Dear Members of the 401(k) Review Committee:

This letter is to inform the 401(k) Review Committee of Falcon International Bank 401(k) Plan (the "Plan") about significant matters related to the conduct of the annual audit so it can appropriately discharge its oversight responsibility, and we can comply with our professional responsibilities.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Respective Responsibilities of the Auditor and Management

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated April 30, 2013. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated April 30, 2013 regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates, and Disclosures

Adoption of, or Change in, Accounting Policies

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

Significant or Unusual Transactions

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Management's Judgments and Accounting Estimates

Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is summarized below:

- The fair value measurement of the Plan assets is adjusted according to quoted market prices for the income and growth fund investments of the Plan. These quoted prices are readily available and accurately reflect the Plan's investments as of December 31, 2012.

Audit Adjustments

We are not aware of any material misstatements that were identified as a result of our audit procedures.

Uncorrected Misstatements

We identified the following uncorrected misstatements that management has concluded are not individually, or in the aggregate, material to the financial statements. We agree with management's conclusion in that regard.

Description	Effect – Increase (Decrease)				
	Assets	Liabilities	Net Assets	Additions	Deductions
To record the participant and employer receivables as of December 31, 2012	\$ 19,787	\$ -	\$ 19,787	\$ 19,787	\$ -
Total effect	\$ 19,787	\$ -	\$ 19,787	\$ 19,787	\$ -

Consultation With Other Accountants

Management Representation Letter

September 13, 2013

Padgett, Stratemann & Co., L.L.P.
811 Barton Springs Rd., Suite 550
Austin, Texas 78704

This representation letter is provided in connection with your audits of the financial statements of Falcon International Bank 401(k) Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements. We confirm that we are responsible for the fair presentation in statement of net assets available for benefits and related changes in net assets available for benefits in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP).

We have determined that the plan custodian, State Street Bank and Trust Company, qualifies to issue a certification of the Plan's asset activity under section 2520.103-5 of the Department of Labor's (DOL's) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not perform any auditing procedures with respect to asset information certified or provided by State Street Bank and Trust Company, the custodian, other than comparing that information with the related information included in the financial statements. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, that as of September 13, 2013 the following representations made to you during your audit.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated April 30, 2013, for the preparation and fair presentation of the financial statements referred to above in accordance with U.S. GAAP.
2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
4. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events and our assumptions about conditions we expect to exist and courses of action we expect to take.

In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows: the fair value measurement of Plan assets is adjusted according to quote market prices for the mutual funds, common collective trust funds, and stable value fund investments of the Plan. Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

5. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the *Risks and Uncertainties* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets date that could change materially within the next year. Concentrations refer to nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
6. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
7. Transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.
8. We are responsible for determining that significant events or transactions that have occurred since the balance sheet date and through the date of this letter, have been recognized or disclosed in the financial statements. We further represent that as of the date of this letter, the financial statements were complete in a form and format that complied with U.S. GAAP, and all approvals necessary for issuance of the financial statements had been obtained.

9. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
10. We have no intention to terminate the Plan.
11. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or other lending institution have been properly recorded or disclosed in the financial statements.
12. We have properly reported and disclosed amendments to the plan instrument, if any.
13. With respect to supplemental schedules:
 - a. We acknowledge our responsibility for the presentation of such information.
 - b. We believe such information, including its form and content, is fairly presented in accordance with DOL Rules and Regulations for reporting and disclosure under ERISA.
 - c. The methods of measurement or presentation have not changed from those used in the prior period.
 - d. There are no underlying significant assumptions or interpretations regarding the measurement or presentation of such information.
 - e. We will only present the supplemental schedules together with the audited financial statements and auditor's report thereon and will not separate the supplementary information from the audited financial statements and auditor's report thereon in any document that contains such information.

Information Provided

14. We have provided you with:
 - a. Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation, and other matters.
 - b. Additional information that you have requested from us for the purpose of the audit.
 - c. Unrestricted access to persons within the plan from whom you determined it necessary to obtain audit evidence.
 - d. The currently effective version of the Plan document, including prototype plan document and adoption agreement, the trust agreement or insurance contracts and all related amendments. The Plan was most recently amended July 1, 2011.
 - e. All correspondence, filings, reports, and determinations with the Internal Revenue Service (IRS) and the DOL relating to the Plan's compliance with ERISA and the maintenance of its tax-exempt status.
 - f. All Plan financial records and related data. In that regard, the payroll information we provided you covered all employees that were eligible to participate in the Plan.
15. All transactions have been recorded in the accounting records and are reflected in the financial statements. In this regard, the Sponsor's management provided sufficient oversight of the financial

statement preparation process that was outsourced to you by performing a detailed review of the financial statements consisting of the following procedures:

- Reconciliation of the trust activity to the financial statements.
 - Review and approval of all journal entries proposed by you, including review of supporting documentation and explanations.
 - Review the adequacy of financial statement disclosure by review and approval of the disclosure checklist completed by you.
 - Review and approval of schedules and calculations supporting the amounts included in the notes to the financial statements.
 - Applying analytical procedures to financial statements.
16. We have disclosed to you the results of our assessment of risk that the financial statement may be materially misstated as a result of fraud.
17. We have no knowledge of any fraud or suspected fraud affecting the Plan involving:
- a. Management or employees who have significant roles in the internal control.
 - b. Others where the fraud could have a material effect on the financial statements.
18. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
19. We have disclosed to you the identity of the entity's related parties and parties-in-interest and all the related-party and party in interest relationships and transactions of which we are aware.

