Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Jarden Consolidated Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3, which was certified by Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes transactions related to these assets. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules listed in the table of contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report of Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Jarden Consolidated Pension Plan

Notes to Financial Statements
December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of the Jarden Consolidated Pension Plan (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guarantee Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

General

The Plan is a non-contributory defined-benefit plan. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Northern Trust Company is the trustee of the majority of Plan assets.

Effective December 31, 1988, the Hammon Precision Equipment Company Pension Plan and the Retirement Plan for Salaried Employees of Gomco Surgical Manufacturing Co., two defined-benefit plans maintained by Chemetron Corporation (Chemetron), were merged into the Carbonic Engineering Company Employees' Pension Plan (CEC Plan).

Concurrent with the merger, sponsorship of the CEC Plan was transferred from Chemetron to Allegheny International, Inc. (Allegheny). Allegheny assumed all assets and liabilities of the CEC Plan, which merged with the Allegheny International, Inc. Consolidated Retirement Plan. At the time of the merger, the CEC Plan's name was changed to the Allegheny International, Inc. Salaried and Hourly Consolidated Retirement Plan and was subsequently renamed the Sunbeam-Oster Company, Inc. Consolidated Retirement Plan. No changes in benefits occurred as a result of the mergers.

Prior to the mergers of the plans, benefits to participants were frozen at various dates and the last freeze date was September 3, 1987. Active participants who were not fully vested in their benefits at the freeze date have continued to be credited with service for vesting purposes only. The Plan Sponsor intends to continue the Plan as a "frozen" plan, thus participants will no longer accrue benefits, but the Plan will remain in existence as long as necessary to pay existing accrued benefits.

As of January 1, 1999, the Sunbeam-Oster Company, Inc. Consolidated Retirement Plan was renamed the Sunbeam Products, Inc. Consolidated Retirement Plan.

Effective December 31, 2002, the Pension Plan for Employees of Sunbeam Products, Inc., the Pension Plan for Hourly Employees of Sunbeam Products, Inc. at the Portland, Tennessee Plant, the Thermco Systems, Inc. Employees' Pension Plan, a cash balance plan, and the Pension Plan for Hourly Employees of Sunbeam Products, Inc. at the Nacogdoches, Texas; Waynesboro, Georgia; and Linton, Indiana Plants (collectively, the Merged Plans) were merged into the Plan. Benefits to participants of the Merged Plans were frozen (excluding interest credits on cash balance accounts, which will continue) at various dates prior to the Plan merger, except for the benefits of certain participants of the Pension Plan for Employees of Sunbeam Products, Inc. that were frozen effective January 1, 2004. The merger had no effect on the amounts of benefits payable or the timing and forming of benefits payable to any participant.

Prior to September 28, 1990, the Plan was administered by Allegheny. Effective September 28, 1990, in conjunction with Sunbeam Corporation's (formerly Sunbeam-Oster Company, Inc. and now known as American Household, Inc.) (AHI) acquisition of Allegheny (through a reorganization) and pursuant to the Purchase and Assumption Agreement between Sunbeam Americas Holdings, Ltd. (SAHL) and Sunbeam Corporation, SAHL became the Plan Sponsor and successor company for all tax-qualified pension plans formerly sponsored by Allegheny or any of its subsidiaries or affiliates. In January 2005, Jarden Corporation (Jarden) acquired all outstanding common shares of AHI. The Plan is administered by Jarden.

Effective December 31, 2005, the Forster, Inc. Employees' Pension Plan, the Diamond Brands, Inc. Retirement Plan for Hourly Paid Employees, the BRK Brands, Inc. Retirement Plan, the Coleman Company, Inc. Pension Plan for Weekly Salaried and Hourly Paid Employees, and the Coleman Company, Inc. Retirement Plan for Salaried Employees merged with and into the Plan. These plans were all frozen prior to the December 31, 2005 merging.

Effective December 31, 2009, the Jarden Corporation Consolidated Hourly Pension Plan (Jarden Hourly Plan), The United States Playing Card Company Pension Plan for Non-Union Employees (USPC Plan), and Pension Plan of K2 Inc. (K2 Plan) merged with and into the Plan (2009 Merger). In conjunction with the 2009 Merger, the Plan name changed from the Sunbeam Products, Inc. Consolidated Retirement Plan to the Jarden Consolidated Pension Plan. The trustee of the assets held by the K2 Plan at the beginning of 2010 was New York Life Trust Company.

Effective January 1, 2012, the Penn Fishing Tackle Manufacturing Company Amended and Restated Pension Plan (Penn Pension) was transferred into the Plan. The assets are transferred in the Plan as of December 31, 2011 and were recorded as cash.

Effective December 31, 2012, the Plan was amended to freeze all benefits of the Consumer Products Company of Muncie, Indiana.

Contributions

Except as prevented by any contractual obligation or obligations between SAHL and Plan participants, SAHL may reduce, discontinue or suspend contributions to the Plan at any time. SAHL currently intends to continue to make contributions in amounts sufficient to comply with the minimum funding requirements of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan has met the minimum funding requirements established by the federal government.

Pension Benefits

The Plan is a defined-benefit plan covering deferred vesting and retired participants and consists of a number of subplans. Each participant's benefit is determined in accordance with the provisions of the subplan under which the participant was covered at the time of retirement or termination of employment. Under the Plan's provisions, a participant is eligible for a normal retirement benefit upon reaching 65. Each subplan also provides other retirement options based upon a combination of factors, including age and years of service.

Death Benefits

Except as otherwise provided in the appendix applicable to the subplan in which the employee is a participant, the spouse of a vested participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of a participant. The surviving spouse annuity is equal to 50% of the participant's monthly benefit. This benefit is immediately payable to the spouse if the participant was already receiving benefits. If the participant was not already receiving benefits, payments to the spouse may commence as of the earliest date the participant would have received benefits.

Vesting

Except as otherwise provided in the appendix applicable to the subplan in which the employee is a participant, each participant with five or more years of vested service shall have a 100% vested right to his accrued benefit.

Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

(A) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.

(B) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations discussed below. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

(C) Vested benefits not insured by the PBGC.

(D) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. Hedge funds are valued at the net asset value of shares held by the Plan at year end. The investments in limited partnerships, for which quoted market prices are not available, are valued by applicable managers. Money market funds are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The unallocated insurance contract is stated at contract value, as the contract was entered into by the K2 Plan with AXA Equitable Life Insurance Company prior to December 31, 1993. The contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

All administrative fees and other expenses are either charged directly to the Plan.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 6) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

(A) Retired or terminated employees or their beneficiaries

(B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation and length of service, as defined in each subplan, during their credited service. The accumulated plan benefits for active employees are based on their compensation or length of service preceding the valuation date. Benefits payable under all circumstances — retirement, death, disability and termination of employment — are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

Plan Tax Status

The Plan obtained its latest determination letter on October 16, 2002, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2009.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note 3: Investments

The Plan's investments are held by the trustee. The Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value as follows:

	2012	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ 7,241,611	$ 98,964,505
Common stock	27,272	20
Common collective trust	15,559,528	107,661,090
Hedge funds	1,413,989	31,180,826

Money market funds	-	134,693
Other investments	-	142
	$ 171,141	$ 221,785,178

The unallocated insurance contracts included above are excluded from the trustee certification.

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2012	2011
PIMCO All Asset Fund Inst	$ 26,017,297	$ 22,536,560
Vanguard Fixed Inc. Long-Term Corp. Admiral	62,434,469	60,708,544

Mellon Global Funds EB DV Alpha Fund	25,339,276	23,055,026
Sandeson International Value Group	17,750,174	14,650,747
Walter Scott International Group Trust	19,097,468	15,860,420
Primus High Yield Bond Fund	13,999,389	12,522,763

Interest and dividends realized on the Plan's investments for the years ended December 31, 2012 and 2011 was $5,274,130 and $5,035,348, respectively.

Alternative Investments

Except as described below, the fair value of alternative investments has been estimated using the net asset value per share of the investments. Alternative investments held at December 31 consist of the following:

	2012			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund (A)	$ 25,339,276	$ -	Monthly	N/A
Hedge funds (B)	31,180,826	-	Monthly or Quarterly	45 to 60 days

	2011			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund (A)	$ 23,055,026	$ -	Monthly	N/A
Hedge funds (B)	19,766,387	-	Quarterly	60 days

(A) This category includes an investment in a collective trust fund that pursues multiple strategies to exceed the performance of certain industrial averages. The fund may invest in securities, a combination of other collective funds, or swap and option contracts. The net asset value of the fund is determined as of the end of each month utilizing the values of the underlying assets.

(B) This category includes investments in hedge funds that primarily invest in limited partnerships and other entities that invest in financial instruments. Management of the funds has the ability to shift investments among differing investment strategies. The funds have the ability to liquidate their investments periodically, ranging from monthly to annually.

Note 4: Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2012 and 2011:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis.

In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

During 2012, the Plan evaluated the inputs used and redemption restriction to determine fair value of the Ascend Partners Fund was considered a Level 2 investment. This reclassification was made to the 2011 financial statements to conform to the 2012 financial statement presentation. The reclassification had no effect on changes in net assets available for benefits.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

The value of certain investments, classified as alternative investments, is determined using net asset value (or its equivalent) as a practical expedient. Investments for which the Plan expects to have the ability to redeem its investments with the investee within 12 months after the reporting date are categorized as Level 2. Investments for which the Plan does not expect to be able to redeem its investments with the investee within 12 months after the reporting date are categorized as Level 3.

Fair value determinations for Level 3 measurements of securities are the responsibility of the accounting department. The accounting department contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The accounting department office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 1 securities are comprised of the following:

- Equities: Consisting of mutual funds
- Fixed Income: Consisting of mutual funds
- Alternatives: Consisting of mutual funds
- Cash and Other: Consisting of money market funds and common collective trusts

Level 2 securities are comprised of the following:

- Equities: Consisting of common collective trusts
- Fixed Income: Consisting of partnerships
- Alternatives: Consisting of common collective trusts and hedge funds

Level 3 securities are comprised of the following:

- Alternatives: Consisting of partnerships, hedge funds, common and preferred stocks of nonpublic (private) companies and miscellaneous other investments

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Alternatives
Balance, January 1, 2011	$ 3,555,829
Total realized and unrealized gains included in net increase in net assets available for benefits	53,717
Purchases	8,843,450
Sales	(535,888)
Balance, December 31, 2011	11,917,108
Total realized and unrealized gains included in net increase in net assets available for benefits	1,216,730
Sales	(283,573)
Balance, December 31, 2012	$ 12,850,265
Total gains for the period included in net increase in net assets available for benefits attributable to the change in unrealized gains or losses related to assets and liabilities still held at December 31, 2012	$ 1,216,730
Total gains for the period included in net increase in net assets available for benefits attributable to the change in unrealized gains or losses related to assets and liabilities still held at December 31, 2011	$ 53,717

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	Fair Value at December 31, 2012	Valuation Technique	Unobservable Inputs	Range (Weighted-Average)
Elliott International Limited Class B	$ 11,272,261	Net asset value	Lack of redeemability/ liquidity in the following twelve months	0%
MB Absolute Return Fund	$ 1,577,842	Available market value from Investment Advisor	None Available	None Available

Note 5: Contract With Insurance Company

The Plan has an unallocated insurance contract with AXA Equitable Life Insurance Company (AXA), whereby AXA maintains the deposits for a former plan, which merged into the K2 Plan effective January 1, 1993. The deposits are maintained in a fund to which interest is added at varying rates, which are determined annually at December 31. At the direction of the Plan Administrator, a portion of the fund can be transferred to pooled separate accounts of the insurance company or to a bank-administered trust fund. However, amounts withdrawn from the insurance contract in excess of calendar year additions to the contract are subject to a "market value adjustment" by AXA, as defined. There were no contributions to the insurance contract during 2012 and 2011. AXA does not guarantee the funds invested in the pooled separate accounts as to principal or income. The value of the insurance contract is $1,129,722 and $1,196,030 at December 31, 2012 and 2011, respectively.

Benefit payments to the participants or their beneficiaries are made directly by AXA from the funds accumulated under the Contract. At December 31, 2012 and 2011, $655,098 and $761,084, respectively, of the contract value was committed to provide benefits for participants receiving benefit payments. AXA makes no representation and assumes no liability as to the sufficiency of the funds for the benefits to be provided by the Plan.

There are no reserves against contract value for credit risk of AXA. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Note 6: Accumulated Plan Benefits

An actuary from Mercer Human Resource Consulting determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of January 1, 2013 and 2012, are as follows:

	2013	2012
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	$ 148,164,775	$ 146,214,594
Other participants	83,219,838	84,494,363
	231,384,613	230,708,957
Nonvested benefits	1,465,849	1,484,764
Total actuarial present value of accumulated plan benefits	$ 232,850,462	$ 232,193,721

Changes in the actuarial present value of accumulated plan benefits were as follows:

	2013	2012
Actuarial present value of accumulated plan benefits, beginning balance	$ 232,193,721	$ 232,141,768
Increase (decrease) during the year attributable to		
Change in actuarial assumptions (2012 - 2011 Rate of Return and Mortality)	5,611,714	594,329
Increase in interest due to the decrease in discount period	17,727,451	17,754,601
Decrease due to actuarial gain netted against benefit accumulated during the year	(1,481,264)	-
Plan Merger of Penn Fishing Tackle Manufacturing Company Amended and Restated Pension Plan	-	2,121,524
Benefits paid	(21,201,160)	(20,418,501)
Net increase	656,741	51,953
Actuarial present value of accumulated plan benefits, ending balance	$ 232,850,462	$ 232,193,721

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: 7.75% for 2013 and 8.00% for 2012
- Mortality basis: PPA static separate annuitant and nonannuitant tables for 2013 and 2012
- Retirement: Average retirement age of 65 (Forster participants age 63)
- Asset valuation: Market

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 7: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The following administrative fees to parties-in-interest are charged directly to the Plan:

	2012	2011
Actuarial services	$ 239,763	$ 232,632
Recordkeeping	792,900	765,347
PBGC premiums	878,023	688,275
Investment manager fees	778,491	990,468
Trust fees	226,787	223,041
Other professional services	224,363	93,041
	$ 3,140,327	$ 2,992,804

The Company provides certain administrative services at no cost to the Plan.

Certain plan investments are shares of money market funds managed by the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods

Asset Methods – Effective January 1, 2009

The asset valuation method is an average of the adjusted market value for each year during the two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods – Effective January 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Annuity contracts:** The plan has an Immediate Participation Guarantee contract covering a small group of annuitants in the plan. We value the annuity payable under this contract as a plan obligation and the current value of the contract as an asset to the plan.

Minimum Funding Methods – Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 22 — Description of Weighted Average Retirement Age

Each employee is assumed to retire in accordance with the table of retirement rates. The proportion of employees expected to retire at each potential retirement age is shown below. The average retirement age is 62.

Forster Participants - 3% of the Active Participants

The weighted average retirement age is the total for column E divided by the total for column D. It should be noted that while only integral values are shown in the table, the full content of each cell, including decimal portions, is used in the calculations.

Schedule SB, Part V — Summary of Plan Provisions

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through December 31, 2009, are included in this valuation.

- **Most recent plan amendments included***:* The Penn Fishing Tackle Manufacturing Co. Pension Plan was merged into the Jarden Consolidated Pension Plan effective January 1, 2012. We have also reflected a collective bargaining agreement with the United Steel Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union and Jarden Corporation reflecting a change to the Jarden Muncie sub-plan. The agreement was ratified in 2010 and only affecting benefits at the end of 2012. The plan will be amended to reflect this change.
- **Plan amendments excluded:** None
- **Late retirement increases:**
  - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* N/A
  - *Plan amendments:* See above.
  - Prohibited payments: Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - Benefit accruals: The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Schedule SB, Part V — Summary of Plan Provisions

Normal Retirement Benefit	For participants who have an hour of service on or after 1/1/89, the greater of A or B, below. For other participants, benefits determined under B, below. A. 1.0% of Final Average Earnings up to Covered Compensation times credited Service (maximum 35 years) plus, 1.5% of Final Average Earning in excess of Covered Compensation times Credited Service (maximum 35 years) plus, 0.5% of Final Average Earnings times Credited Service in excess of 35 years. B. 1.6% of Final Average Earnings multiplied by his years of Eligible Service (including fractional years) not in excess of 35 years minus 1.6% of his Social Security Benefit multiplied by his years of Eligible Service (including fractional years) not in excess of 35 years plus 0.5% of Final Average Earnings multiplied by his years of Eligible Service (including fractional years) in excess of 35 years. For purposes of B, Eligible Service after 12/31/88 shall be disregarded.
Eligible Prior Plan Participants	An employee who was a participant in the plan as amended and in effect on December 31, 1977 and who had attained age 50 or completed at least 25 years of Service as of such date is eligible for the special benefits described below applicable to such participants.
Early Retirement Age	Basic — Age 55 and ten years of Service Supplement — Age 55 and thirty years of Service 70/80 — a) Fifteen years of Service; (b) age 55 and combined age and years of Service equals at least 70 or combined age and years of Service equals at least 80; and (c) employment with the Employer terminated by reason of permanent job elimination caused by either plant or department reorganization or plant or facility closing 60/10 — Pilots who are not Eligible Prior Plan Participants (EPPPs), have attained age 60 and have 10 years of Service 62/10 — Age 62 and 10 years of Service (applies only to EPPPs) 60/10 — Age 60 and 10 years of Service (applies only to EPPPs)
Early Retirement Benefit	Basic Benefit commences at (a) Early Retirement Date based on the Participant's Earnings, service and Social Security Benefit at the earlier of the Freeze date or such date, but reduced, for Employees other than Pilots, by one-half of one percent for each month that the date of his benefit commencement precedes his Normal Retirement Date or (b) in an unreduced amount beginning on Normal Retirement Date. The reduction in subsection (a) above for Pilots is one-half of one percent for each month that the date of his benefit commencement precedes the last day of the month in which his 60th birthday occurs.

Schedule SB, Part V — Summary of Plan Provisions

Supplement

Benefit payments will be reduced, instead of the reduction described above, for Employees other than Pilots, by one-half of one percent for each month that the date of his benefit commencement precedes the earlier of (a) the month in which occurs the Participant's 62nd birthday; or (b) the month in which he becomes eligible, or upon application would become eligible, to receive old age benefits or disability insurance payments under the Social Security Act. The reduction above for pilots is one-half of one percent for each month that the date of his benefit commencement precedes the last day of the month in which his 60th birthday occurs. Further, for employees who meet the eligibility criteria on the Freeze Date $225 per month payable from the later of his early retirement date or the month his early retirement payments begin until the earlier of (a) his death; (b) his 62nd birthday; or (c) the date on which he becomes eligible, or upon application would become eligible, to receive old age benefits or disability insurance payments under Title II of the Social Security Act.

70/80

Benefit is computed from his retirement date and ending with the month in which his 62nd birthday occurs based on his Earnings, service and Social Security Benefit on his retirement date, and reduced by one-half of one percent for each month that his retirement date precedes the last day of the month in which his 62nd birthday occurs, except that if he attains his 62nd birthday on the first day of a month, the reduction will apply for each month that his retirement date precedes the last day of the month prior to the month in which his 62nd birthday occurs. Employees who are less than age 55 at the date payments commence will be assumed to be age 55 for purposes of calculating this reduction. Beginning with the month in which he attains age 62, his early retirement income will be recomputed as a normal retirement income benefit. For employees who are eligible to retire on the Freeze Date under the 70/80 pension entitlement and who have not attained their 62nd birthday will also be entitled to a supplemental monthly pension of $225 payable until the earlier of (a) his death; (b) his 62 birthday; or (c) the date on which he becomes eligible, or upon application would become eligible, to receive old age benefits or disability insurance payments under Title II of the Social Security Act.

60/10 (Pilots only)

Benefit commences at Early Retirement Date based on the Participant's Earnings and Social Security Benefit on the earlier of the Freeze Date or such date, and on the Eligible Service that he would have accumulated had he remained an Employee until age 65. In addition, he will also be entitled to a supplemental monthly pension of $225 payable beginning with the month in which he retires until the month in which occurs his 62nd birthday, except that if he attains his 62nd birthday on the first day of a month, the supplemental payments will end with the month prior to the month in which his 62nd birthday occurs.

