GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements
December 31, 2012 and 2011

NOTE A-DESCRIPTION OF PLAN

The following description of the Gemalto Retirement Savings Plan (“Plan”), sponsored by Gemalto, Inc. (“Plan Sponsor”), provides only general information. Participants should refer to the Plan agreement or Summary Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with 401(k) deferral option covering all full-time employees of the Company who are age twenty-one or older. The Plan became effective June 1, 2004. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2012 the 401(k) plans of Cinterion and Serverside transferred \$1,068,403 of assets in to the Plan. The transfer was part of the merger of the Plan Sponsor with Cinterion and Serverside.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined in the plan, or to the maximum amount allowed by law (\$17,000 in 2012). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants over 50 years of age may also make catch-up contributions in excess of the annual deferral limitation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds, one common collective trust and a Fidelity BrokerageLink Account (“FBA”) which is a self-directed individual brokerage account under each participant’s control. The investments in the FBA accounts are not restricted.

The Company may make matching contributions based on eligible compensation that a participant contributes to the Plan. The Company currently makes Safe Harbor matching contributions of 100% of the first six percent, contributed to the Plan as pretax contributions. The Company may also make profit sharing contributions. The matching and profit sharing Company contributions, if any, are allocated to the participants account in the ratio that the eligible compensation bears to the total eligible compensation paid to all participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Company’s contribution portion of their accounts plus actual earnings upon date of hire.

Participant Accounts

Upon eligibility, all employees are automatically enrolled to contribute three percent from gross wages. Employees must affirmatively opt out if they choose not to contribute to the Plan. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits

Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, (4) upon the participant's retirement, or (5) minimum required distributions. Benefits are payable as lump sums, rollover distributions, or installment distributions.

Individual Account (including rollovers)

Terminating participants with vested balances under \$1,000 are distributed as soon as administratively possible. If the vested balance is greater than \$1,000, the participant may elect whether to take a lump sum distribution (with consent of the participant's spouse, if applicable) or to roll over the distribution to another qualified retirement plan. If the amount of the distribution is more than \$1,000 and the participant has not elected either to take the distribution or to rollover the distribution, the distribution will automatically be rolled into a qualified IRA.

On termination of service due to death prior to retirement, the participant's account balance is paid to the participant's spouse or beneficiary in a lump sum or installment payments.

An election of other benefit options can be made (with consent of the participant's spouse, if applicable). Benefit payment options are as follows:

<u>Type of Benefit</u>	<u>Brief Description</u>
Lump sum payment	Participant receives the entire vested account balance in a single payment via a cash distribution, direct rollover distribution, or a combination of the two.
Installment distributions	Participant receives the payment in substantially equal amounts over a period of time. The participant can elect annual or more frequent installments and a lump sum can still be elected at any time during the process.
Life Expectancy Installment Option	Participants age 59 ½ or older may elect to receive a distribution in annual installments over their life expectancy. At any time, the participant may elect to receive all or a specified dollar amount of his remaining vested Account Balance as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which commensurate with local prevailing rates as determined quarterly by the Plan administrator. All Plan notes must be repaid in 10 years, and if the loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant. In most cases, repayment of the note will be made through after-tax payroll deductions.

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents, or
- To prevent eviction from or foreclosure on the participants principal residence.

However, should a participant reach age 59 ½ and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Forfeited Accounts

There are no forfeited accounts due to the fact that participants are immediately 100% vested in both employee and employer contributions.

Plan Expenses

The expenses of operating and maintaining the Plan have been paid by the Company. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants account balances.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ("GAAP") for all periods presented.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Common Collective Trust

The Plan carries investments in benefit-responsive investment contracts that are presented at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. As such, the Statement of Net Assets Available for Benefits presents the fair value of the investments in the common/collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Shares of mutual funds and Company stock are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Plan maintains Brokerage Link accounts, which are more diversely directed by the participants into equities and bonds. These securities are reported at the quoted market price on the last business day of the year. For securities that are not traded regularly and for which no market value was available, the Plan administrator has estimated the value based on over-the-counter negotiated market price. For the plan year ended December 31, 2012 and 2011, estimates of such unvalued securities were zero.

