Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Rogers Group, Inc. and Its Affiliates
Retirement Plan
Nashville, Tennessee

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by U.S. Bancorp, N.A., ("U.S. Bank"), Union Bank, N.A., ("Union Bank") and Prudential Retirement Insurance and Annuity Company ("Prudential"), the Custodians and Trustee of the Plan, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that U.S. Bank and Prudential each held a portion of the Plan's investment assets and executed investment transactions as of December 31, 2012, and that Prudential and Union Bank each held a portion of the Plan's investment assets as of December 31, 2011. The Plan Administrator has obtained certifications from the Custodians and Trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the Custodians and Trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules on pages 19 and 20 as of and for the year ended December 31, 2012, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian and Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2012

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION

The following brief description of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information on the Plan's provisions.

General

The Plan, which was adopted effective August 1, 1985, is a non-contributory defined benefit pension plan. The Plan covers all non-collective bargaining employees of Rogers Group, Inc. and certain of its affiliated companies (collectively, the "Employer" or "Plan Administrator") who were employed prior to January 1, 2004. The purpose of the Plan is to provide retirement, disability, death and certain other benefits to such employees as specified in the Plan. The Plan has been subsequently amended and/or restated to reflect certain changes in the tax law and/or Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plan Investment and Administration Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the investments and monitors investment performance. Prudential is the Plan Trustee.

Eligibility

All employees hired prior to January 1, 2004, who are at least 21 years old and actively employed at Plan year end, who are not covered by a collective bargaining agreement, and who have completed at least one year of full-time service, participate in the Plan.

Pension Benefits

Participants' earned benefits vest 100% after five completed years of service. Plan participants become entitled to monthly pension benefits upon reaching their normal retirement age of 65. Prior to the adoption of the new benefit formula effective April 1, 1989, the standard monthly benefit was computed under the "old formula" based on 10% of the participant's monthly covered compensation, as defined in the Plan Agreement, plus 34% of the participant's monthly earnings in excess of covered compensation, the total of which was reduced 1/15th for each year of service less than 15 years. A participant's earned benefit was equal to the monthly pension benefit multiplied by the ratio of (i) his actual years of service to the date of computation, to (ii) the total number of years of service that he would have completed if he had remained in the employ of the Employer until his normal retirement date. A participant's monthly earnings were based on the average amount paid to him during his final ten calendar years of service with the Employer.

Effective April 1, 1989, the standard monthly benefit has been computed based on .7% of the participant's average monthly compensation multiplied by his years of service. Effective April 1, 2002, the participant's average monthly compensation has been based on his five highest calendar years out of the last six consecutive years of employment prior to retirement date. Prior to April 1, 2002, a participant's average monthly compensation was based on his final five calendar years prior to retirement. However, the monthly benefit for any employee who was a participant in the Plan on March 31, 1989, cannot be less than the amount that would have been payable to him under the "old" formula.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION (CONTINUED)

Pension Benefits (Continued)

The standard monthly benefit under either formula is reduced by the monthly pension benefit, if any, which the employee was entitled to receive from a prior plan (the "Prior Plan"). The Prior Plan was terminated effective August 1, 1985, and distributed in the form of a single premium non-transferable annuity contract as a result of the termination.

Married employees must receive their benefits in the form of a qualified joint and one-half survivor annuity payable monthly for life unless other appropriate elections are made. Single employees normally receive a monthly income for life with 120 monthly payments guaranteed. The Plan also provides for certain other options as determined by the Trustee on a nondiscriminatory basis. The standard monthly benefit is adjusted for the option selected by the employee.

Early retirement benefits may be paid to any participant who has completed ten or more years of service and is within five years of normal retirement. An eligible participant may choose to receive a monthly pension benefit equal to: (i) the amount of his earned benefit computed as of his early retirement date with the benefit beginning at his normal retirement date; or (ii) the amount of his earned benefit computed as of such early retirement date and reduced by 5/9 of 1% for each month (1/12 for each year under the "old" formula) by which the early retirement date precedes his normal retirement date with the benefit beginning at his early retirement date.

If any participant terminates employment with the Employer and the present value of the earned benefit is less than \$5,000, the entire present value of the vested portion can be paid out in a mandatory distribution. The distribution is made in one lump sum payment, and the participant can elect to receive the funds directly or roll them over to a qualified plan or IRA. If the participant fails to make an election, benefits valued under \$1,000 are paid directly to him and benefits valued between \$1,000 and \$5,000 are rolled over into an IRA designated by the Plan Administrator.

Death and Disability Benefits

Surviving spouses of participants who die either (i) after their benefits are vested and while still on the active payroll of the Employer, or (ii) after terminating their employment but before payment of benefits has begun, may be entitled to the one-half survivor annuity described above.

Participants disabled for purposes of this Plan become 100% vested in their earned benefits under the Plan, regardless of age or number of years of service completed. The value of the earned benefit selected by the participant is payable at the earlier of the date the participant reaches age 65 or the date the employee no longer receives monthly disability benefit payments under the Employer's disability plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (i) retired or terminated employees or their beneficiaries; (ii) beneficiaries of employees who have died; and (iii) present employees or their beneficiaries.

Benefits under the Plan are calculated based on Plan provisions. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of January 1, 2013 and 2012, is determined by actuaries from Prudential Actuarial Advisory Services and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the value of money (through discounts and interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuations as of January 1, 2013 and 2012, are as follows:

	2013	2012
Interest Rate - Funding	1.75% First five years 4.62% Next fifteen years 5.72% Thereafter	2.06% First five years 5.25% Next fifteen years 6.32% Thereafter
Interest Rate - ASC 960	7.50%	7.50%
Mortality	IRS 2013 Static Mortality Table, Male and Female Tables	IRS 2012 Static Mortality Table, Male and Female Tables
Normal retirement	Age 65 and completion of 5 years of service or attained age, if greater	Age 65 and completion of 5 years of service or attained age, if greater
Termination	Crocker - Sarason Straight T-8	Crocker - Sarason Straight T-8
Salary scale	3% per annum, compounded annually	3% per annum, compounded annually

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments are recognized in the year paid.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Employer.

Events Occurring after Reporting Date

The Plan Administrator has evaluated events and transactions that occurred between December 31, 2012 and October 11, 2013, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results could differ from those estimates.

NOTE 3 - FUNDING POLICY

The Employer's funding policy is to contribute for each Plan year the amount required by ERISA to meet the minimum funding standard.

Voluntary contributions may not be made by participants.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U. S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 4 - PLAN TERMINATION (CONTINUED)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2012 that ceiling was \$4,653 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity, and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

NOTE 5 - INVESTMENTS

The following table presents the investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011, respectively:

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds	Valued at the net asset value ("NAV") of shares held by the Plan at year end.
Limited partnership	Valued on the last reported sales price of the underlying publicly-traded securities or, in the absence of a readily ascertainable market price, by the General Partner, ING Clarion Real Estate Securities, LLC.
Hedge fund	Valued at the fair value of the underlying investments based on the reported NAV per share reported in audited financial statements of the fund.

There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Hedge Fund

Silver Creek Low Vol Strategies, Ltd. is a Cayman Islands exempted company. The fund originally sought to provide investors with access to a diversified multi-strategy investment portfolio designed to achieve stable, long-term, nonmarket directional positive returns with low relative volatility. The fund is considered a “feeder fund” due to its strategy of operating in a master/feeder arrangement with an affiliated master fund, Silver Creek Low Vol Strategies Pooling, L.P. (“Master Fund”) and its combined subsidiaries. The performance of the fund is affected primarily by the performance of the Master Fund. The Board of Directors of the fund has ultimate responsibility over the management and operations of the fund. The Board has delegated control over the fund’s activities, including the day-to-day responsibility for management of the fund’s assets, investment allocations and other business and affairs, as well as overall responsibility for the determination of the fund’s net asset value, to the investment manager pursuant to the management agreement.

Effective December 11, 2008, the fund suspended redemptions. On August 15, 2009, the fund announced its plan to restructure, effective January 1, 2010, whereby the shareholders were offered the option to exchange their interest for an interest in a continuing fund or to remain invested in the fund as it commenced an orderly liquidation of its portfolio (“liquidity option”). The Plan chose the liquidity option. The fund will redeem the interests of its shareholders based on their pro rata share of net proceeds received from liquidating the underlying investee funds. These redemptions are expected to occur periodically. The current estimated cash distribution targets are not guaranteed and are subject to material changes due to the uncertainty associated with the cash flows from liquidating the underlying portfolio positions. The fund may source liquidity through the secondary market at possible discounts to NAV in an effort to accelerate the return of capital to its investors. Sales in 2011 and 2010 were anticipated to be at or near NAV, but after 2011, the fund may begin to accept bids at greater discounts to NAV on a broader basis in order to achieve the estimated distribution targets in 2012. The fund seeks to return remaining capital as quickly as possible by the end of 2013, which may necessitate the acceptance of steeper NAV discounts. The fair value of this investment has been estimated using the NAV per share for each series within each class of shares held per the fund’s December 31, 2012 and 2011 audited financial statements. During 2012, the Plan received liquidation distributions of \$273,709.

Limited Partnership

ING Clarion U.S. LP Real Estate was organized as a limited partnership under the laws of the State of Delaware. The partnership's principal investment objective was to provide superior, long-term absolute returns by investing primarily in a long/short portfolio of publicly-traded real estate equity securities. The assets were managed by the General Partner, ING Clarion Real Estate Securities, LLC ("Clarion"). Clarion was responsible for all investment decisions, management of assets, and operations of the partnership. The partnership invested exclusively in real estate investment trusts and real estate securities. The fair value of partnership interest was estimated using the equivalent of a NAV per share. On April 6, 2012, pursuant to an agreement and plan of reorganization dated December 21, 2011, the partnership transferred substantially all of its assets to CBRE Clarion Long/Short Fund ("Acquiring Fund"). CBRE Clarion Securities, LLC ("CBRE") is the investment adviser of the Acquiring Fund. CBRE is responsible for all investment decisions, management of assets, and operations of the Acquiring Fund. In accordance with the agreement, the partnership distributed Acquiring Fund shares to the limited partners of the partnership in redemption of all outstanding partnership interests and in complete liquidation of the partnership. The transactions contemplated in this agreement were consummated immediately prior to the start of business on January 3, 2012.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by U.S. Bank (Custodian), Union Bank (Custodian) and Prudential (Trustee) not be subjected to any auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedules.

A summary of the investments assets certified by the Custodians and/or Trustee, individually and in summary, follows at December 31, 2012 and 2011:

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE (CONTINUED)

Investment transactions, including investment income, realized and unrealized gains and losses, and certain supplemental schedule information, were certified by the following periods indicated:

U.S. Bank	For the period from January 1, 2012 through December 31, 2012
Prudential	For the period from January 1, 2011 through December 31, 2012
Union Bank	For the period from January 1, 2011 through December 31, 2011

NOTE 9 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator, by a letter dated August 24, 2010, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (the "Code"). However, the Plan has been amended and restated since applying for the determination letter.

The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit, concentrations in specific industry sectors, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Because of uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. During 2012, Plan investments were held by U.S. Bank and Prudential, the Plan Custodian and Trustee, respectively, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, Prudential served as the Plan's recordkeeper and also qualifies as a party-in-interest. Party-in-interest transactions include administrative expenses totaling \$142,378 for the year ended December 31, 2012, which related to the recordkeeping of invested assets, and are charged to the Plan.

Investment fees paid to SunTrust Bank, Financial Advisor to the Plan, for the management of certain investments held by the Plan also qualify as party-in-interest transactions. Investment management fees charged to the Plan totaled \$54,971 for the year ended December 31, 2012.

All other Plan administrative expenses, totaling \$170,347 for the year ended December 31, 2012, include fees incurred for actuarial services, annual audit fees and premiums to the PBGC, were also paid by the Plan.

All party-in-interest transactions were exempt from being prohibited transactions under United States Department of Labor Regulations.

EIN / PN: 35-1418333/002
Attachment to 2012 Schedule SB (Form 5500)
Line 22 - Description of Weighted Average Retirement Age

The Plan assumes that 100% of participants will retire at age 65.

Plan Provisions

Year of Service	12-consecutive month computation period in which an employee is credited with 1,000 or more hours of service.
Compensation	Total annual pay in a calendar year excluding bonuses, severance allowances, prizes or awards and reimbursement of expenses.
Average Compensation	The average during the period of actual employment in the five (5) calendar years out of the last six (6) consecutive years of employment during which earnings were highest.
Normal Form of Benefit	Life annuity with 120 payments guaranteed for unmarried participants. 100% Joint & Survivor for married participants.
Normal Retirement Date	First of the month coincident with or next following attained age 65 and 5 years of plan participation.
Participation Eligibility	<p>An eligible employee will enter the plan on the first day of the month following completion of one Year of Service and attainment of age 21.</p> <p>Employees hired after December 31, 2003 are not eligible to participate in the Plan.</p>
Benefit Formula	<p>The greater of (a) or (b):</p> <ul style="list-style-type: none"> a) 0.7% Average Compensation multiplied by Years of Service. b) The accrued benefit under the prior plan as of March 31, 1989. <p>The above benefit will be offset by the amount of any annuity benefit purchased on behalf of a participant in 1985.</p>
Early Eligibility	A participant may elect Early Retirement after 10 years of credited service for vesting and attainment of age 60. There is a reduction of five-ninths of 1% for each of the first 60 months preceding Normal Retirement Date.
Vesting Schedule	Five years of Service equals 100% vesting.
Death Benefit	The spouse of a participant (either active or terminated) who has satisfied the vesting requirement is entitled to a survivor annuity upon the death of the participant prior to the commencement of retirement benefits. The amount of such benefit will be equal to the benefit the spouse would have received had the participant retired on his date of death (or age 60 with 10 years of service, if later) and elected to receive a 50% Joint & Survivor annuity.
Disability Retirement	Vested benefit payable at later of cessation of LTD benefits, if applicable, and age 65.

Actuarial Cost Method

I. ACTUARIAL COST METHOD

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described in “Plan Assumptions” of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year for all Participants plus an estimate of the expenses to be paid from the plan assets during the plan year.

Target Liability and Funding Shortfall

As of January 1, 2008, a Target Liability is established which represents the present value of accrued benefits. This Target Liability is offset by adjusted assets, and the remainder (i.e. Funding Shortfall), if any, is amortized over seven years.

Subsequent changes in the Funding Shortfall due to asset experience, liability experience, plan amendments, and/or actuarial assumption changes will be amortized over a seven year period from their valuation dates.

Discount Rate

The plan sponsor has elected to use the Segment Rate approach for discount rate purposes, with an applicable month that is 4 months prior to the valuation date.

In addition, beginning with the 2012 plan year, solely for purposes of determining the minimum required contribution level, applicability of benefit restrictions, and for the at-risk determination, the adjusted 24-month average segment rates established by MAP-21 have been incorporated.

The adjusted 24-month average segment rates are generated by taking the unadjusted 24-month average segment rates for the sponsor-chosen lookback month and adjusting them so that each individual segment rate is not outside of the stipulated corridor around the corresponding 25-year average segment rate for the given plan year. For the 2012 plan year, the stipulated corridor is 90% - 110% of these 25-year average segment rates.

II. ASSET VALUATION METHOD

Assets have been valued in accordance with generally accepted procedures as described below.

All funds invested are valued in the following manner:

Definitions

i(t)	assumed growth rate, set equal to the lesser of the expected return on assets or the applicable 3 rd segment rate for Plan Year t.
C(t)	sum of contributions and other additions to the fund from all sources other than investment transactions in Plan Year t
W(t)	sum of all withdrawals and other decreases to the fund from all sources other than investment transactions in Plan Year t
AV(t)	Actuarial Value of Assets as of Plan Year t

Actuarial Cost Method

MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)]

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

The market value of the Guaranteed Deposit Account is an estimate only and not the result of the precise calculation which would be done at contract discontinuance or to measure the impact of excess withdrawals in any calendar year. It does not constitute an offer by Prudential or a final experience adjustment. Please be sure that anyone to whom you quote this value receives this explanation.

Actuarial Assumptions

Each assumption, used in combination, represents the best estimate of anticipated experience under the plan. Each assumption used (a) is reasonable taking into account the experience of the plan and reasonable expectations, or (b) would, in the aggregate, result in a total contribution equivalent to that which would be determined if each such assumption were reasonable.

The actuarial assumptions that will be used for January 1, 2012 are:

Mortality:

PPA Funding: The IRS 2012 Static Mortality Table, Male and Female Tables

ACS #960: The IRS 2012 Static Mortality Table, Male and Female Tables

Termination:

Crocker-Sarason Straight T-8. The probabilities that Participants at the sample ages indicated will terminate before reaching the assumed retirement age are:

<u>Age</u>	<u>Male</u>	<u>Female</u>
25	11.6%	11.6%
40	9.4%	9.4%
55	1.7%	1.7%

Retirement Age:

Age 65 and completion of 5 years of service or attained age if greater.

Investment Return:

For ASC 960 purposes:

7.5% per annum, compounded annually, net of investment and contract fees.

For minimum required contribution level, applicability of benefit restrictions, and at risk determination only:

Segment Rates with a 4 month lookback, as adjusted by the 90%-110% corridor around the 25-year average segment rates (5.54%, 6.85%, and 7.52% for the 2012 plan year)

For all other purposes:

Segment Rates with a 4 month lookback, unadjusted (2.06%, 5.25%, and 6.32% for the 2012 plan year)

Salary Scale:

3.0% per annum, compounded annually

Estimated Expenses:

Summary of Valuation Results (continued)

Changes Since Last Year's Valuation

Changes in Pension Plan Provisions

There were no changes in the pension plan provisions recognized with this actuarial valuation.

New Legislation

Effective with this valuation, we are reflecting the provisions of the Moving Ahead for Progress in the 21st Century Act (MAP-21), which was signed into law on July 6, 2012.

Changes in Actuarial Assumptions

Effective with this valuation, the following assumption changes were recognized for both funding and ASC #960:

	<u>January 1, 2012</u>	<u>January 1, 2011</u>
Mortality Table	IRS – 2012 Static	IRS – 2011 Static
Salary Scale	3.00%	4.00%
Estimated Expenses	\$260,000	\$160,000

Changes in Actuarial Cost Method

Effective with this valuation, we have incorporated the adjusted 24-month average segment rate methodology established by MAP-21. These rates for the current plan year have been detailed within IRS Notice 2012-55. Further details on this change in the actuarial cost method, and the rates incorporated in this report, can be found within the Actuarial Cost Method and Actuarial Assumptions sections.

Benefit Restrictions and "At Risk" Status

There are no benefit restrictions associated with the current plan year.

The plan is not considered "At Risk" for the current plan year.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Attachment to 2012 Schedule SB (Form 5500)
Line 22 - Description of Weighted Average Retirement Age

The Plan assumes that 100% of participants will retire at age 65.

Actuarial Cost Method

I. ACTUARIAL COST METHOD

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described in “Plan Assumptions” of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year for all Participants plus an estimate of the expenses to be paid from the plan assets during the plan year.

Target Liability and Funding Shortfall

As of January 1, 2008, a Target Liability is established which represents the present value of accrued benefits. This Target Liability is offset by adjusted assets, and the remainder (i.e. Funding Shortfall), if any, is amortized over seven years.

Subsequent changes in the Funding Shortfall due to asset experience, liability experience, plan amendments, and/or actuarial assumption changes will be amortized over a seven year period from their valuation dates.

Discount Rate

The plan sponsor has elected to use the Segment Rate approach for discount rate purposes, with an applicable month that is 4 months prior to the valuation date.

In addition, beginning with the 2012 plan year, solely for purposes of determining the minimum required contribution level, applicability of benefit restrictions, and for the at-risk determination, the adjusted 24-month average segment rates established by MAP-21 have been incorporated.

The adjusted 24-month average segment rates are generated by taking the unadjusted 24-month average segment rates for the sponsor-chosen lookback month and adjusting them so that each individual segment rate is not outside of the stipulated corridor around the corresponding 25-year average segment rate for the given plan year. For the 2012 plan year, the stipulated corridor is 90% - 110% of these 25-year average segment rates.

II. ASSET VALUATION METHOD

Assets have been valued in accordance with generally accepted procedures as described below.

All funds invested are valued in the following manner:

Definitions

i(t)	assumed growth rate, set equal to the lesser of the expected return on assets or the applicable 3 rd segment rate for Plan Year t.
C(t)	sum of contributions and other additions to the fund from all sources other than investment transactions in Plan Year t
W(t)	sum of all withdrawals and other decreases to the fund from all sources other than investment transactions in Plan Year t
AV(t)	Actuarial Value of Assets as of Plan Year t

Actuarial Cost Method

MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)]

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

The market value of the Guaranteed Deposit Account is an estimate only and not the result of the precise calculation which would be done at contract discontinuance or to measure the impact of excess withdrawals in any calendar year. It does not constitute an offer by Prudential or a final experience adjustment. Please be sure that anyone to whom you quote this value receives this explanation.

Actuarial Assumptions

Each assumption, used in combination, represents the best estimate of anticipated experience under the plan. Each assumption used (a) is reasonable taking into account the experience of the plan and reasonable expectations, or (b) would, in the aggregate, result in a total contribution equivalent to that which would be determined if each such assumption were reasonable.

The actuarial assumptions that will be used for January 1, 2012 are:

Mortality:

PPA Funding: The IRS 2012 Static Mortality Table, Male and Female Tables

ACS #960: The IRS 2012 Static Mortality Table, Male and Female Tables

Termination:

Crocker-Sarason Straight T-8. The probabilities that Participants at the sample ages indicated will terminate before reaching the assumed retirement age are:

<u>Age</u>	<u>Male</u>	<u>Female</u>
25	11.6%	11.6%
40	9.4%	9.4%
55	1.7%	1.7%

Retirement Age:

Age 65 and completion of 5 years of service or attained age if greater.

Investment Return:

For ASC 960 purposes:

7.5% per annum, compounded annually, net of investment and contract fees.

For minimum required contribution level, applicability of benefit restrictions, and at risk determination only:

Segment Rates with a 4 month lookback, as adjusted by the 90%-110% corridor around the 25-year average segment rates (5.54%, 6.85%, and 7.52% for the 2012 plan year)

For all other purposes:

Segment Rates with a 4 month lookback, unadjusted (2.06%, 5.25%, and 6.32% for the 2012 plan year)

Salary Scale:

3.0% per annum, compounded annually

Estimated Expenses:

\$260,000 assumed.

Survivor's Benefit:

It is assumed that husbands are 3 years older than wives and that 85% are married.

Disability:

None

Plan Provisions

Year of Service	12-consecutive month computation period in which an employee is credited with 1,000 or more hours of service.
Compensation	Total annual pay in a calendar year excluding bonuses, severance allowances, prizes or awards and reimbursement of expenses.
Average Compensation	The average during the period of actual employment in the five (5) calendar years out of the last six (6) consecutive years of employment during which earnings were highest.
Normal Form of Benefit	Life annuity with 120 payments guaranteed for unmarried participants. 100% Joint & Survivor for married participants.
Normal Retirement Date	First of the month coincident with or next following attained age 65 and 5 years of plan participation.
Participation Eligibility	<p>An eligible employee will enter the plan on the first day of the month following completion of one Year of Service and attainment of age 21.</p> <p>Employees hired after December 31, 2003 are not eligible to participate in the Plan.</p>
Benefit Formula	<p>The greater of (a) or (b):</p> <ol style="list-style-type: none"> 0.7% Average Compensation multiplied by Years of Service. The accrued benefit under the prior plan as of March 31, 1989. <p>The above benefit will be offset by the amount of any annuity benefit purchased on behalf of a participant in 1985.</p>
Early Eligibility	A participant may elect Early Retirement after 10 years of credited service for vesting and attainment of age 60. There is a reduction of five-ninths of 1% for each of the first 60 months preceding Normal Retirement Date.
Vesting Schedule	Five years of Service equals 100% vesting.
Death Benefit	The spouse of a participant (either active or terminated) who has satisfied the vesting requirement is entitled to a survivor annuity upon the death of the participant prior to the commencement of retirement benefits. The amount of such benefit will be equal to the benefit the spouse would have received had the participant retired on his date of death (or age 60 with 10 years of service, if later) and elected to receive a 50% Joint & Survivor annuity.
Disability Retirement	Vested benefit payable at later of cessation of LTD benefits, if applicable, and age 65.

Summary of Valuation Results (continued)

Changes Since Last Year's Valuation

Changes in Pension Plan Provisions

There were no changes in the pension plan provisions recognized with this actuarial valuation.

New Legislation

Effective with this valuation, we are reflecting the provisions of the Moving Ahead for Progress in the 21st Century Act (MAP-21), which was signed into law on July 6, 2012.

Changes in Actuarial Assumptions

Effective with this valuation, the following assumption changes were recognized for both funding and ASC #960:

	<u>January 1, 2012</u>	<u>January 1, 2011</u>
Mortality Table	IRS – 2012 Static	IRS – 2011 Static
Salary Scale	3.00%	4.00%
Estimated Expenses	\$260,000	\$160,000

Changes in Actuarial Cost Method

Effective with this valuation, we have incorporated the adjusted 24-month average segment rate methodology established by MAP-21. These rates for the current plan year have been detailed within IRS Notice 2012-55. Further details on this change in the actuarial cost method, and the rates incorporated in this report, can be found within the Actuarial Cost Method and Actuarial Assumptions sections.

Benefit Restrictions and "At Risk" Status

There are no benefit restrictions associated with the current plan year.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Rogers Group, Inc. and Its Affiliates
Retirement Plan
Nashville, Tennessee

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by U.S. Bancorp, N.A., ("U.S. Bank"), Union Bank, N.A., ("Union Bank") and Prudential Retirement Insurance and Annuity Company ("Prudential"), the Custodians and Trustee of the Plan, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that U.S. Bank and Prudential each held a portion of the Plan's investment assets and executed investment transactions as of December 31, 2012, and that Prudential and Union Bank each held a portion of the Plan's investment assets as of December 31, 2011. The Plan Administrator has obtained certifications from the Custodians and Trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the Custodians and Trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules on pages 19 and 20 as of and for the year ended December 31, 2012, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian and Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2012

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION

The following brief description of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information on the Plan's provisions.

General

The Plan, which was adopted effective August 1, 1985, is a non-contributory defined benefit pension plan. The Plan covers all non-collective bargaining employees of Rogers Group, Inc. and certain of its affiliated companies (collectively, the "Employer" or "Plan Administrator") who were employed prior to January 1, 2004. The purpose of the Plan is to provide retirement, disability, death and certain other benefits to such employees as specified in the Plan. The Plan has been subsequently amended and/or restated to reflect certain changes in the tax law and/or Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plan Investment and Administration Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the investments and monitors investment performance. Prudential is the Plan Trustee.

Eligibility

All employees hired prior to January 1, 2004, who are at least 21 years old and actively employed at Plan year end, who are not covered by a collective bargaining agreement, and who have completed at least one year of full-time service, participate in the Plan.

Pension Benefits

Participants' earned benefits vest 100% after five completed years of service. Plan participants become entitled to monthly pension benefits upon reaching their normal retirement age of 65. Prior to the adoption of the new benefit formula effective April 1, 1989, the standard monthly benefit was computed under the "old formula" based on 10% of the participant's monthly covered compensation, as defined in the Plan Agreement, plus 34% of the participant's monthly earnings in excess of covered compensation, the total of which was reduced 1/15th for each year of service less than 15 years. A participant's earned benefit was equal to the monthly pension benefit multiplied by the ratio of (i) his actual years of service to the date of computation, to (ii) the total number of years of service that he would have completed if he had remained in the employ of the Employer until his normal retirement date. A participant's monthly earnings were based on the average amount paid to him during his final ten calendar years of service with the Employer.

Effective April 1, 1989, the standard monthly benefit has been computed based on .7% of the participant's average monthly compensation multiplied by his years of service. Effective April 1, 2002, the participant's average monthly compensation has been based on his five highest calendar years out of the last six consecutive years of employment prior to retirement date. Prior to April 1, 2002, a participant's average monthly compensation was based on his final five calendar years prior to retirement. However, the monthly benefit for any employee who was a participant in the Plan on March 31, 1989, cannot be less than the amount that would have been payable to him under the "old" formula.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION (CONTINUED)

Pension Benefits (Continued)

The standard monthly benefit under either formula is reduced by the monthly pension benefit, if any, which the employee was entitled to receive from a prior plan (the "Prior Plan"). The Prior Plan was terminated effective August 1, 1985, and distributed in the form of a single premium non-transferable annuity contract as a result of the termination.

Married employees must receive their benefits in the form of a qualified joint and one-half survivor annuity payable monthly for life unless other appropriate elections are made. Single employees normally receive a monthly income for life with 120 monthly payments guaranteed. The Plan also provides for certain other options as determined by the Trustee on a nondiscriminatory basis. The standard monthly benefit is adjusted for the option selected by the employee.

Early retirement benefits may be paid to any participant who has completed ten or more years of service and is within five years of normal retirement. An eligible participant may choose to receive a monthly pension benefit equal to: (i) the amount of his earned benefit computed as of his early retirement date with the benefit beginning at his normal retirement date; or (ii) the amount of his earned benefit computed as of such early retirement date and reduced by 5/9 of 1% for each month (1/12 for each year under the "old" formula) by which the early retirement date precedes his normal retirement date with the benefit beginning at his early retirement date.

If any participant terminates employment with the Employer and the present value of the earned benefit is less than \$5,000, the entire present value of the vested portion can be paid out in a mandatory distribution. The distribution is made in one lump sum payment, and the participant can elect to receive the funds directly or roll them over to a qualified plan or IRA. If the participant fails to make an election, benefits valued under \$1,000 are paid directly to him and benefits valued between \$1,000 and \$5,000 are rolled over into an IRA designated by the Plan Administrator.

Death and Disability Benefits

Surviving spouses of participants who die either (i) after their benefits are vested and while still on the active payroll of the Employer, or (ii) after terminating their employment but before payment of benefits has begun, may be entitled to the one-half survivor annuity described above.

Participants disabled for purposes of this Plan become 100% vested in their earned benefits under the Plan, regardless of age or number of years of service completed. The value of the earned benefit selected by the participant is payable at the earlier of the date the participant reaches age 65 or the date the employee no longer receives monthly disability benefit payments under the Employer's disability plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (i) retired or terminated employees or their beneficiaries; (ii) beneficiaries of employees who have died; and (iii) present employees or their beneficiaries.

Benefits under the Plan are calculated based on Plan provisions. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of January 1, 2013 and 2012, is determined by actuaries from Prudential Actuarial Advisory Services and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the value of money (through discounts and interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuations as of January 1, 2013 and 2012, are as follows:

	2013	2012
Interest Rate - Funding	1.75% First five years 4.62% Next fifteen years 5.72% Thereafter	2.06% First five years 5.25% Next fifteen years 6.32% Thereafter
Interest Rate - ASC 960	7.50%	7.50%
Mortality	IRS 2013 Static Mortality Table, Male and Female Tables	IRS 2012 Static Mortality Table, Male and Female Tables
Normal retirement	Age 65 and completion of 5 years of service or attained age, if greater	Age 65 and completion of 5 years of service or attained age, if greater
Termination	Crocker - Sarason Straight T-8	Crocker - Sarason Straight T-8
Salary scale	3% per annum, compounded annually	3% per annum, compounded annually

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments are recognized in the year paid.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Employer.

Events Occurring after Reporting Date

The Plan Administrator has evaluated events and transactions that occurred between December 31, 2012 and October 11, 2013, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results could differ from those estimates.

NOTE 3 - FUNDING POLICY

The Employer's funding policy is to contribute for each Plan year the amount required by ERISA to meet the minimum funding standard.

Voluntary contributions may not be made by participants.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U. S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2012

NOTE 4 - PLAN TERMINATION (CONTINUED)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2012 that ceiling was \$4,653 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity, and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

NOTE 5 - INVESTMENTS

The following table presents the investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011, respectively:

NOTE 5 - INVESTMENTS (CONTINUED)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 4,463,222
Hedge fund	101,134
Limited partnership	<u>18,107</u>
Net appreciation	<u>\$ 4,582,463</u>

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds	Valued at the net asset value ("NAV") of shares held by the Plan at year end.
Limited partnership	Valued on the last reported sales price of the underlying publicly-traded securities or, in the absence of a readily ascertainable market price, by the General Partner, ING Clarion Real Estate Securities, LLC.
Hedge fund	Valued at the fair value of the underlying investments based on the reported NAV per share reported in audited financial statements of the fund.

