INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of
Stress Engineering Services, Inc. Employees 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Stress Engineering Services, Inc. Employees 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Stress Engineering Services, Inc. Employees 401(k) Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

STRESS ENGINEERING SERVICES, INC. EMPLOYEES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Stress Engineering Services, Inc. Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, except commission only employees, of Stress Engineering Services, Inc. and affiliated entities, Stress Offshore, Inc. and Stress Subsea, Inc. (collectively the "Company"). Effective January 1, 2012, commission only employees classified as Stress Exclusive Consulting Personnel became eligible employees of the Plan. Full and part-time employees are eligible to participate in the Plan upon the attainment of age 21. Part-time employees must also complete 1,000 hours of service in a plan year to be eligible to participate. Eligible employees may enter the Plan on the first day following satisfaction of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral and Roth contributions to the Plan, subject to limits provided under the Internal Revenue Code (IRC) and a minimum of 1%. Roth contributions are after-tax contributions recorded to a separate Roth account in the participant's account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to the Plan after meeting the Plan's eligibility requirements. The Company may make discretionary matching and nonelective contributions. Participants must be eligible to participate in the Plan to receive employer contributions. In 2012, the Company made discretionary nonelective contributions of $1,180,718, to be allocated among the participants' accounts. There were no discretionary matching contributions. The Plan is participant directed. Participants may change their contribution rates and investment options at any time.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with Plan administrative expenses. Allocations are based on the participant's eligible compensation or investment account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their deferral, Roth, and rollover contributions, and the appreciation or depreciation thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant must complete 1,000 hours of service during a plan year to qualify for a year of service and count toward vesting. Years of service with ERA Technology Inc. and Mohr also count toward vesting for participants who transfer to the Plan. Participants are 20% vested after one year of service and vest an additional 20% each year, becoming 100% vested after five years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

When certain terminations of participation occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are retained in the Plan and can be used to reduce Company contributions or pay the Plan's administrative expenses. The forfeitures balance at December 31, 2012 and 2011 was $4,367 and $6,792, respectively. There were no forfeitures used to reduce Company contributions or pay administrative expenses during 2012.

Payment of Benefits

A participant shall become immediately vested upon death, retirement, or disability. Normal retirement age under the Plan is 65. Participants who have attained age 59½ or are experiencing a financial hardship may receive an in-service distribution. Upon termination, participants with a vested account balance in excess of $1,000 may receive a distribution in a lump-sum or an annuity payment, and participants with a vested account balance less than $1,000 will receive a distribution in a lump-sum payment.

Notes Receivable from Participants

Plan participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000, reduced by the highest balance of loans of the participant during the one-year period ending on the day before the loan is made, or 50% of their vested account balance in the Plan, excluding Roth contributions and related earnings. Notes are repaid in level installments through payroll deductions for periods ranging up to five years, except for the purchase of a primary residence, which is capped at twenty years. The notes bear interest at prime plus 1% at the time of the note and are secured by the participant's vested account balance to the extent of the principal amount of the note plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. At December 31, 2012 and 2011, no allowance was considered necessary by management.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to withdrawals and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Federal Income Taxes

The Plan obtained its latest determination letter on April 27, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012 and determined that it did not have an effect on net assets available for benefits or changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011 are separately identified below:

Identity of Party Involved	Description	2012	2011
Mutual Funds:			
American Funds	EuroPacific Growth	$ 6,232,575	$5,542,578
	Growth Fund of America	10,620,198	9,195,557
	Washington Mutual Investors	8,164,954	6,913,432
Franklin Templeton	U.S. Government Securities	3,122,704	
PIMCO	Total Return	3,449,646	
Prudential Investments	Jennison Small Company	3,442,052	2,848,839
Money Market Funds:			
Charles Schwab Investment Management, Inc.	Government Money Market	4,778,945	5,793,738

During 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $5,727,195.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money Market Funds: Comprised of high-quality short-term U.S. government securities, including repurchase agreements, and obligations issued by private issuers that are guaranteed as to principal or interest by the U.S. government, its agencies, or instrumentalities. The fund is valued at NAV, which is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The value of the underlying assets held by the fund is based on amortized cost, which approximates fair value. The funds seek to maintain a stable NAV of $1.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2012 or 2011.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

	2012			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds:

NOTE 5 - PARTIES-IN-INTEREST TRANSACTIONS

Plan investments include money market funds managed by an entity related to Charles Schwab Bank (Schwab). Schwab is the trustee of the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2013, the date the financial statements were available to be issued.
