1. Description of Plan

The following description of the NSG Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by NSG Technology, Inc. (the "Company") on January 1, 2003, and was most recently amended and restated, effective January 1, 2012. The Plan is defined as a contribution retirement plan arrangement described in the Internal Revenue Code (IRC) Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the IRC.

Plan Amendments – Change in Trustees

The Plan was amended in 2012 to change trustees and custodian of Plan assets from Ascensus, Inc., the recordkeeper of the Plan as agent for Frontier Trust Company to State Street Bank and Trust Company. The Plan was amended again during 2012 to change trustees and custodian of Plan assets from State Street Bank and Trust Company to Reliance Trust Company.

The Plan was amended and restated effective January 1, 2012, to change record keepers from Ascensus to ADP Retirement Services.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. ADP Retirement Services (ADP) is the record keeper of the Plan and Reliance Trust Company (Reliance) and State Street Bank and Trust Company (State Street) were the appointed trustees of the Plan. The trustees of the Plan act at the direction of the Plan's administrator. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Eligibility

All non-excluded employees as defined by the Plan document are eligible to participate in the Plan after one year of service (minimum 1,000 hours), provided that they are at least age 21.

Contributions

Employees may begin deferring a portion of their compensation into the Plan on a before-tax basis pursuant to Code Section 401(k) up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. However, the Plan will not accept rollovers of designated Roth contributions. Participants direct their investments into various investment options offered by the Plan. The Company matches 100% of the participant deferral contributions up to a maximum of 4% of employee compensation. Elective profit sharing contributions may also be made at the discretion of the Company. For the year ended 2012 matching contributions were approximately $458,000. The Company did not make or approve any elective profit sharing contributions for 2012.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, employer matching contributions, employer profit sharing contributions (if any), and rollovers, as well as all earnings on these contributions are fully vested when made or earned.

Participant Notes Receivable

Participants are allowed three loans at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Loan terms range from one to five years, except for loans used to purchase a primary residence, which have a maximum term of thirty years. Loans are secured by no more than 50% percent of the balance in the participant's account and bear interest at a rate computed using the prime rate (as specified in the Wall Street Journal) plus 1% at the time the loan originates. The interest rates on participant notes receivable at December 31, 2012 were 4.25%. Principal and interest are paid in equal installments through semi-monthly payroll deductions.

Payment of Benefits

When participants leave the employer, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment. In-service or hardship withdrawals are also permitted as outlined in the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $1,000. In the event of a mandatory distribution greater than $1,000 but less than $5,000 for which the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a common collective trust offered by the Plan. Participants may change their investment options at any time.

1. Description of Plan, continued

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce plan administration fees or to reduce future employer contributions. At December 31, 2012 and 2011, forfeited non-vested accounts totaled approximately $2,600 and $0, respectively. During 2012, there were approximately $3,000 forfeited from non-vested account balances and approximately $400 was used to offset Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of investment contracts, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan consist of mutual funds and a common collective trust. All investments are reported at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance, which approximates fair value, plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

* The Plan did not hold these investments at December 31, 2012

** The Plan did not hold these investments at December 31, 2011

The Plan's investments, including investments bought, sold, and held during the year, appreciated in 2012 as follows:

Mutual funds	$ 660,131
Common/collective trust	30,230
	$ 690,361

4. Information Prepared and Certified by the Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustees of the Plan as of December 31, 2012 and 2011 and transactions entered into as of and for the year ended December 31, 2012:

	2012	2011
Investments at fair value:		
Mutual Funds	$ 7,947,148	$ 5,257,870
Money Market Fund	-	2,692,046
Common/Collective Trust	2,703,353	-
	$ 10,650,501	$ 7,949,916
Participant notes receivable	$ 160,166	$ 102,710
Net appreciation	$ 690,361	
Interest and dividends	$ 167,382	

5. Common/Collective Trust

The Plan held a common/collective trust investment in Federated Investors Trust Company for 2012 – the Capital Preservation Fund. This trust holds fully benefit-responsive investment contracts. These contract contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The trust is included in the statements of net assets available for benefits at the redemption value of the underlying fund. The adjustment from fair value to contract value for the underlying investment contracts is based on the contract value as reported to the Plan by Federated Investors Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

For 2012 the average yield and crediting interest rates were 1.59% and 1.95%, respectively.

Certain events may limit the ability of the Fund to transact at contract value with contract issuers for participant benefit payments or investment transfers such as premature termination of the contract by the Plan or termination of the Plan, such events are not probable.

The adjustment from fair value to contract value related to the investment contracts at December 31, 2012 is as follows:

	Capital Preservation Fund 2012
Investment, at fair value	$ 2,703,353
Adjustment to contract value	(46,808)
Investment at contract value	$ 2,656,545

6. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
International	$ 2,986,670	$ -	$ -	$ 2,986,670

Mid-Cap	421,408	-	-	421,408
Specialty	1,112,980	-	-	1,112,980
Balanced	1,015,012	-	-	1,015,012
Common/Collective Trust	-	2,703,353	-	2,703,353
	$ 7,947,148	$ 2,703,353	$ -	$ 10,650,501

6. Fair Value Measurements, continued

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
International	$ 2,136,108	$ -	$ -	$ 2,136,108
Large Cap	1,928,863	-	-	1,928,863
Bond	372,119	-	-	372,119
Small Cap	340,520	-	-	340,520
Mid-Cap	245,526	-	-	245,526
Equity	141,194	-	-	141,194
Balanced	93,540	-	-	93,540
Money Market Fund	2,692,046	-	-	2,692,046
	$ 7,949,916	$ -	$ -	$ 7,949,916

The Plan did not have any Level 3 assets or liabilities as of December 31, 2012 and 2011.

The Plan's valuation methodology used to measure the fair values of mutual and money market funds were derived from quoted market prices as substantially all of these instruments have active markets. The common/collective trust invests primarily in stable value products, such as guaranteed investment contracts (GIC) (also known as traditional GICs) separate account GICs and synthetic GICs. The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC.

7. Tax Status

The Plan sponsor adopted a prototype plan document. The prototype plan document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving its opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to the applicable statute of limitations.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance, and will be entitled to take entire balance from the Plan following termination.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and a common/collective trust account offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to the Form 5500:

	2012
Per the financial statements	$ 10,830,982
Receivables:	
Participant salary deferrals	(49,752)
Employer contributions	(17,371)
Per the Form 5500	$ 10,763,859

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2012 to the Form 5500:

	Participant Salary Deferrals	Employer Contributions
Per the financial statements	$ 1,308,051	$ 457,838
Adjustment for contributions receivable at December 31, 2012	(49,752)	(17,371)
Per the Form 5500	$ 1,258,299	$ 440,467

11. Subsequent Events

The Plan was amended and restated on March 1, 2013. No significant modifications were made.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 2, 2013, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than listed above, since December 31, 2012 that require recognition or disclosure in such financial statements.
