Report of Independent Auditors

The Benefits Administrative Committee and the Pension Investment Committee
The G. B. Dealey Retirement Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The G.B. Dealey Retirement Pension Plan, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 5, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained a certification as of and for the year ended December 31, 2012, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedules

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2012, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Opinion on the December 31, 2011 Financial Statements

We previously audited the financial statements of The G.B. Dealey Retirement Pension Plan as of December 31, 2011 and for the year then ended, and we expressed an unmodified opinion on those statements in our report dated October 15, 2012.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedules, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Belo Corp.
The G. B. Dealey Retirement Pension Plan
For Plan Year Ended December 31, 2012

EIN: 75-0135890
Plan Number: 001

At-risk Calculation Assumptions:

Additional Load: Because the plan was not in at-risk status for 2 of the preceding 4 plan years there is no additional load on the funding target or normal cost.

Retirement Rates: All employees who are not otherwise assumed to retire as of the valuation date but who will be eligible to elect benefits during the plan year and the 10 succeeding plan years shall be assumed to retire at the earliest retirement date under the plan.

Form of Payment: All employees shall be assumed to elect the retirement form of payment available under the plan at the assumed retirement age which would result in the highest present value of benefits.

67	10.00%
68	10.00%
69	60.00%
70	100.00%

Method used to calculate the Plan's Weighted Average Retirement Age:

For each active participant, an expected retirement age was calculated, weighted in proportion to the probability that the individual would remain an active participant to each age and then retire at that age. The plan's weighted average retirement age of 62 is the arithmetic average of the expected retirement ages.

Actuarial Assumptions and Methods (continued)

Assumptions and methods for at-risk liabilities:

Form of Payment: Any participant who is eligible to retire during the valuation year or next 10 plan years was assumed to elect the most valuable form of payment available.

Retirement Age: Any participant who is eligible to retire during the valuation year or next 10 plan years was assumed to retire at the later of 1) the end of the current calculation year, or 2) earliest eligible retirement age.

Actuarial assumption changes since prior valuation:

The PPA funding discount rate for funding target and target normal cost changed from the previous years. Segment rates were based on MAP-21 segment rates from September 2011 (5.54% for the first 5 years, 6.85% for the next 15 years, and 7.52% after that). Previously, segment rates were based on 24 month average segment rates from September 2010 (3.78% for the first 5 years, 6.31% for the next 15 years and 6.57% after that).

The mortality assumption for funding purposes changed from the IRS 2011 Static Mortality Table to the IRS 2012 Static Mortality Table, as prescribed by the PPA.

Actuarial Value of Plan Assets for Funding Purposes: The actuarial value of assets is equal to:

- a) the market value of assets, including discounted receivables, on the valuation date, less
- b) the following percentages of prior years' investment gains (losses):
 - i) 2/3 of the prior year, and
 - ii) 1/3 of the second prior year,

Investment gains and losses are defined as the excess or deficiency of the expected return on the market value (at an assumed rate of 8.00%, not to exceed the third segment rate for that year) over the actual return on the market value of assets, including discounted receivables, for any given year.

- c) The actuarial value of assets can be neither less than 90% nor greater than 110% of the market value of assets, including discounted receivables.

Actuarial Assumptions and Methods (continued)

Actuarial Cost Method: The unit credit cost method is used for ERISA funding target (FT) and FASB ASC 715 accumulated benefit obligation (ABO) purposes. Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service, salary and negotiated benefit increases to date. The liability is then equal to the present value of all benefits (PVAB) for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings, or negotiated benefit increases, to date in both cases. The total normal cost is based upon the sum of the individual normal costs. The target normal cost for funding is equal to the total normal cost plus assumed administrative expenses expected to be paid from the trust.

The projected unit credit method is used for IRS maximum deductible limit cushion amount and FASB ASC 715 projected benefit obligation (PBO) purposes. Under this method, accrued pension benefits are determined for all eligible active participants. These benefits reflect service to date and anticipated salary and negotiated benefit increases to the assumed retirement age. The liability is then equal to the present value of all benefits for inactive participants plus the PVAB for active participants.

The normal cost is determined on an individual basis for all active participants who have not attained the assumed retirement age and is equal to the present value of the difference between the current accrued benefit and the anticipated accrued benefit one year later, with the accrued benefit based upon earnings and negotiated benefit increases projected to assumed retirement age in both cases. The total normal cost is based upon the sum of the individual normal costs.

