The Plan Administrators and 401(k) Committee
Associated General Contractors of South Dakota 401(k) Profit Sharing Plan
Sioux Falls, South Dakota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Associated General Contractors of South Dakota 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by TD Ameritrade Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i-Schedule of Assets Held at End of Year and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2012, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Associated General Contractors of South Dakota 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of all participating employers of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date

Employees may enter the Plan on the first day of January, April, July, or October, coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Certain participating employers also allow participants to designate contributions as Roth 401(k) contributions. The Plan also allows for contributions representing distributions from other qualified plans.

Each participating employer has the option of instituting automatic enrollment for those employees hired on or after a specified date, as defined by the adoption agreement of the participating employer, in which the participating employer will automatically withhold a specific percentage of the employee's compensation upon becoming eligible to participate unless otherwise elected by the participant. Certain participating employers have elected automatic enrollment.

Matching contribution amounts are determined annually by each participating employer. Additional discretionary contributions may be contributed at the option of the participating employers. Matching contributions are calculated on an annual basis if they are made at the end of the year or determined on a per payroll basis if deposited after each payroll.

Participant Accounts

Each participant's account is credited with the participant's contribution, the participating employers' matching contribution, and allocations of the participating employers' discretionary contribution and Plan earnings, and charged with payments of benefits and an allocation of administrative expenses and Plan losses. Allocations are based on participant's compensation or account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the participating employers' contribution portion of their accounts is based on years of continuous service as determined by each participating employer.

Forfeitures

At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$11,558 and \$12,055, respectively. These accounts will be first used to reduce administrative expenses and any remaining forfeitures are used to offset employer contributions for the respective employer. During the year ended December 31, 2012, administrative expenses were reduced by \$11,573 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates based on prime rate plus 1% at the time the loan was originated. Interest rates range from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds were used to acquire the participant's residence, in which case the loan may be 15 years.

Eligibility and availability of loans are determined based upon the election of each participating employer.

Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest as defined in the Plan Document upon retirement, termination, death or disability. Annual installments are allowed for payments of required minimum distributions. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. If the distribution exceeds \$50, the distribution will be automatically rolled over into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½, disability, or hardship as determined by each participating employer.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the participating employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and their changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Stable value funds held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive stable value funds because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the stable value fund as well as the adjustment of the fully benefit-responsive stable value fund from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Administrative expenses of the Plan are paid by the Plan as provided in the Plan Document.

Subsequent Events

The Plan sponsor has evaluated subsequent events through October 9, 2013, the date which the financial statements were available to be issued.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

	2012	2011
TDATC Growth Fund	\$ 20,911,396	\$ *
TDATC Moderate Risk Fund	12,932,847	*
TDATC Conservative Risk Fund	7,613,182	*
Metlife Stable Value Fund (at fair value)	*	5,062,869
American Funds Balanced Fund	*	4,046,916
Blackrock Basic Value Fund	*	3,868,740
American Funds Capital World Growth and Income	*	3,588,020
American Funds Growth Fund of America	*	3,221,629

Goldman Sachs Mid Cap Value Fund	*	2,893,214
Davis New York Venture Fund	*	2,753,250
American Funds Europacific Growth	*	2,568,778

* Investment balance less than 5% of the Plan's net assets for the applicable year.

During the year ended December 31, 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 5,125,830
Common collective funds	2,486,517
Net appreciation in fair value of investments	\$ 7,612,347

The classification of investment earnings (losses) reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on the form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Money market deposit account: Valued at carrying value using a cost approach, which approximates fair value, based on the amount of net contributions plus any investment earnings allocated to the account.

Common collective funds: Valued at NAV which is provided by the trustee and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the observable market prices of the underlying assets held by the fund less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurement and Disclosure (Topic 820): *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following tables set forth the disclosure of the attributes at December 31, 2012 and 2011:

	2012

The MetLife Stable Value Fund's objective is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The Fund is invested entirely in the MetLife Group Annuity Contract 25053 which consists of managed investment portfolios.

The TD Ameritrade Trust Company (TDATC) Customized Risk Based Class II Collective Investment Funds are "fund-of-funds" that invest in mutual funds, exchange traded funds, and other pooled vehicles. The investment objectives for each fund are as follows:

- Aggressive Growth CRP Class II is designed for investors seeking to maximize long term total return through capital appreciation and with no income generation.
- Conservative CRP Class II is designed for investors seeking current income with a small exposure to equities.
- Growth CRP Class II is designed for investors seeking long term growth with minimal consideration toward current income that can tolerate stock market volatility.
- Moderate CRP Class II is designed for investors seeking both growth in equities and income.
- Tactical Manager CRP Class II is designed for investors seeking exposure to a diversified allocation of tactical asset managers that can accept a higher level of market volatility.
- Very Conservative CRP Class II is designed for investors seeking income and stability of principal with limited exposure to equities.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by TD Ameritrade Trust Company.

The Plan trustee has certified its statement of accounts as of December 31, 2012 and 2011 and for the year ended December 31, 2012. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Fringe Benefits Design of Minnesota, Inc. Fringe Benefit Design of Minnesota, Inc. received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provision for the IRC. The Plan itself has not received a determination letter from the IRS and the prototype has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of common collective funds and money market accounts managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for trustee services were \$23,733 for the year ended December 31, 2012.

Fees of \$215,504 were paid to service providers of the Plan for investment management, audit, and record keeping services for the year ended December 31, 2012. In addition, investment management and record keeping fees paid to the third party administrator were included as a reduction earned on each fund.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Nonexempt Party-in-Interest Transactions

During the years ended December 31, 2012 and 2011, various participating employers remitted participant contributions of \$168,614 and \$176,273, respectively, to the trustee later than required by the Department of Labor (DOL) Regulation 2510.3-102. The participating employers filed Form 5330 with the IRS and paid the required excise tax on the transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

Note 10 - Reconciliation of Financial Statement to 2012 Form 5500

The following is a reconciliation of expenses per the financial statements for the year ended December 31, 2012 to Form 5500:

Total Deductions per the Financial Statements	\$ 3,653,796
Investment expenses	37,948
