Independent Auditor's Report

Investment Committee and Plan Administrator
ABF Freight System, Inc. 401(k) Savings Plan
Fort Smith, Arkansas

We have audited the accompanying financial statements of ABF Freight System, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of ABF Freight System, Inc. 401(k) Savings Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ABF Freight System, Inc. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of the ABF Freight System, Inc. 401(k) Savings Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document and the *Summary Plan Description*, which are available from ABF Freight System, Inc., the Plan Administrator.

General

The Plan is a defined contribution plan covering employees of ABF Freight System, Inc. (the "Company") who are members of a collective bargaining unit and meet the eligibility requirements of the Plan. The Company is a subsidiary of Arkansas Best Corporation. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). For 2012 and 2011, Diversified Retirement Corporation was the Plan recordkeeper and State Street Bank and Trust Company was the trustee and custodian of the Plan.

For the year ended December 31, 2012, participant account balances totaling \$13,884 were transferred from the Plan to the Arkansas Best 401(k) and DC Retirement Plan, which covers the eligible nonunion employees of Arkansas Best Corporation and certain of its subsidiaries, including ABF Freight System, Inc.

Contributions

The Plan does not provide for any contributions from the Company. For 2012 and 2011, the Plan allowed participants to contribute up to 69% of their annual compensation, as defined by the Plan, through salary deferral, subject to certain limitations. In addition to regular pre-tax 401(k) contributions, the Plan allows for after-tax Roth contributions. Employees are able to designate all or part of their elective contributions as after-tax Roth contributions. Employee rollover contributions are also permitted.

Participant Investment Account Options

Participants direct the investment of their contributions into various investment options offered by the Plan, including mutual funds, the collective trust, variable annuity funds, and the self-directed Schwab Personal Choice Retirement Account® (the "PCRA"). Participants may change the allocation of their investments daily.

The Plan's investment committee may change the available investment options from time-to-time.

Participant Accounts

Separate sources are maintained within a participant's 401(k) account for 401(k) contributions and Roth 401(k) contributions. Each participant's account is credited with related investment returns and is charged with an allocation of transaction processing and account administration fees, which are reflected in the accompanying statements of changes in net assets available for benefits as administrative expenses. Allocations are based on participant earnings or account balances, as

ABF Freight System, Inc. 401(k) Savings Plan

Notes to Financial Statements

defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and related earnings.

Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump-sum amount equal to the balance of the participant's account, which will be paid either as a direct rollover or directly to the participant. Beginning in 2012, a participant who selected a SecurePath for Life investment option of the Plan may also elect any distribution method permitted by the investment option. See *Note 2* for discussion of the SecurePath for Life investment options.

Notes Receivable from Participants

Notes receivable from participants consist of participant loans. The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their 401(k) account a minimum of \$1,000 up to a maximum calculated as the lesser of 50% of their account balance or \$50,000 reduced by the participant's highest loan balance in the preceding twelve-month period. The loans are secured by the balance in the participant's account and are repayable generally over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on the loans is determined by the Plan Administrator based on reasonable rates of interest at prevailing rates for loans of a similar nature. At December 31, 2012 and 2011, the interest rates on outstanding participant loans ranged from 5.25% to 8.32%.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan by action of the Board of Directors of Arkansas Best Corporation, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes to Financial Statements

December 31, 2012 and 2011

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Quoted prices for mutual funds are the net asset value ("NAV") of shares held by the Plan at the financial statement date. Common stocks are valued at the closing price reported on the active market on which the securities are traded. See *Note 4* for discussion of fair value measurements.

The Diversified Stable Pooled Fund, an investment option of the Plan, is an investment of the Diversified Investment Advisors Collective Trust. The Plan's interest in the collective trust investment is valued based on information reported by the Plan recordkeeper using the audited financial statements of the collective trust at year-end. The collective trust investment in the Diversified Stable Pooled Fund is directly invested in the Wells Fargo Stable Return Fund G, whose principal objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit.

The Plan's SecurePath for Life investment options are registered variable annuity funds issued by Transamerica Life Insurance Company. The variable annuity funds are subaccounts of Separate Account VA FF, a pooled separate account established by Transamerica Life Insurance Company. The NAV of the variable annuity funds is a daily calculated unit value based on the underlying investments of the pooled separate account which are Vanguard Target Retirement mutual funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the payment date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans is discontinued at the end of the quarter during which the loan becomes 90 days past due, unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan.

All interest accrued but not collected remains as part of the balance due at the date the loan becomes a deemed distribution and is placed on nonaccrual status. Loans are returned to active status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured. Delinquent loans that reach default status are treated as distributions based upon the terms of the Plan document.

Plan Tax Status

The Plan obtained its latest determination letter on July 23, 2012, in which the U.S. Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the U.S. Internal Revenue Code and, therefore, not subject to income tax. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the U.S. Internal Revenue Code as of and for the years ended December 31, 2012 and 2011. The Plan is generally no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

All investment-related administrative charges are paid by the Plan as provided in the Plan document. All other expenses of maintaining the Plan may be paid by the Company or the Plan, at the Company's discretion.

Life Insurance Policies

Prior to July 1, 1987, the Plan offered an option to invest in allocated life insurance contracts. The Plan has no liability under these life insurance contracts and the contracts' values are excluded from the assets of the Plan. Upon death of the participant, benefits are paid directly to the beneficiary. Any cash surrender value upon termination of a life insurance policy is paid directly to terminated participants or to the Plan for active participants.

Note 3: Investments

The Plan's investments are directed by participants into the various investment options. The fair value of the Plan's investments at December 31, 2012 and 2011 is as follows:

	<u>2012</u>	<u>2011</u>
Mutual funds	\$ 122,122,245	\$ 107,754,587

Note 4: Fair Value of Plan Assets

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 specifies a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels described as follows:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan's investments classified as Level 1 include mutual funds, common stock and other investments.

If quoted market prices are not available, fair values are estimated by using pricing models or discounted cash flows with inputs derived from observable market data, quoted prices of securities with similar characteristics, or audited financial statements. The Plan's Level 2 collective trust investment is valued at NAV based on the unit value of the underlying investment of the stable pooled fund, which is an observable input. The Plan's Level 2 investments in variable annuity funds are valued at NAV based on the underlying investments of the pooled separate account, which are mutual funds for which quoted prices are available in active markets. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no investments classified as Level 3.

December 31, 2012 and 2011

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds managed by the Plan recordkeeper, Diversified Retirement Corporation, or issued by Transamerica Life Insurance Company, which are affiliated companies owned by AEGON N.V. The Diversified Stable Pooled Fund is managed by Diversified Retirement Corporation. The SecurePath for Life investment options are variable annuity funds issued by Transamerica Life Insurance Company. Therefore, transactions with these funds qualify as party-in-interest. National Financial Services and Mid Atlantic Capital Corporation provide securities brokerage services to the Plan. Fees paid by the Plan for securities brokerage and investment management services are included in net appreciation (depreciation) in fair value of investments.

The Plan paid \$32,612 and \$26,334 of transaction processing and account administration fees to Diversified Retirement Corporation during 2012 and 2011, respectively, which are included in administrative expenses. Individually nonmaterial expenses paid by the Plan to parties-in-interest aggregating to \$30,665 were recorded in administrative expenses for 2012 with no comparable amounts for 2011. The Company provides certain administrative services at no cost to the Plan.

Note 6: Significant Estimates and Concentrations

Economic Conditions

The recessionary economic environment in recent years has presented and may continue to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted and may continue to result in large and unanticipated declines in the fair value of investments. Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future changes in investment values that could impact the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
