Report on the Financial Statements

We have audited the accompanying financial statements of the Enercon Engineering, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Plan's custodian, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the

purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Opinion

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As more fully described in Note 12 to the financial statements, the following were restated to correct a prior year fair value adjustment: 2011 Net Assets Available, Change in Net Assets Available, and Footnotes 3, 5 and 9. Our opinion is not modified with respect to this matter.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The information summarized in Note 3 and in the supplemental schedules, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. We have been informed by the plan administrator that during plan years 2012 and 2011, the custodian held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the custodian is complete and accurate.

ENERCON ENGINEERING, INC.
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBR 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Enercon Engineering, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution profit-sharing plan covering all full-time U.S. non-collectively bargained employees of Enercon Engineering, Inc. who are age twenty-one immediately on employment. The Plan also covers all full-time U.S. non-collectively bargained employees of Smart Earth Technologies, LLC, which is commonly controlled by directors and officers of Enercon Engineering, Inc. The employers are hereinafter referred to collectively as the "Company".

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Each year, participants may elect to contribute a percentage of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During plan years 2012 and 2011, the Company matched 50 percent of the first 6 percent, respectively, of base compensation that a participant contributed to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are allocated among investments as directed by the participant. Contributions are subject to certain limitations.

Eligibility

All U.S. employees who are at least 21 years of age and are not covered by a collective bargaining agreement are eligible to make salary deferred contributions. Date of entry to the plan is the date of hire. In order to receive employer matching contributions, participants must be actively employed as of the last day of the plan year and have completed 500 hours of service.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Participant Accounts -

Each participant's account is credited with the participant's contribution and employer's matching contribution as well as allocations of (a) the Company's discretionary contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after five years of credited service. In the event of a participant's death, disability, or termination of service on or after the normal retirement date, the participant's share in the Plan becomes fully vested.

Payment of Benefits -

On termination of service due to death, disability, or retirement, a participant may receive a lump sum distribution amount equal to the value of the participant's account. A participant's normal retirement age is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in the account as a lump sum distribution. The Plan includes a provision for pre-retirement distribution of benefits relating to specific purposes of financial hardship.

Forfeitures -

Forfeitures are created when participants terminate employment and take distributions before becoming 100% vested under the Plan. Forfeitures are used to pay administrative expenses of the Plan. Remaining matching contribution forfeitures will reduce future employer matching contributions and forfeitures of profit sharing contributions will increase any profit sharing contribution in the year immediately following the plan year in which the forfeiture occurs.

NOTE 1 - DESCRIPTION OF PLAN (continued)

For plan years ended December 31, 2012 and 2011, forfeitures in the amount of $2,777 and $0, respectively, were used towards plan fees. For the plan years ended December 31, 2012 and 2011, forfeitures in the amount of $3,071 and $1,838, respectively, were allocated to participant accounts. For 2011 employer contributions made in 2012 and 2010 employer contributions made in 2011, contributions were reduced by $2,790 and $6,069, respectively, from forfeited nonvested accounts. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $11,485 and $7,583, respectively.

Notes Receivable from Participants -

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.99%, which are commensurate with local prevailing rates as determined by the plan administrator. A participant loan is considered a directed investment from the account of the participant as maintained under the Plan and, accordingly, qualifies as a party-in-interest transaction. Principal and interest is paid ratably through payroll deduction and all payments received by the Plan are credited only to the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recognized based on the accrual method.

Investment Valuation and Income Recognition -

As further detailed in Note 3, the Plan's investments were held by plan custodian JPMorgan. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a confirm-date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits -

Benefits are recorded when paid.

Operating Expenses -

For plan years ended December 31, 2012 and 2011, indirect investment expenses were deducted as 12B-1 fees. As reported on the Plan's Form 5500, Schedule C, indirect compensation paid to service provider Hartford Retirement Services, LLC was $21,547, to Reliance Trust Company was $310, and to Morningstar Associates, LLC was $19 for the year ended December 31, 2012. Direct compensation of $2,777, which is comprised mostly of distribution and loan origination fees, was borne by individual participants.

