Independent Auditor's Report

October 2, 2013

To the Participants, Plan Administrator and Trustees of the
Immediate Mailing Services, Inc. 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Immediate Mailing Services, Inc. 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company of New York, the Trustee of the Plan, except for comparing such information with the related information included in

the financial statements. We have been informed by the plan administrator that the Trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the years then ended that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of the Immediate Mailing Services, Inc. (the "Company") 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, which covers substantially all employees. Employees are eligible to participate in the Plan upon attaining age eighteen. Participants are eligible for employer-matching contributions upon completing one credited year of service (1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to contribute up to 100% of compensation, as defined by the Plan and subject to Internal Revenue Code limitations. Participants may also rollover amounts from other qualified plans into this plan. Participants direct their contributions into various investment options offered by the Plan. The Company makes discretionary matching contributions equal to 25% of the participant's elective contributions, not to exceed 10% of the participant's compensation. The Company's discretionary matching contributions amounted to $49,318 and $49,547 for the years ended December 31, 2012 and 2011, respectively. The Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions for the years ended December 31, 2012 and 2011.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's matching and profit sharing contribution, and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are always 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service and 20% each year thereafter with full vesting upon completion of six years of service.

Forfeitures - Forfeitures are used to offset future employer contributions to the Plan. There were insignificant amounts of forfeitures of terminated non-vested account balances as of December 31, 2012 and 2011.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable and interest thereon shall be repaid over a period not to exceed five years. The notes are collateralized by the balance in the participant's account. Interest rates ranged from 4.25% to 5.25% as of December 31, 2012. Principal and interest is paid ratably through payroll deductions. The plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter

in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments (see Note 2).

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were $961 of deemed distributions reported for the year ended December 31, 2012. There were no deemed distributions reported for the year ended December 31, 2011.

Payment of benefits - Upon termination of service, a participant may elect to receive a lump sum amount equal to the vested value of their account.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

The Financial Accounting Standards Board's (FASB) authoritative guidance regarding accounting for *Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies*, defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution, health and welfare and pension plans. As described in the authoritative guidance, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan holds a John Hancock Stable Value Fund, which is considered a fully benefit-responsive investment contract. Generally, contract value of the John Hancock Stable Value Fund is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment. There were no fair value adjustments, as fair value approximates the contract value as of December 31, 2012 and 2011.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make

estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments in pooled separate accounts are reported at fair market value (see Note 6). All fair market values have been certified by John Hancock Life Insurance Company of New York, the Trustee of the Plan (see Note 5). Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Economic dependency and concentration of credit risk - All of the Plan's investments are invested with John Hancock Investments as of December 31, 2012 and 2011. Accordingly, the Plan is dependent upon the financial condition of this entity.

Administrative costs - Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the Company has paid or reimbursed the Plan for such expenses. Costs of maintaining participant accounts and managing the investments are paid directly out of plan assets (see Note 4).

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded as paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective

distributions") are recorded in the financial statements and Form 5500 in the plan year that the excess contributions are received. Corrective distributions are returned to the effected participants subsequent to year end. Corrective distributions amounted to $33,000 and $33,047 for the years ended December 31, 2012 and 2011, respectively. Excess contributions payable of $21,994, were remitted to the affected participants in 2012. The remaining unpaid corrective distributions will be remitted to the affected participants in 2013.

Subsequent events - Management has evaluated subsequent events through October 2, 2013, the date that the financial statements were available for issue.

Note 3 - Tax status

Effective January 1, 2012, the Company adopted Massachusetts Mutual Life Insurance Co. Prototype Non-Standardized Profit Sharing Plan with CODA. The Internal Revenue Service has ruled that this prototype is designed in accordance with applicable sections of the Internal Revenue Code. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as tax-exempt.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2012 or 2011. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2009.

Note 4 - Party-in-interest transactions

John Hancock Life Insurance Company of New York provided investment trustee services for the year ended December 31, 2012 and 2011. ERISA Consultants provided third party administrative services to the Plan through November 2011, at which time they abruptly ceased providing professional services. The Company then contracted with PKY Associates in December 2011. These transactions qualify as party-in-interest transactions. The trustee service fees paid to John Hancock Life Insurance Company by the Plan were $4,654 and $3,786 for the years ended December 31, 2012 and 2011, respectively. The Plan paid $700 of third party administrative fees to PKY Associates for the year ended December 31, 2012. The Plan paid $1,275 of third party administrative fees to ERISA Consultants for the year ended December 31, 2011.

Note 5 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company of New York, the Plan's Trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. Furthermore, the Plan's independent auditors did not perform auditing procedures with respect to the following information except to compare such information to the related information included in the financial statements and supplemental schedule. Investments that represent 5% or more of the Plan's net assets ($74,438 for 2012 and $57,739 for 2011) are identified below.

Note 6 - Fair value measurements

The FASB's authoritative guidance on fair value measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts - Pooled separate accounts are made up of registered investments of John Hancock Life Insurance Company of New York, which are valued at the closing price reported on the active market on which the individual security is traded. The net asset value of the pooled separate accounts reported to participants are determined on a daily basis by John Hancock and are published on their website and on the statements provided to participants. The net asset values of the underlying investment within the pooled separate accounts may be different from values of the assets reported on the open market because of service fees, maintenance charges and other items (Level 2). There were no unfunded commitments or redemption restrictions on any of these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2012			
	Level 1	Level 2	Level 3	Total