There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Hedge Fund

Silver Creek Low Vol Strategies, Ltd. is a Cayman Islands exempted company. The fund originally sought to provide investors with access to a diversified multi-strategy investment portfolio designed to achieve stable, long-term, nonmarket directional positive returns with low relative volatility. The fund is considered a “feeder fund” due to its strategy of operating in a master/feeder arrangement with an affiliated master fund, Silver Creek Low Vol Strategies Pooling, L.P. (“Master Fund”) and its combined subsidiaries. The performance of the fund is affected primarily by the performance of the Master Fund. The Board of Directors of the fund has ultimate responsibility over the management and operations of the fund. The Board has delegated control over the fund’s activities, including the day-to-day responsibility for management of the fund’s assets, investment allocations and other business and affairs, as well as overall responsibility for the determination of the fund’s net asset value, to the investment manager pursuant to the management agreement.

Effective December 11, 2008, the fund suspended redemptions. On August 15, 2009, the fund announced its plan to restructure, effective January 1, 2010, whereby the shareholders were offered the option to exchange their interest for an interest in a continuing fund or to remain invested in the fund as it commenced an orderly liquidation of its portfolio (“liquidity option”). The Plan chose the liquidity option. The fund will redeem the interests of its shareholders based on their pro rata share of net proceeds received from liquidating the underlying investee funds. These redemptions are expected to occur periodically. The current estimated cash distribution targets are not guaranteed and are subject to material changes due to the uncertainty associated with the cash flows from liquidating the underlying portfolio positions. The fund may source liquidity through the secondary market at possible discounts to NAV in an effort to accelerate the return of capital to its investors. Sales in 2011 and 2010 were anticipated to be at or near NAV, but after 2011, the fund may begin to accept bids at greater discounts to NAV on a broader basis in order to achieve the estimated distribution targets in 2012. The fund seeks to return remaining capital as quickly as possible by the end of 2013, which may necessitate the acceptance of steeper NAV discounts. The fair value of this investment has been estimated using the NAV per share for each series within each class of shares held per the fund’s December 31, 2012 and 2011 audited financial statements. During 2012, the Plan received liquidation distributions of \$273,709.

Limited Partnership

ING Clarion U.S. LP Real Estate was organized as a limited partnership under the laws of the State of Delaware. The partnership's principal investment objective was to provide superior, long-term absolute returns by investing primarily in a long/short portfolio of publicly-traded real estate equity securities. The assets were managed by the General Partner, ING Clarion Real Estate Securities, LLC ("Clarion"). Clarion was responsible for all investment decisions, management of assets, and operations of the partnership. The partnership invested exclusively in real estate investment trusts and real estate securities. The fair value of partnership interest was estimated using the equivalent of a NAV per share. On April 6, 2012, pursuant to an agreement and plan of reorganization dated December 21, 2011, the partnership transferred substantially all of its assets to CBRE Clarion Long/Short Fund ("Acquiring Fund"). CBRE Clarion Securities, LLC ("CBRE") is the investment adviser of the Acquiring Fund. CBRE is responsible for all investment decisions, management of assets, and operations of the Acquiring Fund. In accordance with the agreement, the partnership distributed Acquiring Fund shares to the limited partners of the partnership in redemption of all outstanding partnership interests and in complete liquidation of the partnership. The transactions contemplated in this agreement were consummated immediately prior to the start of business on January 3, 2012.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE (CONTINUED)

Investment transactions, including investment income, realized and unrealized gains and losses, and certain supplemental schedule information, were certified by the following periods indicated:

U.S. Bank	For the period from January 1, 2012 through December 31, 2012
Prudential	For the period from January 1, 2011 through December 31, 2012
Union Bank	For the period from January 1, 2011 through December 31, 2011

NOTE 9 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator, by a letter dated August 24, 2010, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (the "Code"). However, the Plan has been amended and restated since applying for the determination letter.

The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit, concentrations in specific industry sectors, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Because of uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. During 2012, Plan investments were held by U.S. Bank and Prudential, the Plan Custodian and Trustee, respectively, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, Prudential served as the Plan's recordkeeper and also qualifies as a party-in-interest. Party-in-interest transactions include administrative expenses totaling \$142,378 for the year ended December 31, 2012, which related to the recordkeeping of invested assets, and are charged to the Plan.

Investment fees paid to SunTrust Bank, Financial Advisor to the Plan, for the management of certain investments held by the Plan also qualify as party-in-interest transactions. Investment management fees charged to the Plan totaled \$54,971 for the year ended December 31, 2012.

All other Plan administrative expenses, totaling \$170,347 for the year ended December 31, 2012, include fees incurred for actuarial services, annual audit fees and premiums to the PBGC, were also paid by the Plan.

All party-in-interest transactions were exempt from being prohibited transactions under United States Department of Labor Regulations.