Other significant costs of plan administration, such as audit fees, are being absorbed by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Date of Management's Review -

Subsequent events were evaluated through October 8, 2013, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

		Fair Value Measurements Using:	
	Fair Value	(Level 1)	(Level 2)
December 31, 2012			
Mutual Funds	$ 6,886,213	$ 6,886,213	$ -
Investment contracts	680,462	-	680,462
Self-directed investments	189,005	189,005	-
Total	$ 7,755,680	$ 7,075,220	$ 680,462

There were no significant transfers between Levels 1 and 2 during the year ended December 31, 2012.

NOTE 3 - FAIR VALUE MEASUREMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (continued)

		Fair Value Measurements Using:	
	Fair Value	(Level 1)	(Level 2)
December 31, 2011			
Mutual Funds	$ 6,162,720	$ 6,162,720	$ -
Investment contracts	782,169	-	782,169
Self-directed investments	140,681	140,681	-
Total	$ 7,085,570	$ 6,303,401	$ 782,169

There were no significant transfers between Levels 1 and 2 during the year ended December 31, 2011. Certain reclassifications of the 2011 amounts have been made to conform to the 2012 presentation.

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority.

Level 2 valuations are based on observable inputs for the asset or liability, either directly or indirectly.

Level 3 valuations are based on unobservable inputs that are significant to the fair value of the assets or liabilities and have the lowest priority.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

NOTE 3 - FAIR VALUE MEASUREMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (continued)

Benefit Responsive Investment Contract: The fair value generally is reflected by market value at the close of business on the valuation date. Debt securities are generally traded in the over-the-counter market. Debt securities are valued at prices furnished by dealers who make markets in such securities or by an independent pricing service, which consider yield or price of bonds of comparable quality, coupon or interest rate, maturity, and type, as well as prices quoted by dealers who make markets in such securities. Futures on debt securities are valued at their closing prices as of the close of such commodities exchanges. Futures traded on foreign exchanges are valued at the last sale or close price available prior to the calculation of the Fund's net asset value. The fair value reflects the discounted present value of the difference between the current Wrap Contract cost and its replacement cost. Investments in the Underlying Investment Vehicles are valued at their respective net asset value per unit as of the report date. Certain Underlying Investment Vehicles invest a significant portion of their portfolios in securities that are fair valued in accordance with procedures adopted by JPMorgan Chase Bank, N.A.

The Stable Asset Fund (referred to as the benefit responsive insurance contract) is comprised of Level 1, 2 and 3 inputs. At the fund level, not the Plan level, less than 3% of the fair value is attributable to Level 3 valuation techniques and less than 10% is attributable to Level 1 valuation. Due to materiality, for reporting purposes, the Plan's entire benefit responsive insurance contract will be considered Level 2 inputs.

The following data, which is included in the accompanying financial statements and supplemental schedules has also been certified complete and accurate by the custodian.

	2012	2011
Investment income (loss)		
Dividends	$ 210,957	$ 182,700
Net appreciation (depreciation) in fair value of investments	685,711	(413,244)
Earnings on self-directed investments	31,164	12,160
Interest income on notes receivable from participants	3,900	2,680
Change in adjustment from fair value to contract value for fully benefit-responsive investment contract	(9,511)	4,882
Total Income	$ 922,221	$ (210,822)

NOTE 3 - FAIR VALUE MEASUREMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (continued)

The Plan's independent auditors did not perform auditing procedures with respect to the information certified by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	2012	2011
Investment Contract		
JPMorgan Stable Asset Inc., 1,701 and 1,981 shares, respectively	$ 680,462	$ 782,169
Mutual Funds		
JPMorgan Smart Retirement 2020, 27,936 and 28,254 shares, respectively	455,083	411,946
American Funds Cap World Growth, 25,194 and 27,848 shares, respectively	931,912	889,740
Davis NY Venture, 22,331 and 21,866 shares respectively	776,674	710,643
JPMorgan Equity Index, 28,237 and 25,589 shares, respectively	913,192	729,797
JPMorgan Core Bond Fund, 47,429 and 48,433 shares respectively	572,468	573,931
Ridgeworth Small Cap Value Equity, 100,738 and 106,246 shares respectively	1,370,040	1,295,137

During the years ended December 31, 2012 and 2011, the Plan's investments appreciated and depreciated by $719,665 and ($413,244), respectively.

