COMPETE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. PLAN DESCRIPTION

The following description of the Compete, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2001 and was most recently amended July 14, 2009. The Plan covers substantially all employees of Compete, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan provides for a salary reduction plan, which is a savings plan that allows a participant to defer up to 60% of his or her annual compensation through contributions to the Plan, subject to an annual limitation set forth in the Internal Revenue Code ("IRC"). Discretionary matching contributions may be made by the Company on behalf of each eligible participant.

In addition, the Plan provides for Company contributions to a profit sharing plan on behalf of all participants at the discretion of, and in amounts determined by, the Board of Directors of the Company.

The total of the annual contributions to the Plan on behalf of a participant (including the participant's contribution) is subject to a defined total dollar contribution limit and a defined contribution compensation limit that is based on the participant's annual compensation, as set forth in the IRC.

A participant may, with the consent of the Plan Administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Company.

Participant Accounts and Vesting

Each participant's account includes the participant's contributions and the Company's contributions plus earnings, less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants' contributions are 100% vested and non-forfeitable at all times. A participant hired prior to May 4, 2012 becomes vested in Company contributions and earnings thereon as follows:

<u>Years of Active Employment</u>	<u>% Vested</u>	
	<u>Profit Sharing</u>	<u>401(k) Match</u>
Less than two years	- %	- %
At least two but less than three years	20	20
Three or more years	100	100

1. PLAN DESCRIPTION (continued)

Participant Accounts and Vesting (continued)

A participant hired after May 4, 2012 is subject to a three year cliff, and then becomes 100% vested in Company contributions and earnings thereon.

Forfeitures

Forfeitures of non-vested benefits are be used to reduce contributions and Plan expenses as determined by the Board of Directors of the Company. Forfeited non-vested amounts at December 31, 2012 and 2011 totaled \$2,556 and \$11,989, respectively. During 2012, \$60,588 of forfeitures were used to reduce Company contributions.

Loans

The maximum that may be borrowed from the participant's vested account balance is the lesser of \$50,000 or 50% of the vested account balance. These loans require approval of the Plan Administrator, are secured by the balance in the participant's account and bear interest at the prevailing prime rate of interest plus 1%. The interest rate on outstanding loans was 4.25%. Loans outstanding at December 31, 2012 and 2011 were \$106,048 and \$30,720, respectively.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service due to death, disability or retirement, a participant or designated beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Investment Options

All of the Plan's investments are held by Fidelity Management Trust Company ("Fidelity"), the trustee and record keeper of the Plan. Contributions to the Plan by, or on behalf of, a participant are invested at the election of the participant in various available mutual funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between

Investment Valuation and Income Recognition (continued)

market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (ASU 2011-04). ASU 2011-04 was issued to provide a consistent definition of fair value and common requirements for measurement of, and disclosure about, fair value between U.S. GAAP and International Financial Reporting Standards. It also expands the disclosures for fair value measurements that are estimated using significant unobservable (Level 3) inputs. This pronouncement was effective for periods beginning after December 15, 2011. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued. Effective April 15, 2013, all participant accounts were transferred to The Savings & Investment Plan, a Plan sponsored by WPP Group plc.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1

COMPETE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

3. FAIR VALUE MEASUREMENTS - (continued)

inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are derived principally from or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. These inputs are supported by little or no market activity and require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Level 1 Fair Value Measurements -

The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012

4. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

Description of Investment	2012	2011
Fidelity Diversified International	\$ 405,250	\$ 327,006
Fidelity Freedom 2030	488,908	360,546
Fidelity Freedom 2040	1,176,338	784,589
Fidelity Contrafund	357,831	*

* This investment did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2011.

During 2012, the entire appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) of \$714,115 was attributable to investments in registered investment companies.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

7. INCOME TAX STATUS

The Plan is a Prototype Volume Submitter Defined Contribution Plan ("Prototype Plan") from Fidelity Management & Research Co., a related party to the Trustee. The Prototype Plan has received an opinion letter from the Internal Revenue Service ("IRS") stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, Fidelity, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at December 31, 2012 and 2011.
- b. Investment income, including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Year) as of December 31, 2012.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

COMPETE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. PLAN DESCRIPTION

The following description of the Compete, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2001 and was most recently amended July 14, 2009. The Plan covers substantially all employees of Compete, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan provides for a salary reduction plan, which is a savings plan that allows a participant to defer up to 60% of his or her annual compensation through contributions to the Plan, subject to an annual limitation set forth in the Internal Revenue Code ("IRC"). Discretionary matching contributions may be made by the Company on behalf of each eligible participant.

