contribution up to 6% of eligible compensation if the participant had reached 5 years of service or 55 years of age. If the participant did not meet either of these requirements, the Company's matching contributions were based on 50% of the participant's deferral contribution up to 6% of the participant's eligible compensation. The matching contributions are subject to limitations imposed by applicable provisions of the IRC.

The Company may also make discretionary profit sharing contributions, referred to as Retirement Security Contributions ("RSC") based on provisions in the Plan document. Participants may qualify to receive an allocation of the RSC upon satisfying the eligibility requirements as described in the Plan document. For the year ended December 31, 2012, the RSC was calculated based on 4% of the participant's eligible annual compensation, with a total amount of $397,079.

Participant Accounts – Each participant's account is credited with the participant's contributions and employer matching contributions and allocations of (a) the Company's discretionary profit sharing contributions (b) Plan investment earnings or losses and (c) administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan document. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

However, if a participant reaches the age of 55 prior to termination of employment, disability or death, the participant is fully vested in both the Company's matching and profit sharing contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts among the funds available through Charles Schwab Bank ("Charles Schwab"), the trustee of the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with the local prevailing rates at the date of loan as determined by the Plan administrator. Loan terms range from one to five years unless used for the purchase of a primary residence. Principal and interest are paid through semi-monthly payroll deductions. At December 31, 2012, outstanding loans had maturity dates between March 2013 and July 2021 and interest rates ranging from 4.25% to 7.00%. Any outstanding loans will become due and payable upon termination of employment or death.

Payment of Benefits – Upon termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and a direct rollover distribution equal to the value of the participant's vested interest in his or her account. Participants may withdraw up to 100% of their contributions and up to 100% of their vested employer matching contributions for certain financial hardships. Participants may withdraw their entire account balance upon attaining the age of 59½. Participant accounts are payable at age 65 or upon disability, death, or termination of employment with the Company. Participants may elect among various forms of benefit payments; however, if the value of the participant's account is less than $1,000, the payment will be made in a lump-sum distribution upon completion of required Plan documentation.

Forfeited Accounts – Any portion of a terminated employee's account that is not vested is forfeited. The forfeited amounts will be used to reduce future employer contributions. The total of forfeited amounts was $16,392 and $36,504 at December 31, 2012 and 2011, respectively. For the year ended December 31, 2012, $17,963 of forfeited nonvested amounts was used to reduce the Company's contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Recent Accounting Pronouncements – In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. Generally Accepted Accounting Principles* ("GAAP") *and International Financial Reporting Standards* ("IFRSs"). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle or requirement for measuring fair value. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The Plan adopted this standard prospectively for the year ended December 31, 2012. The adoption of this standard did not have an effect on the Plan's net assets available for benefits, its changes in net assets available for benefits and related disclosures. There were no changes in valuation techniques and related inputs resulting from the adoption of ASU 2011-04.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payments of Benefits – Benefits are recorded when paid.

Subsequent Events – Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under this topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. The common collective trust funds can be redeemed on a daily basis and none of the funds, except for Morley Stable Value Fund, are subject to withdrawals limitations. See Note 5 for withdrawal limitations for Morley Stable Value Fund.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN (Continued)

The following is a summary of information certified by Charles Schwab for the year ended December 31, 2012:

Net Appreciation in Fair Value of:	
Mutual Funds	$ 2,330,319
Collective Trust Fund	98,637
Total Net Appreciation	2,428,956
Interest and Dividend Income, Mutual Funds	814,070
Net Investment Income	$ 3,243,026
Interest Income on Notes Receivable from Participants	$ 39,698

NOTE 5 – INVESTMENT CONTRACTS

Union Bond & Trust Company Morley Stable Value Fund – Effective March 2, 2012, the Plan holds a beneficial ownership of the Union Bond & Trust Company Morley Stable Value Fund (the "Morley Fund") which invests in conventional guaranteed investment contracts ("GICs") issued by insurance companies and synthetic investment contracts or wrap contracts issued by insurance companies or banks.

Except in the case of unusual market conditions, as defined below, withdrawals from the Morley Fund will be settled on a next business day to satisfy benefit payments including participant loans and to permit investment elections by participants. In the case of unusual market conditions, withdrawals for the purposes described above will be paid not later than 30 days following Union Bond & Trust Company's ("UBT") receipt of notice of the withdrawal. Withdrawals for all other purposes will be paid within one year of UBT's receipt of notice of such withdrawal. As used herein, unusual market conditions mean periods during which the Morley Fund experiences an extraordinary amount of withdrawal activity exceeding its immediately available liquid assets or periods during which volatile conditions in financial markets make it necessary, in UBT's judgment, to delay payments in order to ensure, to the extent possible, equitable treatment for all unit holders in the Morley Fund.

NOTE 5 – INVESTMENT CONTRACTS (Continued)

As described in Note 2, because investments in the Morley Fund are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Charles Schwab Stable Value Fund – The Plan held a beneficial ownership of the Charles Schwab Stable Value Fund (the "Charles Schwab Fund") through March 2, 2012, which invested in a guaranteed investment contract issued by a bank. The guaranteed investment contract consisted of investments in underlying securities with wrap contracts under which a third party guarantees benefit-responsive withdrawals by plan participants at contract value. In a wrap contract, the underlying investments were owned by the Charles Schwab Fund and held in trust for plan participants.

The Charles Schwab Fund was terminated effective as of April 30, 2012. The Plan's investment in the Schwab Fund was terminated on March 2, 2012. The Morley Stable Value Fund was offered to participants as a replacement fund.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of common collective trust managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for the investments management services are netted against net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – INCOME TAX STATUS

The Company adopted a Prototype Plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated May 23, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed for a determination letter. The Plan has been amended since the date of the opinion letter, however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and continues to be tax-exempt. Accordingly, no provisions for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 9 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuation of the trust agreement.