Plan Provisions (continued)

Definitions:

Credited service: Includes all service through December 31, 1975, credited under the provisions of the prior plan. For plan years 1976 and 1977, a year of service is granted for each plan year in which an employee has completed 1,000 or more hours of service with an employer.

Pension service after 1977 shall be the aggregate of an employee's periods of employment, including the first 12 months of authorized absence.

For the purpose of determining eligibility for benefits, and employee's pension service shall include all periods of absence of less than one year.

Employees of the Corinthian subsidiaries of The Dun & Bradstreet Corporation will receive pension service earned under the Dun & Bradstreet plan; he receives no credit prior to January 30, 1984, for benefit purposes. For the purposes of calculating the benefit under the plan, service shall be segregated into two periods, the first being the years of service that had been credited under the Dun & Bradstreet plan as of January 30, 1984 (D & B service), and the second being the years of service earned after January 31, 1984 (Belo Corp. service).

The WWL employees receive pension service starting on June 1, 1994, the KIRO employees receive pension service starting on February 1, 1995, and the Owensboro employees receive pension service starting on January 1, 1996. The KMOV-TV employees receive pension service starting on June 2, 1997. Employees of BHI Sub, Inc. (KENS – TV) receive pension service starting on October 15, 1997.

Excluding Guild Union participants choosing the Star Plan, credited service ends June 30, 2000.

For Guild Union participants choosing the Star Plan, credited service ends July 31, 2004.

For all remaining participants service accrual ceases as of March 31, 2007.

Plan Provisions (continued)

Each of the participants from the following groups (the “eligible groups”) is given credit for an additional five years of credited service in determining his or her accrued benefit: (A) each participant who was accruing a retirement benefit and/or a disability benefit under the plan on March 31, 2007; (B) each participant who terminated employment on or before March 31, 2007, as a result of the company’s information technology outsourcing; (C) each participant who terminated employment on or after September 29, 2006, and before March 31, 2007, by reason of death, retirement at or after age 55 or because of an involuntary reduction in force; (D) each participant who terminated employment on or before September 14, 2006, in connection with the Dallas Morning News voluntary severance program for newsroom employees; (E) each participant who was in qualified military service on March 31, 2007.

Vesting service: Same as pension service with the following exceptions: the KIRO, Owensboro, KMOV-TV, KENS-TV, and Providence Journal Guild employees receive vesting service from their original dates of hire.

All non-Guild participants are 100% vested at July 1, 2000.

All Guild participants are 100% vested at August 1, 2004.

Pensionable pay: Base pay, overtime pay, shift differential pay, premium pay, bonuses (included termination bonuses paid in a lump sum at termination of employment), and commissions paid to an employee by the participating employers for services performed for the participating employer, excluding any other form of remuneration. Compensation includes any contributions made by the employer on behalf of an employee pursuant to a deferral election under an employee benefit plan containing a cash or deferred arrangement under Code Section 401(k) or any amounts that would have been received as cash but for an election to receive benefits under a cafeteria plan meeting the requirements of Code Section 125.

Average annual earnings: The average of the highest five consecutive calendar years of pensionable pay during the last 10 years of employment, or during his full calendar years of employment if the participant has less than five calendar years of employment.

Calendar year earnings during and after the freeze date will not be considered eligible.

Social Security Retirement Age: Determined in accordance with the chart below:

Year of Birth	Age
Prior to 1938	65
1938 to 1954	66
1955 or after	67

Normal retirement date (NRD): The first day of the month coinciding with or next following the attainment of age 65.

Monthly pension benefit: As of any date, 1.1% of average monthly earnings multiplied by years of pension service at NRD, plus .35% of average monthly earnings in excess of covered compensation multiplied by years of pension service at NRD up to 35 such years, multiplied by the fraction of actual pension service over pension service at NRD not to exceed 1. For prior Guild Non-Union Providence Journal participants, the benefit is the greater of benefit under The G. B. Dealey Retirement Pension Plan or the accrued benefit as of December 31, 1997, under the Providence Journal Plan plus a benefit under The G. B. Dealey Retirement Pension Plan post December 31, 1997. For prior Guild Union Employees, the benefit is the greater of the benefit under The G. B. Dealey Retirement Pension Plan or the accrued benefit under Appendix D of the Plan as of July 31, 2004.

Excluding Guild Union, participants transferring to the Star Plan have a vested accrued benefit at July 1, 2000.

Guild Union participants transferring to the STAR Plan have a vested accrued benefit at August 1, 2004.

For all remaining participants, accrued benefits were frozen on March 31, 2007.

Eligibility for Benefits:

Normal retirement: Retirement on NRD.

Early retirement: Retirement before NRD and on or after attaining age 55.

Postponed retirement: Retirement after NRD.

Deferred vested: Terminations for reasons other than death, disability, or retirement.

Plan Provisions (continued)

Pre-retirement spouse benefit: Death while eligible for Normal, Early, Postponed, or Deferred Vested Retirement benefits, with a surviving spouse.

REA ACT Death Benefit: 50% of the monthly accrued benefit as of the date of death reduced for the joint and survivor election and reduced for payment as early as the participant's 55th birthday.

Monthly pre-retirement spouse death benefit: Spouses of active or deferred vested participants who were eligible for early retirement as of December 31, 1994, are entitled to the greater of:

1. The monthly preretirement spouse benefit frozen as of December 31, 1994, or
2. The REA ACT death benefit.

Spouses of participants not eligible for early retirement as of December 31, 1994, are entitled to the REA ACT death benefit.

Disability: Permanently and totally disabled prior to age 65.

Monthly Benefits Paid Upon the Following Events:

Normal retirement: Monthly Pension Benefit determined as of NRD.

Early retirement: The Monthly Pension Benefit payable at age 65 reduced 1/180th for each month prior to age 65 until five years prior to the participant's Social Security normal retirement age. It is further reduced by 1/360th for each additional month benefits commence prior to Normal Retirement Date up to a total of 120 months.

Postponed retirement: Monthly pension benefit determined as of actual retirement date.

Termination with deferred vested benefit: The Monthly Pension Benefit determined as of termination date, reduced similarly to early retirement benefits for benefit commencement prior to NRD.

Death with pre-retirement spouse benefit: The Monthly pre-retirement spouse benefit is payable. If the participant was eligible for early retirement, the benefit is payable immediately. Otherwise, the benefit is payable when the participant would have been eligible for early retirement.

Plan Provisions (continued)

Disability: The Monthly Pension Benefit payable at normal retirement assuming: (1) that the employee's rate of compensation at disability would have continued and (2) years of service would have continued uninterrupted to the benefit freeze date.

Forms of Payment:

Normal form (single participants): Ten year certain and continuous annuity.

Normal form (married participants): Joint and 50% survivor annuity with spouse as beneficiary.

Optional forms: Participants who retire under the plan may elect actuarially equivalent optional forms including a ten year certain and continuous annuity, life annuity, joint and survivor annuity, or, if the present value of their benefit is \$5,000 or less, a lump sum distribution.

Maximum on Benefits and Pay: All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Cost of Living Adjustment: Participants receiving monthly retirement benefits prior to January 1, 1995, excluding those participants who were included in The Providence Journal Company Retirement Plan on December 31, 1997, were eligible for the cost of living adjustment. This includes any beneficiary whose spouse was receiving monthly retirement benefits prior to January 1, 1995. The adjustment made to eligible monthly benefits was a one-time cost of living increase of 5%. If an eligible, retired participant dies on or after January 1, 1998, the survivor benefit, if applicable, shall be calculated with respect to the participant's benefit as increased by the cost of living adjustment.

Future Plan Changes: No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Plan Changes Since Prior Valuation: As of January 1, 2011, Belo Corp. spun-off assets and liabilities of the Plan to two newly sponsored pension plans of A. H. Belo Corporation, A. H. Belo Pension Plan I and A. H. Belo Pension Plan II, in accordance with Sections 208 of ERISA and 414(l) of the IRC governing pension plan spin-of.

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

The following description of The G. B. Dealey Retirement Pension Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering certain employees and former employees of Belo Corp. and its subsidiaries (collectively, Employer or Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was frozen to new participants in 2000, except for certain members of the Providence newspaper guild for whom the Plan was frozen in 2004. Effective March 31, 2007, the Plan was amended to cease the accrual of additional benefits for all participants.

On February 8, 2008 (Distribution Date), the Company spun-off of its newspaper businesses and related assets to a separate public company, A. H. Belo Corporation (A. H. Belo), with its own management and board of directors. The Company's relationship with A. H. Belo is now governed by a separation and distribution agreement, an employee matters agreement, and several other agreements between the two companies or their respective subsidiaries.

As part of the spin-off, the Company retained sole sponsorship of the Plan. Effective as of the Distribution Date, employees of the newspaper businesses and related assets who were employees of the Company prior to the spin-off and subsequently became employees of A. H. Belo after the spin-off, effectively became inactive participants in the Plan and were eligible to begin their benefit if they met the other qualifying conditions. Since the accrual of additional benefits had been frozen for all participants prior to the Distribution Date, there was no other effect on benefits offered by the Plan.

In October 2010, the Company and A. H. Belo agreed to split the Plan into separately-sponsored pension plans effective January 1, 2011. Under the agreement, participant benefit liabilities and assets pertaining to approximately 5,100 current and former employees of A. H. Belo and its related newspaper businesses were transferred to two new defined benefit pension plans created, sponsored, and managed by or on behalf of A. H. Belo. Effective January 1, 2011, the new A. H. Belo plans are solely responsible for paying participant benefits for the current and former employees of A.H. Belo and the Plan is no longer responsible for those liabilities. The participant benefit liabilities and assets pertaining to current and former employees of the Company and its related television businesses continue to be held by the Plan sponsored by and managed by or on behalf of Belo Corp.

As of December 31, 2010, substantially all investments were liquidated to facilitate the transfer of Plan assets related to A. H. Belo current and former employees to the new A. H. Belo plans. Subsequent to January 1, 2011, the Plan transferred \$238,601,742 to the A.H. Belo plans. Concurrent with the transfer of assets, the Plan also transferred approximately 60% of the related accumulated plan benefit obligation to A. H. Belo.

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements (continued)

Custody of Assets

Custody of assets was held by Northern Trust (Trustee), the trustee of the Plan beginning January 1, 2012. Prior to 2012, custody of assets was held by The Bank of New York Mellon (BONY), the trustee of the Plan through December 31, 2011.

Employer Contributions

The Employer contributes such amounts as deemed necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to beneficiaries. The funding policy is to contribute annually to the Plan an amount at least equal to the minimum required contribution for a qualified retirement plan but not in excess of the maximum tax-deductible contribution. For 2012 and 2011, the Plan met the minimum funding requirements.

Benefit Payments

Monthly retirement benefits are computed based on several factors including, but not limited to, retirement date, age at date of retirement, years of credited service, and final monthly compensation eligible for benefits (all defined in the Plan document).

At the normal retirement date (age 65), each single participant entitled to a distribution will receive a monthly pension benefit payable during the participant's lifetime. If the participant dies before receiving 120 monthly payments, monthly payments in the same amount will be paid to the participant's designated beneficiary. Married participants automatically receive an adjusted monthly pension benefit that includes a provision for the payment of a reduced monthly pension benefit to a surviving spouse. Both single and married participants may elect other options. The Plan also provides for early retirement, late retirement, death, disability, and vested benefits of terminated employees. Early retirement is available as early as age 55.

Vesting

Each participant who was an employee at March 31, 2007, has a 100% vested and non-forfeitable interest in his accrued benefits at all times.

Termination of the Plan

Although the Employer has not expressed any intent to terminate the Plan, it may do so at any time, subject to the requirements of ERISA. If the Plan is terminated, net assets of the Plan would be distributed to participants and beneficiaries as prescribed by the Plan, subject to the requirements of ERISA. Should the Plan terminate at some future time, whether all participants receive their benefits will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated plan benefits and may also depend on the financial condition of the Company and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) as well as the priority of those benefits. Some benefits may be fully or partially provided for by the then-existing net assets of the Plan and the PBGC guarantee, while other benefits may not be provided for at all.

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements (continued)

Administration

The Plan uses Pyramis Global Advisors, a Fidelity Investments Company, to manage Plan investments. The Pension Investment Committee of Belo Corp. (the Committee) monitors the investment manager's performance. The Committee is appointed by the Belo Corp. Board of Directors.

Expenses

All expenses incident to the administration of the Plan are paid by either the Plan or the Employer.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investments

The Plan's investments are shares in commingled funds which are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion and disclosures related to fair value measurements.

Investment purchases and sales are recorded on the trade-date basis, with liabilities recorded for purchases pending settlement and receivables recorded for sales pending settlement. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend and interest income are included as part of net appreciation or depreciation of the investments due to the nature of commingled funds.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements (continued)

Party-in-Interest Transactions

Certain Plan investments in 2012 commingled funds were managed by Northern Trust, the Trustee of the Plan beginning January 1, 2012. Additionally, certain Plan investments in 2011 commingled funds were managed by BONY, the trustee of the Plan through December 31, 2011. The transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules under ERISA.

3. Recently Issued Accounting Standards

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, to converge the fair value measurement guidance in accounting principles generally accepted in the United States and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan adopted ASU 2011-04 effective January 1, 2012. The adoption had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

4. Actuarial Assumptions

Accumulated plan benefits represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees. At December 31, 2011, the actuarial present value of accumulated benefits was determined by an actuary from Fidelity Investments (Fidelity), and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee services rendered to the valuation date.

The assumed rate of interest used in calculating the accumulated plan benefit obligation as of December 31, 2011 and 2010, was 8.00% and 8.25%, respectively. Mortality rates for active participants and disabled pensioners are based on the 2000 Combined Healthy Mortality Table projected to 2014 as of December 31, 2011 and 2010. Disability, termination, and retirement rates are based on published statistical data including disability rates ranging from 0.04% at age 25 to 1.75% at age 65, termination rates ranging from 28.40% at age 20 to 4.00% at age 50, and retirement rates ranging from 5.00% at age 55 to 100.00% at age 70. As of December 31, 2011 and 2010, benefit commencement age for current and future terminated vested employees is age 62. Benefits for participants over the age of 65 who have not yet commenced payment and active participants that are assumed to work past the age of 65 have been actuarially increased to reflect their current benefits under the pension plan.

Notes to Financial Statements (continued)

Following is a summary of the present value of accumulated plan benefits at December 31, 2011:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 76,353,013
Other participants	<u>110,504,782</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 186,857,795</u>

Following are the changes in accumulated plan benefits from December 31, 2010 to December 31, 2011:

Actuarial present value of accumulated plan benefits at December 31, 2010	\$ 441,019,916
Increase (decrease) during year attributed to:	
Interest due to the decrease in the discount period	14,185,823
Benefits paid	(9,212,858)
Pension spin-off	(263,812,958)
Changes in interest rate	4,633,640
Benefits accumulated and actuarial losses	<u>44,232</u>
Actuarial present value of accumulated plan benefits at December 31, 2011	<u>\$ 186,857,795</u>

Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Effective January 1, 2011, the Company split the pension plan and transferred approximately 60% of the accumulated plan benefits to A.H. Belo. See Note 1.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

All investment information disclosed in the accompanying financial statements and supplemental schedules for the year ended December 31, 2012, including investments held at December 31, 2012, and net appreciation in fair value of investments for the year then ended, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Northern Trust, the trustee of the Plan.

6. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value, clarifies the definition of fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets and liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments in commingled funds are reported at the net asset value based on the fair value of the underlying assets as determined by the sponsor of the respective funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The primary investment objective of the Plan is to ensure, over the long-term life of the Plan, an adequate pool of assets to support the benefit obligations to participants, retirees and beneficiaries. A secondary objective of the Plan is to achieve a level of investment return consistent with the prudent level of portfolio risk that will minimize the financial effect of the Plan on the Company. The investments in the Plan largely consist of low-cost, broad-market index funds to mitigate risks of concentration within market sectors. Each of the funds is diversified across a wide number of securities within its stated asset class. The funds require a 15-day notice for withdrawal.

Notes to Financial Statements (continued)

At December 31, 2012 and 2011, the Plan's investments are in commingled funds, which are recorded at fair value as determined by the sponsor of the respective funds based upon closing market quotes of the underlying assets. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 21, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to

The G. B. Dealey Retirement Pension Plan

Notes to Financial Statements (continued)

maintain its qualification. The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. As of the filing date, the tax years ended December 31, 2010 and 2011 are under audit. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. Subsequent Events

On June 12, 2013, the Company entered into an Agreement and Plan of Merger (Merger Agreement) with Gannett Co., Inc. (Gannett) and Delta Acquisition Corp., a wholly-owned subsidiary of Gannett (Merger Sub). The Merger Agreement provides that, subject to the terms and conditions set forth in the Merger Agreement, Merger Sub will merge with and into the Company (Merger), with the Company continuing as the surviving corporation and a wholly-owned subsidiary of Gannett. Subject to antitrust approval, Federal Communications Commission (FCC) approval, approval by holders of two-thirds of the voting power of Belo Corp. shares, and customary closing conditions, the Company expects the Merger to be consummated by the end of 2013. The impact of the merger on the Plan is unknown.

Plan management has evaluated subsequent events from the date of the financial statements through October 10, 2013, the date the accompanying financial statements were available to be issued.
