NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE A – PLAN DESCRIPTION

The following description of The LN Co 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

Prior to December 31, 2011, the Plan was named the Lehigh & Neff 401(k) Retirement Savings Plan. The Plan was renamed The LN Co 401(k) Retirement Savings Plan effective December 31, 2011 when the Color Optics, Inc. 401(k) Profit Sharing Plan (“Color Optics”) Plan was merged into the Plan (see Note C).

Certain Plan assets are being held in the Jostens 401(k) Master Trust (“Master Trust”), where assets of the Plan and another plan sponsored by Visant Corporation (the “Company,” “Plan Sponsor” or “Plan Administrator”) are invested on a commingled basis. The Plan was most recently amended August 9, 2012.

Effective January 1, 2011, all employees of Rock Creek Athletics, Inc. shall become eligible to participate in the Plan, unless they are considered a leased employee.

Effective January 1, 2012, all non-union employees of Color Optics, Inc. shall become eligible to participate in the Plan, unless they are considered a leased employee. Effective April 1, 2013, all union employees of Color Optics, Inc. shall become eligible to participate in the Plan, unless they are considered a leased employee.

Effective August 9, 2012, all employees of AKI, Inc.’s (d/b/a Arcade Marketing) Rockaway, New Jersey facility shall become eligible to participate in the Plan, unless such employees’ employment is governed by the terms of a collective bargaining agreement as defined by the Plan.

General and Eligibility

The Plan is a defined contribution 401(k) plan covering certain employees of Neff Motivation, Inc. (“Neff”), Rock Creek Athletics, Inc. (“Rock Creek”), The Lehigh Press, LLC. (the “Lehigh Press”), Color Optics, Inc. (“Color Optics”) and AKI, Inc.’s (d/b/a Arcade Marketing) Rockaway, New Jersey facility (“AKI Rockaway”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Lehigh Press full-time employees are eligible for the Plan on the date of employment and part-time and temporary employees are eligible for the Plan after six months of service. Neff, Rock Creek, Color Optics, and after August 1, 2012, AKI Rockaway, employees are eligible to participate in the Plan after 90 days of employment.

The Plan was amended December 31, 2006, effective as of January 1, 2007, to exclude from participation employees of the Company paid on a salaried basis and employees classified as office administrative employees and to transfer the accounts of such employees to the Visant 401(k) Retirement Savings Plan. The Plan was also amended effective January 1, 2007 to exclude from participation non-union hourly employees hired on or after January 1, 2007.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE A – PLAN DESCRIPTION – Continued

Effective February 1, 2007, the Plan was amended to exclude from participation an employee hired on or after January 1, 2007, who is represented by the Philadelphia Local 14-M of the Graphic Communications Conference of the International Brotherhood of Teamsters (the “GCC/IBT Local 14-M”).

Effective April 3, 2008, the Plan was amended to revise the February 1, 2007 amendment, and exclude from participation an employee hired on or after April 3, 2008 (rather than January 1, 2007), who is represented by the GCC/IBT Local 14-M.

Funding Policy

Participants may contribute up to 50% of eligible compensation on a pre-tax basis and/or on a Roth after-tax basis, as defined in the Plan, subject to limits established by law. The Plan allows for automatic enrollment of new participants (except for Lehigh Press) that meet the eligibility requirements of 4% of eligible compensation for Neff and Rock Creek and 3% of eligible compensation for Color Optics and AKI, unless elected otherwise. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

At the discretion of its Board of Directors, the Company may make a matching contribution for Lehigh Press employees to be allocated to participants in proportion to their elective deferrals and/or Roth after-tax contributions. Discretionary matching contributions are limited to a maximum of 6% of a participant's base compensation. In 2012 and 2011, the Company made no matching contributions to Lehigh Press employees.

In accordance with the terms of the Plan, each pay period matching contributions are made to eligible employees of Neff and Rock Creek in an amount equal to 20% of the first 4% of the participant's contribution.

Participant's Accounts

Each participant's account is credited with the participant's contributions (elective deferral, Roth after-tax, catch-up and rollover) and allocations of the Company's contributions (matching and discretionary) and Plan earnings and losses. Plan earnings are allocated to each participant by investment fund based on that participant's share of total investments. The benefit to which a participant is entitled is the vested portion of the participant's account.

Investment Options

All funds of the Plan were participant directed. Participants could choose to allocate their contributions and/or all or part of their account balance among any of the Plan's investment alternatives on a daily basis.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE A – PLAN DESCRIPTION – Continued

Vesting

Participants are fully vested in all amounts contributed to their accounts plus actual earnings thereon, except for Neff and Rock Creek participants whose vesting of matching contributions is as follows:

Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

And except for Color Optics participants whose vesting of prior company match/discretionary contributions is as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeited Accounts

The Plan provides that forfeiture of non-vested employer contributions are to be used to reduce administrative expenses or to reduce employer contributions. At December 31, 2012 and 2011, the forfeiture account balance was \$3,338 and \$9,770, respectively. For the years ended December 31, 2012 and 2011, participants forfeited \$2,094 and \$3,388, respectively, and there were \$10,350 and \$400 of forfeitures used to reduce administrative expenses. The remaining change in the forfeiture account balance is due to earning on these funds.

Payment of Benefits

The full value of the participant's vested account is payable upon termination, death and disability. If the participant's account balance does not exceed \$1,000 a lump-sum distribution, net of tax, is made. If the participant's balance exceeds \$1,000, the participant may elect to receive a lump-sum distribution, net of tax, nonperiodic payments or installment payments. Distributions must begin by April 1 of the year following the year the participant turns age 70½ (or retires if later).

In-service withdrawals from a participant's rollover account are available in accordance with the Plan document. Participants who had attained age 59½ could also make in-service withdrawals. Hardship withdrawals were also available under the Plan.

