YEARS ENDED DECEMBER 31, 2012 AND 2011

A. PLAN DESCRIPTION

General – SP Fiber Technologies LLC (the Company) acquired certain assets and assumed certain liabilities of a Smurfit Newsprint Corporation newsprint mill in Newberg, Oregon. In conjunction with this acquisition, the Company created the SP Fiber Technologies LLC Hourly Savings Plan (the Plan) for the Newberg Mill's union employees effective November 1, 1999. The Plan was amended and restated effective January 1, 2001.

The Plan is a defined contribution plan covering substantially all union employees of the Newberg, Oregon Plant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participants have the option of making contributions of 1% to 50% of their compensation, as defined in the Plan document and subject to Internal Revenue Code (the Code) limitations. The Company's matching contributions are the lesser of 50% of the employee matching contributions or \$1,700. Additionally, participants may elect one of eleven investment fund options.

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Upon termination of service, participants may elect to receive either a lump-sum amount equal to the value of their vested accounts or annual installments. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Vanguard Fiduciary Trust Company (the Trustee) has custodial responsibilities for the Plan's assets and has been given the authority to invest and reinvest the principal and income of the Plan's assets as directed by Plan participants. Expenses incurred in conjunction with managing the Plan's assets may be paid from the Plan's assets or by the Company. All other expenses such as trustee and administrative fees are paid by the Company.

The foregoing description of the Plan provides only general information. Participants should refer to the pamphlet "A Summary Plan Description of Your Thrift Plan" for a more complete description of the Plan's provisions. Copies of the pamphlet are available from the administrative committee.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. **Basis of Accounting** - The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.
2. **Use of Estimates** - The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and such difference may be material to the financial statements.
3. **Investment Valuation** – The Plan's investments in the Vanguard Money Market Reserves – Prime Portfolio are stated at fair value. The Plan's investments in mutual funds are stated at fair value based on quoted prices in an active market.
4. **Income Recognition** – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.
5. **Payment of Benefits** – Benefit payments to participants are recorded upon distribution.

E. UNCERTAIN TAX POSITIONS

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2012, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2012. The Plan's federal tax returns generally remain open for the last 6 years.

F. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

YEARS ENDED DECEMBER 31, 2012 AND 2011

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

	December 31,

Reconciling items:		
Rounding	-	-
Net assets available for plan benefits per Form 5500	\$ 17,739,447	\$ 16,164,342

G. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated April 16, 2002, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

H. PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years or twenty years if used for a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing interest rates. Principal and interest are paid ratably through monthly payroll deductions.

I. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by the Trustee. These transactions qualify as party-in-interest transactions. Fees paid by the Plan sponsor for administrative services aggregated to \$5,760 and \$5,780 for the years ended December 31, 2012 and 2011.

J. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. SUBSEQUENT EVENTS

The Plan performed an evaluation of subsequent events through September 19, 2013, the date upon which the Plan's financial statements were available for issue. The Plan has not evaluated subsequent events after this date. No subsequent events were identified that would have required a change to the financial statements or disclosure in the notes to the financial statements.

L. FAIR VALUE MEASUREMENTS

SP FIBER TECHNOLOGIES LLC
HOURLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2012 AND 2011

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of fixed and variable mutual funds are based on quoted market prices.

Level 2 Fair Value Measurements

Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Fair Value Measurements

Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

Fair Value Measurements at Reporting Date Using:				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2012</u>				
Variable investment mutual funds	\$ 17,723,185	\$ 17,723,185	\$ -	\$ -
<u>December 31, 2011</u>				
Variable investment mutual funds	\$ 16,131,696	\$ 16,131,696	\$ -	\$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2012 and 2011 are reported in net appreciation (depreciation) in fair value of investments.
