NOTE 1 - DESCRIPTION OF PLAN

The following description of **Proserv Crane & Equipment Co., Inc. 401(k) Profit Sharing Plan** (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, who are age 18 or older. The Plan does not have a service requirement for eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a rate of 1 percent of eligible compensation unless they affirmatively elect not to participate in the Plan or elect a different rate. The Company may make a discretionary contribution each year. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earning thereon. Vesting in the Company’s contributions is as follows: 0% at less than 2 years, 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years, and 100% at 6 or more years of service.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested accounts totaled $11,945 and $10,205, respectively. These accounts will be used to reduce future employer contributions or pay administrative expenses. No forfeitures were used to reduce employer contributions or pay administrative expenses in 2012 and 2011.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, partial withdrawals or installments, but only with respect to minimum required distributions, over a period of not more than the assumed life expectancy of the participant or the beneficiary’s life expectancy, or delay receipt of benefits, if the vested account balance is greater than $5,000.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 15, 2013, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

		2012	2011
Lifestyle Balanced	$	**982,298**	867,274
Lifestyle Growth		**683,902**	526,999
Lifestyle Moderate		**701,805**	579,309
Money Market Fund		**362,804**	325,948

During the years ending December 31, 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $362,619 and $(85,430), respectively, as follows:

		2012	2011
Pooled Separate Accounts	$	**362,619**	(85,430)

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include - • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts
Valued at the unit value of the Plan's participation units as determined by the NAV of the underlying shares less any contract charges and divided by the Plan's number of outstanding participation units.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Assets at Fair Value as of December 31, 2012

Total Assets at Fair Value	$	2,865,068	-	-	2,865,068

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2012 and 2011, net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2012 and 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the trustee/custodian of the Plan).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the trustee as defined by the Plan and therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, in 2012, the Plan made a direct payment to the third party administrator, John Hancock Life Insurance Company of $620, which was not covered by revenue sharing. Also, in 2011, the Plan made a direct payment to the third party administrator, NOVA 401(k) Associates of $500, which was not covered by revenue sharing. Distribution fees paid out of participant accounts to the third party administrator, John Hancock Life Insurance Company (U.S.A.) also qualify as a party-in-interest transaction. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to Form 5500:

		2012
Net assets available for benefits per the financial statements	$	**3,492,179**
Less: Employer contribution receivable		**(509)**
Plus: Accounts payable		**129**
Net assets available for benefits per the Form 5500	$	**3,491,799**

Employee Benefit Plans

The following is a reconciliation of employer contributions remitted by the Company per the financial statements for the year ended December 31, 2012 to Form 5500:

Employer contributions remitted by the Company per the financial statements	$	**49,658**
Less: Employer contribution receivable		**(509)**
Plus: Accounts payable		**129**
Salary deferral contribution remitted by participants per Form 5500		**49,278**

The Form 5500 for the year ended December 31, 2012 was processed using the cash basis of accounting. Per generally accepted accounting principals the financial statements must report using the accrual basis of accounting. The employer contribution during 2012 was calculated incorrectly by the Plan. The Plan remitted $128 to various participants to correct the incorrect calculation in employer contributions in October 2013. Additionally, the Plan remitted $381 to participants for a true-up allocation which was remitted in October 2013. In February 2013, the Plan returned $129 to the forfeiture account for the Plan as they inadvertently overfunded a participant's employer matching for 2012.

NOTE 11 - PRIOR PERIOD RECLASSIFICATION

Various line items for prior period amounts on the Statements of Net Assets Available for Benefits have been reclassified for financial reporting purposes. No material changes in the overall presentation of the financial statements have resulted from these reclassifications. The changes to the Statements of Net Assets Available for Benefits are as follows:
