Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 6 to the financial statements, the Plan merged into the Cox Enterprises, Inc. Savings and Investment Plan as of December 31, 2012. Accordingly, net assets available for benefits are reported at zero to reflect the transfer of assets to the successor plan. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule listed in the Table of Contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEALER SERVICES CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2012 AND 2011, AND FOR THE YEAR ENDED DECEMBER 31, 2012

1. PLAN DESCRIPTION

The following description of the Dealer Services Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering all full-time employees of Dealer Services Corporation (the “Company” or DSC) who have completed certain eligibility requirements. For purposes of salary deferral, eligibility occurs after six months of service and age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of the close of business on March 1, 2012, Cox Enterprises, Inc. acquired Dealer Services Corporation. Dealer Services Corporation 401(k) Plan was legally merged with the Cox Enterprises, Inc. Savings and Investment Plan (the “Cox Plan”) effective January 1, 2013. Dealer Services Corporation 401(k) Plan’s net assets available for benefits totaling \$8,279,210 were transferred to the Cox Plan.

Contributions — Participants may make voluntary pretax and/or Roth IRA contributions as a percentage of compensation or a set dollar amount through periodic payroll deductions up to 75% of eligible compensation. Maximum contributions are subject to certain Internal Revenue Code (IRC) limitations. The Company makes matching contributions to the Plan each year in the amount of 100% of employees’ salary deferral amounts up to 3% of employees’ eligible compensation and 50% of employees’ salary deferral amounts up to the next 2% of employees’ eligible compensation. Additional profit-sharing amounts may be contributed at the discretion of the Company. Contributions are recorded as additions to net assets available for benefits as the Company authorizes and accrues such contributions.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, and allocations of the Company’s discretionary contributions and Plan earnings, and charged with withdrawals, an allocation of Plan losses and administrative expenses such as loan fees, when applicable.

Vesting — A participant’s account is 100% vested and is non-forfeitable at all times.

Payment of Benefits — Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his account or choose from a variety of joint and survivor annuities. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship as defined by the Plan document. Benefits are recorded when paid.

Participant Loans — The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant’s loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant’s vested balance. All loans are covered by promissory notes and are repayable over a period not to exceed five years (except for loans used for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying 2012 financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The 2011 statement of net assets available for benefits were prepared on the liquidation basis of accounting.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits, the changes in net assets available for benefits and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Administrative Fees and Expenses — All expenses of administration may be paid out of the Plan, including fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan.

Risks and Uncertainties — The Plan utilizes various investment securities, including mutual funds, a money market fund, and a common collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — Investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits – Benefits are recorded when paid.

New Accounting Pronouncements — The accounting standard initially adopted in 2012 is described below.

ASU No. 2011-04 — The financial statements reflect the prospective adoption of FASB ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, which amends ASC 820, as of the beginning of the year ended December 31, 2012 (see Note 4). ASU 2011-04 is effective for financial statements issued for fiscal years beginning after December 15, 2011 and expands certain disclosures about fair value measurement. The ASU requires the categorization by level for items that are only required to be disclosed at fair value and information

about transfers between Level 1 and Level 2. It provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The effect of the adoption of ASU 2011-04 had no impact on the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits.

Subsequent Events — Subsequent events were evaluated through October 11, 2013, the date the financial statements were available to be issued. See Note 6 for further discussion of such events.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by State Street Bank & Trust, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

	2012	2011
Statements of net assets available for benefits:		
Mutual funds	\$ -	\$ 5,105,886

Statement of changes in net assets available for benefits:

Net appreciation in fair value of investments	726,302	
Interest income on notes receivable from participants	6,641	

The investment balances included in Note 4 and the supplemental schedule of assets (held at end of year) were also certified by the trustee.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 and 2011, are as follows:

	2012	2011
Invesco Developing Markets — A	\$ -	\$ 501,634

Balanced funds	290,693
International stock funds	170,575
Fixed income funds	42,087
Common/collective trust	<u>53,351</u>
Net appreciation in fair value of investments	<u>\$ 726,302</u>

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. For the year ended December 31, 2012, there were no significant transfers in or out of Levels 1, 2, or 3.

	Fair Value Measurements at December 31, 2012			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund	\$ -	\$ -	\$ -	\$ -
Common/collective trust	-	-	-	-
Mutual funds:				
Domestic stock funds	-	-	-	-
Balanced funds	-	-	-	-
International stock funds	-	-	-	-
Fixed income funds	-	-	-	-
Total mutual funds	-	-	-	-
Total investments	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Fair Value Measurements at December 31, 2011				
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund	\$ 141,257	\$ -	\$ -	\$ 141,257
Common/collective trust	-	289,330	-	289,330
Mutual funds:				
Domestic stock funds	1,471,994	-	-	1,471,994
Balanced funds	1,979,968	-	-	1,979,968
International stock funds	1,010,515	-	-	1,010,515
Fixed income funds	643,409	-	-	643,409
Total mutual funds	5,105,886	-	-	5,105,886
Total investments	\$ 5,247,143	\$ 289,330	\$ -	\$ 5,536,473

In accordance with ASU No. 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent), an amendment of Fair Value Measurements and Disclosures (ASC 820)*, (ASU 2009-12), the Plan expanded its disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value (NAV) per share as of December 31, 2012.

The following table for December 31, 2011, sets forth a summary of the Plan's investments with a reported NAV.

Fair Value Estimated Using Net Asset Value per Share as of December 31, 2011					
Investments	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice period
Common/collective trust	\$ 289,330	None	Daily	None	None

Level 1 Measurements — The fair values of the mutual funds are determined based on the value of the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in the mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Money market funds are cash equivalents whose cost equals fair value.

Level 2 Measurements — Commingled funds that hold underlying investments that have prices which are derived from the quoted prices in active markets are classified as Level 2. Investments in commingled funds consists of a common collective trust. Common collective trusts are used to obtain exposure to asset classes and markets that may require a large fixed cost, if those investments were made in individual securities through separately managed accounts. Common collective trusts are able to spread these costs over a larger asset base, and therefore provide exposure to these investments at a lower cost. The funds' underlying assets are principally marketable U.S. equities. Units held in the common collective trust are valued at the unit value as reported by the investment manager as of December 31, 2012 and 2011. The fair values of the investments in the common collective trust have been estimated using the net asset value per share of the investments.

5. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Automatic Data Processing, Inc. (ADP). ADP received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

6. PLAN MERGER

As of the close of business on March 1, 2012, Cox Enterprises, Inc. acquired Dealer Services Corporation. Dealer Services Corporation 401(k) Plan was legally merged with the Cox Enterprises, Inc. Savings and Investment Plan (the "Cox Plan") effective January 1, 2013. Dealer Services Corporation 401(k) Plan's net assets available for benefits totaling \$8,279,210 were transferred to the Cox Plan.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. From January 1, 2012 through December 31, 2012, State Street was a party-in-interest as defined by ERISA as a result of investing Plan assets in their own funds. The plan administrator believes such transactions are exempt and are not prohibited by ERISA.