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan contains benefit-responsive investment contracts with Aegon, AIG Financial Products, and ING. These insurance companies ("companies") maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by the companies. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contracts issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available. Contract values, as reported to the Plan by the companies; represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract values for credit risk of the contract issuers or otherwise. The fair value of the investment contracts at December 31, 2012 and 2011 was $680,462 and $782,169, respectively. The crediting interest rate is based on a formula agreed upon with the issuers, and ranges from 0.28% to 2.34% for the year ended December 31, 2012 and 0.32% to 2.90% for the year ended December 31, 2011. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract values with the companies. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract values with plan participants are probable of occurring.

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (continued)

In addition to the limitations noted above, issuers of Wrap Contracts have certain rights to terminate a contract and settle at an amount which differs from contract value. For example, certain breaches by the Funds of its obligations, representations, or warranties under the terms of a Wrap Contract can result in its termination at market value, which may differ from contract value. Wrap Contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under the ERISA or other applicable law. Wrap Contracts may also provide issuers with the right to reduce contract value in the event an underlying security suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	1.78%	2.18%
Based on interest rate credited to participants	1.81%	2.19%

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer contributions.

NOTE 7 - TAX STATUS

The Enercon Engineering, Inc. 401(k) Profit Sharing Plan obtained its most recent determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 401 of the Internal Revenue Code, inclusive of changes in qualification requirements contained in the 2004 Cumulative List of Notice 2004-84, 2004-2 C.B. 1030. The most recent restatements also comply with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) and other applicable laws. The trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust fund was tax exempt as of the financial statement date.

NOTE 8 - PLAN RESTATEMENT

On January 1, 2009 the Plan was amended and restated in order to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and other legislative and regulatory changes. The last amendment to the plan was the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) and the effective date was December 31, 2010. The plan had adopted a prototype non-standardized EGTRRA plan during the last amendment and therefore is currently on a six-year restatement cycle.

NOTE 9 - RECONCILIATION TO FORM 5500

As of the Plan's year end, a net receivable of $216,657 was recorded in the accompanying statement of net assets available for benefits in accordance with generally accepted accounting principles. As more fully described in Notes 2 and 3, an adjustment from fair value to contract value for benefit-responsive investment contracts has also been recorded. As described in Note 12, the 2011 reconciliation has been adjusted to reflect the prior year restatement. The following is a reconciliation of net assets available for benefits as of December 31, 2012 and 2011 per the financial statements to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per Form 5500	$ 7,906,846	$ 7,161,185
Employer contribution receivable	216,657	247,682
Employee contribution receivable	-	-
Excess contribution payable	(4,462)	-
Adjustment to contract value	(11,935)	(2,424)
Net assets available for benefits Per financial statements	$ 8,107,106	$ 7,406,443

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RECORDKEEPING CHANGE

In March 2012, The Hartford Financial Services Group announced it will be withdrawing from the annuity and life insurance businesses to refocus on its property and casualty, group benefits and mutual funds businesses. As a result, it will be selling off its individual life and retirement plan businesses. On May 30, 2012, JPMorgan announced it had chosen FASCore, LLC to be their new recordkeeping platform partner for mid-and small-sized retirement plans. The transition to the new FASCore platform occurred on December 1, 2012.

NOTE 12 – PRIOR YEAR RESTATEMENT

During the 2012 audit, it was discovered the 2011 adjustment from fair value to contract value for the fully benefit-responsive investment contract was materially misstated, in this limited scope audit under 29 CFR 2520.103-8. The error resulted from receiving incorrect information certified by JPMorgan, the custodian. Prior year information was restated as correction of an error in previously issued financial statements under Accounting Standards Codification (ASC) 250. The 'Adjustment from fair value to contract value for fully benefit-responsive investment contract' and 'Net depreciation in fair value of investments' line items were restated by $289,308, as a result of the incorrect information certified. Corresponding restatements were also reflected in the associated footnotes (Footnotes 3, 5 and 9).