In addition, the Plan provides for Company contributions to a profit sharing plan on behalf of all participants at the discretion of, and in amounts determined by, the Board of Directors of the Company.

The total of the annual contributions to the Plan on behalf of a participant (including the participant's contribution) is subject to a defined total dollar contribution limit and a defined contribution compensation limit that is based on the participant's annual compensation, as set forth in the IRC.

A participant may, with the consent of the Plan Administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Company.

Participant Accounts and Vesting

Each participant's account includes the participant's contributions and the Company's contributions plus earnings, less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants' contributions are 100% vested and non-forfeitable at all times. A participant hired prior to May 4, 2012 becomes vested in Company contributions and earnings thereon as follows:

<u>Years of Active Employment</u>	<u>% Vested</u>	
	<u>Profit Sharing</u>	<u>401(k) Match</u>
Less than two years	- %	- %
At least two but less than three years	20	20
Three or more years	100	100

1. PLAN DESCRIPTION (continued)

Participant Accounts and Vesting (continued)

A participant hired after May 4, 2012 is subject to a three year cliff, and then becomes 100% vested in Company contributions and earnings thereon.

Forfeitures

Forfeitures of non-vested benefits are be used to reduce contributions and Plan expenses as determined by the Board of Directors of the Company. Forfeited non-vested amounts at December 31, 2012 and 2011 totaled \$2,556 and \$11,989, respectively. During 2012, \$60,588 of forfeitures were used to reduce Company contributions.

Loans

The maximum that may be borrowed from the participant's vested account balance is the lesser of \$50,000 or 50% of the vested account balance. These loans require approval of the Plan Administrator, are secured by the balance in the participant's account and bear interest at the prevailing prime rate of interest plus 1%. The interest rate on outstanding loans was 4.25%. Loans outstanding at December 31, 2012 and 2011 were \$106,048 and \$30,720, respectively.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service due to death, disability or retirement, a participant or designated beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Investment Options

All of the Plan's investments are held by Fidelity Management Trust Company ("Fidelity"), the trustee and record keeper of the Plan. Contributions to the Plan by, or on behalf of, a participant are invested at the election of the participant in various available mutual funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between

Investment Valuation and Income Recognition (continued)

market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (ASU 2011-04). ASU 2011-04 was issued to provide a consistent definition of fair value and common requirements for measurement of, and disclosure about, fair value between U.S. GAAP and International Financial Reporting Standards. It also expands the disclosures for fair value measurements that are estimated using significant unobservable (Level 3) inputs. This pronouncement was effective for periods beginning after December 15, 2011. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued. Effective April 15, 2013, all participant accounts were transferred to The Savings & Investment Plan, a Plan sponsored by WPP Group plc.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1

COMPETE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

3. FAIR VALUE MEASUREMENTS - (continued)

inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are derived principally from or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. These inputs are supported by little or no market activity and require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Level 1 Fair Value Measurements -

The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012

4. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

Description of Investment	2012	2011
Fidelity Diversified International	\$ 405,250	\$ 327,006
Fidelity Freedom 2030	488,908	360,546
Fidelity Freedom 2040	1,176,338	784,589
Fidelity Contrafund	357,831	*

* This investment did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2011.

During 2012, the entire appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) of \$714,115 was attributable to investments in registered investment companies.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

7. INCOME TAX STATUS

The Plan is a Prototype Volume Submitter Defined Contribution Plan ("Prototype Plan") from Fidelity Management & Research Co., a related party to the Trustee. The Prototype Plan has received an opinion letter from the Internal Revenue Service ("IRS") stating that Plan sponsors who adopt this Prototype Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, Fidelity, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at December 31, 2012 and 2011.
- b. Investment income, including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Year) as of December 31, 2012.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to IRS Form 5500:

	<u>2012</u>	<u>2011</u>