Schedule SB, Part V — Summary of Plan Provisions

Deferred Vested Retirement Benefit	Normal retirement benefit as described above based on Earnings, service and Social Security Benefit on the earlier of the Freeze Date or participant's termination date but reduced by one-half of one percent for each month that the date of his benefit commencement (which may not be before age 55) precedes his Normal Retirement Date.
Death Benefit	The benefit payable to the surviving spouse is the benefit that would be payable if the participant had terminated employment on the date of death, survived to earliest retirement age, elected the 50% joint and survivor annuity and then died. The spousal death benefit is payable only to a spouse to whom the Participant has been continuously married throughout the one year period ending on the Participant's death, unless the Participant dies (1) while employed by the Employer after having attained his Normal Retirement Date or (2) after terminating service on or after his Normal Retirement Date, but before commencing to receive pension payments from the plan.
Forms of Payment	Normal Form – Qualified joint and 50% survivor annuity (QJSA) for married Participants, single life annuity for unmarried Participants. Optional Forms – (a) Single life annuity. (b) Joint and survivor annuity with survivor portion at either 25%, 50%, 75% or 100% of amount payable to Participant.

Disability benefit	Eligible to receive benefits under the Company's Long-Term Disability Income Plan. Benefit payable at Normal Retirement Age with final average pay calculated as of the date of disability and credited service as if the participant had remained active to his or her Normal Retirement Date.

Schedule SB, Part V — Summary of Plan Provisions

Payment of pension	The normal form of benefit for single participants is a life annuity payable monthly. For married participants, the normal form is a 50% joint and survivor annuity. In addition, the following optional forms are available: ▪ Single life annuity ▪ 5, 10 year certain and life ▪ 50% and 100% contingent annuitant ▪ Level income ▪ Lump sum for non-highly compensated Cash Accumulation Plan participants after 12/31/2003
Cash Balance Benefits (Effective January 1, 1999)	
Opening balance calculation	The December 31, 1998, accrued benefit was converted into a lump sum based on the following assumptions: Interest rate: 7% Mortality: 1983 Group Annuity Mortality Table (50/50 Male/Female Weighting) Retirement age: 65
Pay Credits	Eligibility – 10 years of service or 45 points and 5 years of vesting service Amount – According to the following schedule: Unit Points — Pay Credits Under 55 — 3.00% 55 – 59 — 4.00% 60 – 64 — 5.00% 65 – 69 — 6.00% 70 – 74 — 7.00% 75 – 79 — 8.00% 80 – 84 — 9.00% 85 and Over — 10.00% Pay credits are earned for a complete year of service during the calendar year, based on elapsed time. However, participants who terminate with one year of service and are age 55 or have at least 30 years of service, die or become totally and permanently disabled will get a pay credit for the final partial year of service. Unit Points are determined at the beginning of the year (1/1) and are equal to age plus vesting service in complete years.
Interest credits	Average yield on 30-year Treasuries for the November preceding the plan year, subject to a minimum of 5% and maximum of 9%.
Cash balance account	Equal to the prior year cash balance account plus pay credits and interest credits earned during the year.
Wear-away protection	The lump sum payable at retirement is the greater of (a) or (b): (a) The cash balance account. (b) The lump-sum value of the December 31, 1998 accrued benefit plus the pay credits with interest.
Lump-sum basis	Minimum prescribed under the Pension Protection Act (PPA) based on segment rates with a two month look back.

Schedule SB, Part V — Summary of Plan Provisions

Annuity conversion	Actuarial equivalence assuming 1994 Group Annuity Reserving Table blended equally of males and females and 30-Year Treasury rate.

