Independent Auditor's Report

To the Plan Trustees
United Laboratories, Inc. Leveraged
Employee Stock Ownership Plan

We have audited the accompanying financial statements of United Laboratories, Inc. Leveraged Employee Stock Ownership Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

United Laboratories, Inc. Leveraged
Employee Stock Ownership Plan

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2012 and 2011 and the changes in net assets for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As explained in Note 3, the financial statements include investments valued at $11,120,585 at December 31, 2012 and $14,063,522 at December 31, 2011, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on an independent appraisal, management projections, and guideline market data.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of December 31, 2012 and reportable transactions for the year ended December 31, 2012 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of United Laboratories, Inc. (the Company) Leveraged Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established effective August 1, 1996 and operates as a leveraged employee stock ownership plan. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

The Plan originally purchased Company common stock using proceeds from the Company's bank borrowings and loans from former stockholders and holds the stock in a trust established under the Plan. The bank borrowing and loans from former stockholders were repaid in 2011. During 2011, the Plan borrowed from the Company to purchase additional Company common stock (See Note 4). The related note is to be repaid over a period of 6 years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowings are collateralized by the unallocated shares of stock. The Company has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein of (1) the accounts of employees with vested rights in allocated stock (allocated) and (2) stock not yet allocated to employees (unallocated).

Administration of Plan Assets - The Plan's assets, which consist primarily of sponsor company common shares, are held by the trustee of the Plan.

Company contributions are held and managed by the trustee, who invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan, which is reimbursed to the trust through contributions as determined by the Company. Evolve Bank and Trust is the trustee of the plan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees are paid directly by the Company.

Note 1 - Plan Description (Continued)

Eligibility - The Plan is a defined contribution plan covering substantially all employees who have completed at least one year of service providing they worked at least 1,000 hours during such plan year. Participants who did not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are not eligible for an allocation of Company contributions for such year. Leased employees and nonresident aliens are excluded from participation.

Employer Contributions - Employer contributions are determined by the board of directors of the Company at their discretion subject to conditions and limitations of the Plan. However, the amount of total contributions must be at least equal to the annual principal and interest due on the notes payable and may not exceed the amount currently deductible for federal income tax purposes. Employee contributions are not permitted.

Participant Accounts and Forfeitures - Each participant account is credited with an allocation of (a) shares of the company's common stock released by the trustee from the unallocated account, (b) employer cash or stock contributions, (c) forfeitures of terminated participants' nonvested accounts, (d) company stock dividends, and (e) other plan earnings and losses. The employer's contribution and forfeitures are allocated to each participant in the ratio that each participant's compensation bears to the total compensation of all participants. Investment income or losses pertaining to allocated shares are allocated on the basis that the participant's investment account balance bears to the total account balance of all participants.

Vesting - Vesting in the Company's contributions and earnings thereon is based on participants' years of credited service. The vested portion is determined in accordance with the schedule below.

Years of Service	Vested Percentage
2 full years	20
3 full years	40
4 full years	60
5 full years	80
6 or more full years	100

A participant will be eligible for normal retirement on the first day of the next month following the participant's 62nd birthday. Upon normal retirement, a participant will become 100 percent vested regardless of years of service.

Note 1 - Plan Description (Continued)

Payment of Benefits - Participants will be eligible to receive distributions from the Plan upon termination of service due to retirement or death. Benefits may be paid in cash, common stock of the Company, or a combination of both. Benefits are recorded when cash is paid or shares of stock are distributed.

Under terms of the plan agreement, shares of stock received as a distribution must be sold immediately by terminated participants to the Company. Participants with vested balances of less than $1,000 will receive payment immediately. Participants with vested balances greater than or equal to $1,000 will receive payment, as determined at the discretion of the Company or the trustee, in a lump sum or in equal annual installments over a period not to exceed five years, for which notes payable will be recorded by the Company.

Distributions will generally commence no later than 60 days following the year during which the latest of the following events occur: the participant reaches normal retirement (age 62), the date the participant reaching the tenth anniversary of his participation in the Plan, or the termination date of the participant.

Forfeitures - If a participant is not fully vested on their termination date, the non-vested amount of the account is forfeited. The Company allocates forfeitures to participants based on participant compensation, as defined in the plan agreement. Allocation of forfeitures are considered additional Company contributions and are subject to the same vesting provisions of Company contributions.

Put Option - Under federal income tax regulations, the employer stock that is held by a plan and its participants and is not readily tradable on an established market includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The fair value of such shares shall be determined by an independent appraiser. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Note 1 - Plan Description (Continued)

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of company shares credited to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive distributions as defined in the plan document.

Termination - The Company reserves the right to terminate the Plan at any time, subject to the Plan's provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Plan shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The common shares of United Laboratories, Inc. are valued at fair value as determined by an annual independent appraisal.

The money market account is valued at fair value based on its outstanding balance. See Note 3 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Management Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties and, as a result, actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 10, 2013, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Note 3 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2012

	Level 2	Level 3	Balance at December 31, 2012
Money market account - Short-term investment	$ 4,191	$ -	$ 4,191
United Laboratories, Inc.Common stock	-	11,120,585	11,120,585
Total	$ 4,191	$ 11,120,585	$ 11,124,776

Assets Measured at Fair Value on a Recurring Basis at December 31, 2011

	Level 3
United Laboratories, Inc.Common stock	$ 14,063,522

The Company common stock is classified as Level 3 in the hierarchy and is based on the fair value determined through third party appraisal, which utilized a combination of both market and income approaches including the discounted cash flow method, the guideline public company method, and the guideline transaction method. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, and market comparables.

The valuation process includes plan management's annual engagement of a qualified independent appraiser. Plan management accumulates the data for the appraisal from the Company's audited financial statements and forecasts. The appraiser prepares a preliminary report which plan management, along with the Trustee, reviews in detail, discusses and approves.

Note 3 - Fair Value Measurements (Continued)

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended December 31, 2012 are as follows:

	Investment Type A
Balance at January 1, 2012	$ 14,063,522
Distributions	(1,542,999)
Total unrealized losses	(1,399,938)
Balance at December 31, 2012	$ 11,120,585

Of the Level 3 assets still held by the Plan at December 31, 2012, the unrealized losses for the year ended December 31, 2012 was $1,399,938, which is recognized in the statement of changes in net assets.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets and liabilities. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 4 - Note Payable - Employer

The Plan has a term loan payable to the Company, collateralized by the unallocated shares of the Plan. The note bears interest at 2 percent and is amortized over a six-year period ending on December 31, 2016. Principal and interest payments of $1,252,000 are due annually, with the remaining unpaid principal and interest due on the maturity date.
