## NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011

**Note 1. DESCRIPTION OF PLAN:**

The following brief description of the Tri-Phase, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution plan covering all employees of Tri-Phase, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code.

Eligibility:

Employees are eligible to participate in the Plan once they attain age 18 and complete 3 months of service. Once eligibility has been established, participants may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Employee contributions:

Participants may contribute up to 75% of their annual wages subject to annual limits as set by the Internal Revenue Code. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $17,000 and $16,500 for 2012 and 2011, respectively. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($5,500 in 2012 and 2011) or the participant's compensation for the year reduced by the participant's other elective deferrals.

Employer's contributions:

Safe harbor matching contributions:

The Company matches 100% of the amount of the participant's deferrals that do not exceed 3% of the participant's compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation. The Company's matching contribution for the year ended December 31, 2012 was $194,337.

Discretionary contributions:

The Company, at its discretion, may contribute to an integrated profit sharing plan, which means the Plan takes into account contributions the Company makes for employees under the Federal Social Security Act in making Company contribution allocations. For each plan year the Company contributes to the Plan, the Advisory Committee will allocate this contribution to the separate accounts maintained for participants. The discretionary contribution for the year ended December 31, 2012 was $433,808.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocation of: (1) the Company's contributions and (2) Plan earnings. The benefit to which a participant is entitled is the benefit, which can be provided from the participant's account less any unvested portion of the Company's contributions.

## NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011

**Note 1. DESCRIPTION OF PLAN (Continued):**

Vesting:

Participants are immediately vested in their voluntary contributions and the employer safe harbor matching contribution. The participants are vested in the Company's non-matching contributions based on the number of years of service. Participants become 20% vested each year beginning at year two through year six.

Benefit payments:

On termination of service, retirement or death, a participant or his or her beneficiary is entitled to receive a lump-sum distribution equal to the value of his or her account.

Forfeited accounts:

Forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be allocated among the remaining plan participants in the same manner as Company discretionary contributions. At December 31, 2012 and December 31, 2011, forfeited non-vested account totaled $3,125 and $542, respectively. For the year ended December 31, 2012, $0 from forfeited accounts was used to offset expenses of the Plan and to reduce the Company's matching contribution.

Administrative expenses:

The Company pays some administrative expenses of the Plan. Certain investment expenses are charged to the participant's account.

**Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Method of accounting:

The financial statements are prepared using the accrual basis of accounting.

Investment valuation and income recognition:

The investments in mutual funds, common stocks, corporate bonds and debentures and government obligations are stated at fair value based on quoted market prices as of the last day of the Plan's fiscal year.

The pooled funds are stated at fair value, which is the Plan's prorata share of the underlying assets of the fund based on quoted market prices as of the last day of the Plan's fiscal year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described in professional accounting standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the professional accounting standard, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

**Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):**

Notes receivable from participants:

Loans to participants are valued at current book balances, which approximate fair value.

Allowance for doubtful accounts:

After an analysis of notes receivable from participants, the Plan Administrator has determined that an allowance for doubtful accounts is not required.

Separate funds:

The Plan currently provides that participants' contributions may be invested by participants in one or more mutual funds and managed accounts.

Subsequent events:

Management has evaluated subsequent events through October 10, 2013, the date which the financial statements were available for issue.

**Note 3. NATURE OF ESTIMATES:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:**

The Plan provides for various investment options in any one or a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. All of the Plan's assets are invested in accounts with Morgan Stanley Smith Barney and MG Trust Company and are subject to the SIPC insurance limitations. All assets held in accounts with MG Trust Company are subject to participant investment direction. All assets held in accounts with Morgan Stanley Smith Barney are subject to trustee investment direction.

**NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011**

**Note 7. FAIR VALUE MEASUREMENTS:**

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and December 31, 2011.

***Common stocks:*** Valued at the closing price reported on the active market on which the individual securities are traded.

***Corporate bonds:*** Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

***Mutual funds:*** Valued at the net asset value (NAV) of shares held by the plan at year end.

***Guaranteed investment contract:*** Valued at the net asset value, exclusive of the adjustment to contract value (See Note 8).

**NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2012 AND DECEMBER 31, 2011**

**Note 7. FAIR VALUE MEASUREMENTS (Continued):**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and December 31, 2011:

**Assets at Fair Value as of December 31, 2012**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 5,381,429 | $ - | $ - | $ 5,381,429 |
| Corporate fixed income | - | 665,490 | - | 665,490 |
| Stock | 53,217 | - | - | 53,217 |
| Guaranteed investment contract | - | 1,349,515 | - | 1,349,515 |
| Assets at fair value | $ 5,434,646 | $ 2,015,005 | $ - | $ 7,449,651 |

**Assets at Fair Value as of December 31, 2011**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 4,174,202 | $ - | $ - | $ 4,174,202 |
| Corporate fixed income | - | 357,862 | - | 357,862 |
| Guaranteed investment contract | - | 1,309,492 | - | 1,309,492 |
| Assets at fair value | $ 4,174,202 | $ 1,667,354 | $ - | $ 5,841,556 |

**Note 8. BENEFIT RESPONSIVE INVESTMENTS:**

The Plan entered into a benefit-responsive investment contract with Wells Fargo Bank (Wells Fargo). Wells Fargo maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**Note 8. BENEFIT RESPONSIVE INVESTMENTS (CONTINUED):**

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage. The yield earned by the Fund at December 31, 2012 and 2011 was 0.94% and 1.56%, respectively. The annualized earnings credited to participants in the Fund at December 31, 2012 and 2011 was 1.95% and 2.33%, respectively. Interest rates are reviewed on a quarterly basis for resetting.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Such events may include but are not limited to: Amendment to the administration of the fund, merge or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the fund, transfer to competing options without meeting the equity wash provisions of the fund, and plan sponsor withdrawal without the appropriate notice to the fund and/or issuer.

The Plan currently has a holding of $1,349,515 in Wells Fargo Stable Value Fund, a benefit-responsive investment.

**Note 9. INCOME TAX STATUS:**

The Plan has been granted tax-exempt status by both the Federal government and the State of California.

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan recognizes the financial statement benefit of an uncertain tax position only after considering the probability that a tax authority would sustain the position in an examination. For tax position meeting a "more-likely-than-not" threshold, the amount recognized in the financial statements is the benefit expected to be realized upon settlement with the tax authority. For tax positions not meeting the threshold, no financial statement benefit is recognized. As of December 31, 2012, the Plan has had no uncertain tax position. The Plan recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense. Annual returns for the years prior to 2009 are no longer subject to examination by tax authorities.

**Note 10. PLAN TERMINATION:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