Penn Fishing Tackle Manufacturing Company Pension Subplan

Effective Dates:	Original Plan: October 18, 1961 Most Recent Amendment: May 31, 2007
Eligibility Requirements:	Each Non-union Employee becomes a participant on the first of the month following date of hire. Effective May 31, 2007, the Plan is frozen to new participants.
Credited Service:	Prior to October 1, 1976, an employee will receive credit for all full calendar years and completed months of continuous employment. After September 30, 1976, an employee will receive credit for each Year of Service (a plan year during which the Employee completes 1,000 or more Hours of Service.) Effective May 31, 2007 the Plan is frozen. No further service will be accrued.
Compensation:	Compensation is the total compensation received by the participant for the prior plan year, including any amount deferred under a qualified 401(k), 403(b), or 125 plan. Excluded are amounts for other fringe benefits, moving expenses, automobile allowances, and taxable values of employer paid group term life insurance.
Average Plan Compensation:	After December 31, 2005: The average of the highest consecutive five years of Compensation in the last ten calendar years of service, but not less than the value calculated under the Plan's provisions in effect at December 31, 2005. Before January 1, 2006: The average of the highest consecutive 60 calendar months of compensation during the last 120 months of service. Effective May 31, 2007 benefit accruals were frozen; compensation after that date is not considered.
Accrued Benefit:	Monthly lifetime annuity payable commencing at the participant's Normal Retirement Date based on the Normal retirement benefit formula using Credited Service and Average Plan Compensation at date of determination, or May 31, 2007 if earlier.
Vesting:	100% vesting after 5 years of service.
Vested Benefit:	The vested benefit shall be the vested portion of the Accrued Benefit as of the date of determination.
Normal Retirement Date:	First of the month coincident with or next following attained age 65.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement benefit	The amount of Monthly Retirement Benefit payable as a life annuity is calculated as 1/12th of the greatest of a, b, c and d where: a) 0.9% of Average Plan Compensation multiplied by Credited Service, plus 0.6% of the excess, if any, of Average Plan Compensation over Covered Compensation multiplied by Credited Service limited to 43, 39, or 36 years if the participant's Social Security retirement Age is 65, 66, or 67respectively. b) $240 time years of Credited Service c) The annual benefit under the Plan provisions in effect at October 1, 1981 without recognition of compensation increases after September 1, 1981. d) The Accrued benefit earned under the Plan in effect at September 30, 1989. Covered compensation is the average of Social Security Taxable Wage Base for the 35-year period ending at the participant's Social Security retirement age. Effective May 31, 2007, the Plan is frozen; no further benefit will be accrued.
Delayed Retirement:	Eligibility Eligibility is the first of the month on or next following the actual date the participant terminates employment after Normal Retirement Date. Benefit The Benefit is the greater of the Accrued Benefit as of the actual retirement date or, if greater, the Actuarial Equivalent of Normal Retirement Benefit.
Early Retirement:	Eligibility Eligibility is contingent upon the attainment of Age 60 and completion of 5 Years of Vesting Service. Benefit A participant may retire on the first day of any month following attainment of eligibility. The amount of the monthly Early Retirement Benefit is the Participant's Accrued Benefit reduced to reflect the early commencement of payments. The reduction is 1/180 for each of the first 60 months and actuarially thereafter by which the benefit commences prior to Normal Retirement Date.
Disability Retirement:	Eligibility First day of the seventh month from date of termination of service, by reason of total and permanent disability as defined by the Social Security Administration. Benefit Accrued Benefit as of the Disability Retirement Date, without reduction for early commencement.

Schedule SB, Part V — Summary of Plan Provisions

Death Benefit:	Eligibility Eligibility is contingent upon the vesting date. Benefit If there is no Surviving Eligible Spouse, there is no benefit to be paid. Monthly Benefit to Surviving Spouse is the 50% Qualified Survivor Annuity. The date of payment is the Participant's Earliest Retirement Date.
Post-Retirement Death Benefits:	Post-retirement Death Benefits are dependent upon the form of payment selected.
Methods of Payments:	Under the Normal Form of Payment, a Participant's retirement benefit is payable as a monthly annuity for life, without further payments after death. A Participant may elect to receive the benefit under one of the following Actuarially Equivalent optional modes: A reduced benefit is paid to the Participant for life, with 100%, 75% or 50% of such benefit continued after death for the subsequent lifetime of the designated contingent annuitant. A reduced benefit is paid to the Participant for life, with 60, 120, or 180 monthly payments guaranteed. If the Participant dies within the guarantee period, the payments continue to a beneficiary until 60, 120 or 180 payments have been paid. The actuarial equivalent Lump Sum value of the Accrued Benefit. Unless the Participant has elected an option above, it is automatically assumed that a married Participant has elected an Actuarially Equivalent Joint and Survivor Option with one-half of the initial amount continued to the surviving spouse as contingent annuitant.