NOTE A – PLAN DESCRIPTION – Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (less their highest outstanding note balance during the previous 12 months) or 50% of their vested account balance. Note terms range from six months to five years unless the note is for the purchase of a primary residence, in which case the maximum term is 15 years. The notes are secured by the vested balance in the participant's account and bear an interest rate established by the Plan Administrator. Principal and interest is paid ratably through payroll deductions for active participants. Participants are assessed a note fee upon approval of the note and an annual maintenance fee for the duration of the note. Notes that become in default are deemed distributions to the participants and are included in benefits paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income (Loss) Recognition

The Master Trust administered by the trustee hold the Plan's investments. The Plan's interest in the Master Trust is stated at the collective fair value of each of the investments based on the units owned by the Plan's participants. Master Trust investments consist of mutual funds and a commingled pool fund. Mutual fund investments are valued at fair value as determined by the trustee. The commingled pool fund invests in numerous guaranteed, bank and synthetic investment contracts. This fund is valued at its estimated fair value (contract value plus accrued interest thereon) as determined by the trustee.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

As described in the Financial Accounting Standards Board Staff (“FASB”) Accounting Standards Codification, (“ASC”) 962-325, *Plan Accounting – Defined Contribution Pension Plans Investments*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As such, the statements of net assets available for benefits present the fair value of the Plan’s interest in the collective trust as well as the adjustment of the Plan’s interest in the collective trust from fair value to contract value relating to the investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis.

Payments of Benefits

Benefits paid directly to participants or rolled over to other retirements plans on behalf of the participant are recorded by the Plan when paid.

Administrative Expenses

Transaction related expenses of the Plan are paid by the participants. Other administrative expenses of the Plan are paid by the Company

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits in future periods.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable

The Plan failed the discrimination test for the years ended December 31, 2012 and 2011. Excess contributions amounting to \$920 and \$13,762 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant elective deferrals for the year. The Plan reimbursed these excess contributions to its participants during 2013 and 2012, respectively.

Increase (Decrease) in Plan Interest in Master Trust

The Plan presents in the statements of changes in net assets available for benefits the increase (decrease) in plan interest in Master Trust, which consists of its share of the realized and unrealized appreciation on the Master Trust investments as well as interest and dividends, net of certain expenses, based on the specific performance of investment options and units owned by the Plan's participants.

Subsequent Events

The Plan evaluated its December 31, 2012 financial statements for subsequent events through October 8, 2013, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE C – PLAN MERGER

Effective December 31, 2011, the Company merged Color Optics into the Plan. After the merger, the merged plan will be maintained under the Plan document. The assets of Color Optics were transferred to the Plan on March 2, 2012, which was as soon as administratively feasible. Full integration of Color Optics assets occurred on March 2, 2012. Activity before December 31, 2011 was maintained in Principal Life Insurance Company and a final form 5500 was filed by Color Optics. Color Optics employees began participating in the Plan on January 1, 2012.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE D – TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company and Principal Life Insurance Company, the trustee and custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2012.

NOTE E – FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The LN Co 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2012 and 2011

NOTE E – FAIR VALUE MEASUREMENTS – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value of shares held by the plan at year end based on quoted market prices.

Collective trust and pooled separate accounts: Valued at net asset value based on the fair value of the underlying investments at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE F – INTEREST IN THE MASTER TRUST

The Master Trust holds the assets of the Plan and other plans sponsored by the Company. Each participating plan in the Master Trust is allocated its proportionate share of the net assets based on the fair value of the investment options and units owned by each plan's participant. Fidelity Management Trust Company holds the assets of the Master Trust. Investment income, gains and losses, and administrative expenses relating to the Master Trust are allocated to each participating plan based on each plan's participant balance activity. The Plan's interest in the net assets of the Master Trust, which approximated 9.4% and 8.2% of the total value at December 31, 2012 and 2011, respectively, is included in the accompanying statements of net assets available for plan benefits.

The Plan is applying the practical expedient as of December 31, 2012 and 2011 to its investment in Fidelity's Managed Income Portfolio II Fund (the "Fund"), a collective trust fund. The Fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Participants' ownership of the Fund is represented as units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. The Fund allows for daily liquidity with no additional days notice required for redemption. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

NOTE F – INTEREST IN THE MASTER TRUST – Continued

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

To assess the reasonableness of the fair value methodology used for the collective trust fund, the Plan Financial Asset Management Committee, with the assistance of an investment advisor, evaluates a variety of factors including review of the fund's financial statements, economic conditions, industry and market developments, and overall credit ratings.

The Fund invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in a money market fund. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The following events may limit the ability of the Plan to transact at contract value:

- The Plan's failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any change in law, regulation or administrative ruling applicable to the Plan that could have material adverse effect on the Fund's cash flow.
- Any transfer of assets from the Fund directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merge with another plan.
- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrap issuer.
- Any change in law regulation or administrative ruling applicable to a plan investing in the Fund that could have a material adverse effect on the Fund's cash flow.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE F – INTEREST IN THE MASTER TRUST – Continued

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. For example, this could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. In the event that wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines.

The Fund is presented in the statement of net assets at fair value with an adjustment to contract value.

The yield earned by the collective trust with an adjustment to reflect the actual interest rate credited to participants at December 31, 2012 and 2011 was 1.28% and 1.60%, respectively. This represents the annualized earnings credited to participants in the collective trust, divided by the fair value of all investments in the collective trust at December 31, 2012 and 2011.

The yield earned by the Fund at December 31, 2012 and 2011 was 1.73% and 1.92%, respectively. This represents the annualized earnings of all investments in the collective trust, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the collective trust at December 31, 2012 and 2011, respectively.

NOTE H – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 15, 2011, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