23. We are not aware of any pending or threatened litigation and claims, violations or possible violations of laws and regulations, or other matters, including gain or loss contingencies, whose effects should be considered when preparing the financial statements, and neither we, nor the Plan Sponsor, or others acting on behalf of the Plan, have consulted a lawyer concerning litigation and claims or other matters affecting the Plan.
24. We have answered your questions about the Plan's tax compliance.
25. There have been no communications, whether written or oral, from regulatory agencies concerning non-compliance or deficiencies in the operation of the plan.

26. We have complied with (a) all aspects of contractual agreements, including provisions of the Plan, that would have a material effect on the financial statements in the event of noncompliance, (b) the fidelity bonding requirements of ERISA, (c) all participant eligibility and coverage requirements of the Plan, ERISA and the Internal Revenue Code (IRC), and (d) the filing requirements of appropriate agencies.
27. We have complied with the Department of Labor's regulations concerning the timely remittance of participants contributions to trusts containing assets for the plan.
28. We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.
29. The Internal Revenue Service has determined and informed the sponsor, by a letter dated March 31, 2008, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. We have operated the plan and trust in a manner that did not jeopardize this tax status.
30. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Automated Data Processing's Retirement Services Participant Recordkeeping Operations and AutoPay Payroll Services System dated March 18, 2013 and November 28, 2012, respectively for the period ended December 31, 2012 and we believe all applicable controls are in place.
31. There are no:

 - d. Actuarial valuation reports or other reports prepared by an actuary for the Plan and the Plan Sponsor.
 - e. Financial instruments with off-balance-sheet risk.
 - f. Concentrations of credit risk.
32. There were employer contributions for the years ended December 31, 2012 and 2011 of \$40,320 and \$4,129, respectively.
33. During the course of your audits, you may have accumulated records containing data that should be reflected in our books and records. All such data have been so reflected. Accordingly, copies of such records in your possession are no longer needed by us.

Falcon International Bank 401(k) Plan

Notes to the Financial Statements

1. Description of Plan

The following description of Falcon International Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective July 1, 2011.

General

The Plan is a defined contribution plan which covers substantially all employees of Falcon International Bank (the "Plan Sponsor" or the "Bank") who have completed 3 months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Effective July 2011, the Bank contributes 20% of the first 6% of compensation a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Bank's Board of Directors. Contributions are subject to certain limitations.

Participants may elect to contribute up to 90% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are always 100% vested in their voluntary contributions.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Bank's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Bank's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service or upon death or disability of the participant.

Falcon International Bank 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Notes receivable from participants are reported at amortized principal balance plus accrued, but unpaid interest. Delinquent notes receivable from participants are classified as an asset on the statements of net assets available for benefits and continue to accrue interest until they are considered to be in default.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under \$5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeited Accounts

Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2012 and 2011, employer contributions were reduced by \$4,759 and \$19,796 from forfeited nonvested accounts, respectively. At December 31, 2012 and 2011, unallocated forfeitures totaled \$0 and \$253, respectively.

Administrative Expenses

Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Falcon International Bank 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Stable Value Fund

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2013, the date the financial statements were available to be issued.

3. Information Certified and Provided by State Street Bank and Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company ("State Street"), the custodian of the Plan, has certified the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2012 and 2011
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Notes to Financial Statements

4. Investments (continued)

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in fair value by \$324,076 and (\$147,197) as follows:

	Years Ended December 31,	
	2012	2011
Mutual funds	\$ 264,104	\$ (104,285)
Common collective trust funds	43,561	(26,987)
Stable value fund	16,411	(15,925)
	<u>\$ 324,076</u>	<u>\$ (147,197)</u>

5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurements and Disclosures*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Falcon International Bank 401(k) Plan

Notes to Financial Statements

5. Fair Value Measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011:

- **Mutual funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Common collective trust funds** – Valued at the NAV of units of a bank collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust fund in order to ensure that securities liquidations will be carried out in an orderly business manner.
- **Stable value fund** – Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the trustees evaluate a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date), while others are substantiated utilizing available market data (for example, swap curve rate).

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Falcon International Bank 401(k) Plan

Notes to Financial Statements

5. Fair Value Measurements (continued)

As of December 31, 2012, the Plan did not have any investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

December 31, 2011				
	Total	Level 1	Level 2	Level 3
Equity securities:				
Mutual funds:				
Growth and income funds	\$ 441,631	\$ 441,631	\$ -	\$ -
Income funds	281,682	281,682	-	-
Growth funds	676,985	676,985	-	-
Aggressive growth funds	567,098	567,098	-	-
Common collective trust funds	251,052	-	251,052	-
Stable value fund	792,289	-	792,289	-
	<u>\$ 3,010,737</u>	<u>\$ 1,967,396</u>	<u>\$ 1,043,341</u>	<u>\$ -</u>

6. Stable Value Fund

The Plan has entered into a benefit-responsive stable value fund with Invesco Stable Asset Trust ("Invesco"). Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. The stable value fund is presented on the face of the statements of net assets available for benefits at fair value, with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the stable value fund at December 31, 2012 and 2011 totaled \$0 and \$792,289, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Notes to Financial Statements

6. Stable Value Fund (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

The stable value fund does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

The average yields consist of the following:

	Years Ended December 31,	
	2012	2011
Based on actual earnings	0.91%	1.29%
Based on interest rate credited to participants	1.62%	1.72%

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by State Street Bank. State Street is the custodian, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan Sponsor paid certain administrative expenses related to the Plan for the years ended December 31, 2012 and 2011.

8. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

9. Tax Status

Effective January 31, 2006, the Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

With a few exceptions, the Plan is no longer subject to United States federal income tax examinations by authorities for years before 2009.

10. Risks and Uncertainties

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Significant Estimates and Concentrations

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges which, in some cases, have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

12. Plan Merger

Effective January 3, 2013, the Plan merged with a multiple employer plan. As of December 31, 2012, the Plan had transferred \$3,887,649 to Pentegra Defined Contribution Plan for Financial Institutions.