Certified Investments

Other than the fair value of the common collective trust and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

Payment of Benefits

Benefits are recorded when paid.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$5,034,095, as follows:

Mutual Funds	\$4,498,855
Fidelity Brokerage Accounts	535,240
	<u>\$5,034,095</u>

The Plan allows participants to invest in a common collective trust. The portfolio is an open-end commingled pool that invests funds in fixed-income securities, bond funds, future contracts, swap agreements and wrapper contracts. Investments in the underlying funds are valued at their closing net asset value each business day. The actual crediting interest rate is calculated using a dollar weighted yield to maturity. The credited interest rate and average yield on the fund was 1.05% and 1.70%, respectively, for 2012.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- a. Investments, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2012 and 2011.
- b. Net appreciation in fair value of investments, dividends and interest, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2012.
- c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2012, as shown in the attached schedule at page 13, with the exception of notes receivable from participants, which were audited.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D-FAIR VALUE MEASUREMENTS

The Fair Value of the Plan's financial instruments reflect the amounts the Plan estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date. The plan discloses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1 Unadjusted exchange quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability;

Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The mutual funds and individual brokerage accounts are valued at quoted market prices. The common collective trust was valued based on observable inputs for the underlying net assets of the collective trust.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements December 31, 2012 and 2011 (Continued)

The investment securities are reported at fair value utilizing Level 1 and Level 2 inputs. The prices for these instruments are obtained through the Plan Trustee with whom the Company has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations and matrix pricing. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its third party providers to ensure the lowest level of significant input is market observable data. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

NOTE E-NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2012 and 2011.

NOTE F-PARTY- IN- INTEREST TRANSACTIONS

The Company paid certain Plan expenses totaling approximately \$7,909 in 2012, for administrative fees and other charges from Fidelity Management Trust Company (the Plan Trustee).

The Plan Trustee and the Plan Administrator receive fees from administration and investment management. The investments of the Plan are maintained in a trust that was managed by the Plan Trustee as of December 31, 2012.

NOTE G-PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H-FIDELITY BOND

The Plan was covered by a \$756,500 and \$500,000 Fidelity Bond at December 31, 2012 and 2011, respectively.

NOTE I-TAX STATUS

The Plan is currently using Fidelity's prototype plan document, which is covered by the Internal Revenue Service ("IRS") determination letter provided to Fidelity on December 15, 2009. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted authoritative guidance on accounting for uncertainty in income taxes, which defines a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. As a result of the adoption, the Plan did not identify any uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements
December 31, 2012 and 2011

NOTE A-DESCRIPTION OF PLAN

The following description of the Gemalto Retirement Savings Plan ("Plan"), sponsored by Gemalto, Inc. ("Plan Sponsor"), provides only general information. Participants should refer to the Plan agreement or Summary Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) deferral option covering all full-time employees of the Company who are age twenty-one or older. The Plan became effective June 1, 2004. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2012 the 401(k) plans of Cinterion and Serverside transferred \$1,068,403 of assets in to the Plan. The transfer was part of the merger of the Plan Sponsor with Cinterion and Serverside.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined in the plan, or to the maximum amount allowed by law (\$17,000 in 2012). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants over 50 years of age may also make catch-up contributions in excess of the annual deferral limitation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds, one common collective trust and a Fidelity BrokerageLink Account ("FBA") which is a self-directed individual brokerage account under each participant's control. The investments in the FBA accounts are not restricted.

The Company may make matching contributions based on eligible compensation that a participant contributes to the Plan. The Company currently makes Safe Harbor matching contributions of 100% of the first six percent, contributed to the Plan as pretax contributions. The Company may also make profit sharing contributions. The matching and profit sharing Company contributions, if any, are allocated to the participants account in the ratio that the eligible compensation bears to the total eligible compensation paid to all participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Company's contribution portion of their accounts plus actual earnings upon date of hire.

Participant Accounts

Upon eligibility, all employees are automatically enrolled to contribute three percent from gross wages. Employees must affirmatively opt out if they choose not to contribute to the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

Payment of Benefits

Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, (4) upon the participant's retirement, or (5) minimum required distributions. Benefits are payable as lump sums, rollover distributions, or installment distributions.

Individual Account (including rollovers)

Terminating participants with vested balances under \$1,000 are distributed as soon as administratively possible. If the vested balance is greater than \$1,000, the participant may elect whether to take a lump sum distribution (with consent of the participant's spouse, if applicable) or to roll over the distribution to another qualified retirement plan. If the amount of the distribution is more than \$1,000 and the participant has not elected either to take the distribution or to rollover the distribution, the distribution will automatically be rolled into a qualified IRA.

On termination of service due to death prior to retirement, the participant's account balance is paid to the participant's spouse or beneficiary in a lump sum or installment payments.

An election of other benefit options can be made (with consent of the participant's spouse, if applicable). Benefit payment options are as follows:

<u>Type of Benefit</u>	<u>Brief Description</u>
Lump sum payment	Participant receives the entire vested account balance in a single payment via a cash distribution, direct rollover distribution, or a combination of the two.
Installment distributions	Participant receives the payment in substantially equal amounts over a period of time. The participant can elect annual or more frequent installments and a lump sum can still be elected at any time during the process.
Life Expectancy Installment Option	Participants age 59 ½ or older may elect to receive a distribution in annual installments over their life expectancy. At any time, the participant may elect to receive all or a specified dollar amount of his remaining vested Account Balance as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which commensurate with local prevailing rates as determined quarterly by the Plan administrator. All Plan notes must be repaid in 10 years, and if the loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant. In most cases, repayment of the note will be made through after-tax payroll deductions.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

(Continued)

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents, or
- To prevent eviction from or foreclosure on the participants principal residence.

However, should a participant reach age 59 ½ and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Forfeited Accounts

There are no forfeited accounts due to the fact that participants are immediately 100% vested in both employee and employer contributions.

Plan Expenses

The expenses of operating and maintaining the Plan have been paid by the Company. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants account balances.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ("GAAP") for all periods presented.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Common Collective Trust

The Plan carries investments in benefit-responsive investment contracts that are presented at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. As such, the Statement of Net Assets Available for Benefits presents the fair value of the investments in the common/collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Shares of mutual funds and Company stock are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Plan maintains Brokerage Link accounts, which are more diversely directed by the participants into equities and bonds. These securities are reported at the quoted market price on the last business day of the year. For securities that are not traded regularly and for which no market value was available, the Plan administrator has estimated the value based on over-the-counter negotiated market price. For the plan year ended December 31, 2012 and 2011, estimates of such unvalued securities were zero.

Certified Investments

Other than the fair value of the common collective trust and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

Payment of Benefits

Benefits are recorded when paid.

NOTE C-INVESTMENTS (UNAUDITED)

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$5,034,095, as follows:

Mutual Funds	\$4,498,855
Fidelity Brokerage Accounts	535,240
	<u>\$5,034,095</u>

The Plan allows participants to invest in a common collective trust. The portfolio is an open-end commingled pool that invests funds in fixed-income securities, bond funds, future contracts, swap agreements and wrapper contracts. Investments in the underlying funds are valued at their closing net asset value each business day. The actual crediting interest rate is calculated using a dollar weighted yield to maturity. The credited interest rate and average yield on the fund was 1.05% and 1.70%, respectively, for 2012.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- a. Investments, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2012 and 2011.
- b. Net appreciation in fair value of investments, dividends and interest, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2012.
- c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2012, as shown in the attached schedule at page 13, with the exception of notes receivable from participants, which were audited.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D-FAIR VALUE MEASUREMENTS

The Fair Value of the Plan's financial instruments reflect the amounts the Plan estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date. The plan discloses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1 Unadjusted exchange quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability;

Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The mutual funds and individual brokerage accounts are valued at quoted market prices. The common collective trust was valued based on observable inputs for the underlying net assets of the collective trust.

GEMALTO RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2012 and 2011

(Continued)

The investment securities are reported at fair value utilizing Level 1 and Level 2 inputs. The prices for these instruments are obtained through the Plan Trustee with whom the Company has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations and matrix pricing. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its third party providers to ensure the lowest level of significant input is market observable data. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

NOTE E-NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2012 and 2011.

NOTE F-PARTY- IN- INTEREST TRANSACTIONS

The Company paid certain Plan expenses totaling approximately \$7,909 in 2012, for administrative fees and other charges from Fidelity Management Trust Company (the Plan Trustee).

The Plan Trustee and the Plan Administrator receive fees from administration and investment management. The investments of the Plan are maintained in a trust that was managed by the Plan Trustee as of December 31, 2012.

NOTE G-PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H-FIDELITY BOND

The Plan was covered by a \$756,500 and \$500,000 Fidelity Bond at December 31, 2012 and 2011, respectively.

NOTE I-TAX STATUS

The Plan is currently using Fidelity's prototype plan document, which is covered by the Internal Revenue Service ("IRS") determination letter provided to Fidelity on December 15, 2009. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted authoritative guidance on accounting for uncertainty in income taxes, which defines a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. As a result of the adoption, the Plan did not identify any uncertain tax positions that qualify for either recognition or disclosure in the financial statements.
