Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1	Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zenetex, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ZENETEX, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1 – Description of plan

The following brief description of the Zenetex, LLC 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code (IRC). Under the provisions of the Plan, substantially all employees of Zenetex, LLC (the Company) who are 18 years of age are eligible to participate in the Plan. Eligible employees may become participants on the first day of the month coinciding with or next following the date the requirements for eligibility are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective August 1, 2010, primarily to make the Plan compliant with legislative and regulatory changes. The Plan's assets are invested with John Hancock Life Insurance Company (John Hancock). Duncan Financial Group, LLC (Duncan) serves as the Plan's record keeper.

Administrative Expenses – The Plan is administered by the Company's Pension Committee. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Company or by the account of the participant.

Participant Contributions – Participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis subject to statutory limitations of the Internal Revenue Code. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$5,500 for the year ended December 31, 2012. Upon becoming a participant, the Company will automatically deduct 3% of the employee's eligible compensation, as defined in the Plan, unless the participant elects otherwise.

Company Contributions – The Company may make a discretionary match, which when given, is equal to a percentage of each participant's elected deferral, as it determines each year, up to a discretionary percentage of a participant's compensation or a discretionary dollar amount. The Company made 25% discretionary matching contributions up to 6% of eligible employee compensation paid from July 2012 through 2012. For any employee whose work performed is subject to prevailing wage laws, the Company will make contributions to satisfy the fringe benefit requirements of the law.

Participant Accounts – Individual accounts are maintained for each participant and include the participant's contributions, employer discretionary matching contribution (if any), prevailing wage contributions, and Plan earnings (losses) including realized and unrealized gains and losses on investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, and prevailing wage contributions plus actual earnings (losses) thereon. Vesting in the Company discretionary match plus actual earnings (losses) thereon is based on years of continuous service. A participant becomes 100% vested in Company contributions upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

ZENETEX, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1 – Description of plan (continued)

Company contributions vest ratably as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1	25%
2	50%
3	75%
4	100%

Forfeitures – Forfeited balances of terminated participants' nonvested account balances shall be used first against administrative expenses and then against Company contributions. There were no forfeitures that were used to reduce administrative expenses or Company contributions in 2012. Forfeitures available for use totaled \$2,463 and \$1,914 at December 31, 2012 and 2011, respectively.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant with an account balance of \$1,000 or greater may elect to receive a distribution under any of the optional forms available under the Plan. A participant with an account balance of less than \$1,000 is required to take a lump-sum payment upon termination of service. For termination of service for other reasons, a participant may either directly roll over their vested account balance to an individual retirement account or another employer plan, receive the value of the vested interest in his or her account as a lump-sum distribution, or leave the vested balance within the Plan to provide future benefits.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Participants may borrow against their vested accounts in any amount greater than \$1,000, but less than 50% of their vested account balance, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Notes must be repaid with five years unless it is for the purchase of a primary residence. At December 31, 2012, interest rates on notes receivable from participants ranged from 4.25% to 10.25% and were due through July 21, 2017. Principal and interest are paid ratably through payroll distributions.

Note 2 – Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

ZENETEX, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 2 – Summary of significant accounting policies (continued)

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurements – Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts – These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common/Collective investment trusts – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments and other portfolio instruments are generally valued using a market approach. With respect to the underlying funds, equity investments for which market quotations are readily available (including registered investment companies that are exchange traded) are valued at the last reported sale price on their principal exchange on valuation date, or official close price for certain markets. If no sales are reported for that day, investments are

Note 2 – Summary of significant accounting policies (continued)

valued at the last published sale price, the mean between the last reported bid and ask prices, or at fair value determined in good faith by the trustee. The NAV is generally classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Stable value fund – This investment is an investment contract with underlying investments in contracts recorded at fair value of the underlying investments, and then adjusted by the issuer to contract value, which is generally the stated NAV. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Income of these funds is reported as investment income in the statement of changes in net assets available for benefits. The stable value fund is classified within Level 2 of the valuation hierarchy.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

New Accounting Standards Adopted – In May 2011, the Financial Accounting Standards Board ("FASB") issued guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between GAAP and International Reporting Standards. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This guidance is effective for annual periods beginning after December 15, 2011, and should be applied prospectively. As this guidance is only disclosure related, it did not have any changes to the carrying value of the investments on the statements of net assets as of December 31, 2012 and 2011.

Note 3 – Investments

Investments consist of various pooled separate accounts that allow participants to diversify their holdings. Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contribution across these options in any proportion they wish, and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

As of December 31, 2012 and 2011, participants had the choice of investing their contributions, along with Company contributions, in over 50 different investment funds. The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2012	2011
LifeStyle Fund Balanced Portfolio	\$ 1,088,283	\$ 547,883
American Balanced Fund	462,533	336,079
LifeStyle Fund Growth Portfolio	569,896	326,198
Retirement Living at 2025	375,589	241,235
Retirement Living at 2030	*	140,863
LifeStyle Fund Aggressive Portfolio	301,945	139,517
LifeStyle Fund Conservative Portfolio	469,788	139,573
John Hancock Stable Value	366,626	*

* Investment is less than 5% of the Plan's net assets.

During the Plan year ended December 31, 2012, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$392,392.

John Hancock Stable Value Fund, a common/collective trust, is presented in the financial statements at fair value and adjusted to the contract value as reported to the Plan by the Trustee. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. If an event occurs that may impair the ability of the contract issuer to perform in accordance with the contract terms, fair value may be less than contract value. For the year ended December 31, 2012, the average annual total return was 1.57%, and the yield credited to participant accounts was 2.61%.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 4 – Fair value measurements (continued)

The Trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The Trust's investments are in the Group Annuity Contract ("GAC") issued originally by John Hancock Life Insurance Company ("JHLICO"), a separate account group annuity contract issue by Metropolitan Life Insurance Company and Bond Fund of the Prudential Trust Company Collective Trust, together with a synthetic GIC contract issued by the Prudential Insurance Company of America.

Events Limiting Contract Value Treatment – Investments contracts are valued at contract value principally because participants are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participating plan. A benefit-responsive withdrawal includes a payment to a participant arising from retirement, termination of employment, disability or death. In the normal course, participant events are predictable (for participants as a group) such that the economic integrity of investment contracts is largely unaffected by participant withdrawals.

Note 5 – Information prepared and certified by John Hancock

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

John Hancock has supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the statement of changes in net assets available for benefits for the year ended December 31, 2012.

The following information and related data included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock:

	2012	2011
Investments at fair value:		
Pooled separate accounts	\$ 4,990,251	\$ 2,497,776
Common/Collective Trust	366,626	34,232

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 6 – Tax status

The Plan is a prototype non-standardized plan with a cash-or-deferred arrangement, which has received an opinion letter from the Internal Revenue Service, dated March 1, 2009, stating that the prototype plan qualifies under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of this determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 – Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31,</u>	
	<u>2012</u>	<u>2011</u>
Net assets available for benefits per the financial statements	\$ 5,508,377	\$ 2,631,060
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>13,602</u>	<u>-</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 5,521,979</u>	<u>\$ 2,631,060</u>

Note 8 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 9 – Parties-in-interest

Certain Plan investments are shares of pooled separate accounts and general accounts managed by John Hancock; therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian totaled \$1,658 for the year ended December 31, 2012.
