FERRARA & EINIGER, LLP
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Einiger LLP 401 (k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan Administrator is Abrams, Fensterman, Fensterman, Eisman, Formato, & Ferrara LLP (the Company).

General: The Plan was established January 1, 1991, with several amended and restated provisions of the Plan effective thereafter. The Plan is a defined contribution plan formed under Internal Revenue Code section 401(k), covering substantially full-time employees of the Company except union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan is subject to, and is in compliance with, the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as the provisions under Section 401(k) of the Internal Revenue Code. In February 2012, the Plan name was amended to Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Einiger, LLP 401 (k) Retirement Plan.

Eligibility: Employees of the Company are eligible to participate in the Plan on commencement of employment and may make elective deferral contributions immediately. To be eligible for employer contributions, the employee must complete one year of service, as defined, be at least 21 years of age and have worked not less than 1,000 hours. Enrollment for new eligible employees occurs on January 1 and July 1 of each year.

Plan Administration: The Company contracts with a third party, John Hancock Life Insurance Company (John Hancock) to be the custodian for the Plan. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Contributions: Each year, participants may elect to defer 100% of their annual covered compensation, up to a maximum annual limit as determined under the Internal Revenue Code (IRC). For 2012 this limit was $17,000 per participant, plus an additional $5,500 for participants 50 or older.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These "rollover" contributions are placed in a separate account called a "participant rollover account." There were no rollovers made for the year ended December 31, 2012.

Participants direct their own investment of contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (continued):

Contributions: (continued)

The Company may make a discretionary matching contribution each year equal to a uniform percentage of each participant's salary reduction that they elect to defer. The Company is not obligated to do so, and the decision is determined annually. Matching contributions amounted to approximately $185,000 for the year ended December 31, 2012.

Participant Accounts: Each participant's account is credited with their share of the Company's contributions, participant contributions, plan forfeitures and allocation of plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on account balances as defined by the plan. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans: Participants are permitted to receive loans from the assets of the Plan subject to certain restrictions. Based on the terms of the Plan, participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of the value of the participants' vested account balance. A participant may have three loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. The prevailing interest rate at December 31, 2012 was 4.25%. Interest earned for the year ended December 31, 2012 was approximately $4,650. Interest is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Vesting: Participants are immediately vested in participant contributions. Employer contributions are subject to a six-year graded vesting schedule as follows:

Years of Vesting Service	Vesting Percentage
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are payable in a lump sum upon separation from service, death or disability. A participant may also elect to take a distribution over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). In-service distributions are available for hardship, or attainment of age 59½. In any event, payment of benefits must commence at the later of when the participant reaches age 70½ or termination of employment. Participants may also receive distributions from rollovers of prior qualified plans.

Forfeited Accounts: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer and or matching contributions. At December 31, 2012, the amount forfeited during the year and available in the forfeiture account was approximately $43,000.

Fees: The Plan is subject to an administrative fee, which is deducted from the participants' accounts and paid to the Plan's custodian. At December 31, 2012 administrative fees amounted to approximately $1,725, and are reflected in the Statement of Changes in Net Assets Available for Benefits. Broker commissions in the amount of approximately $19,000 were paid through sales and service fees of the investment funds. Payments to the Plan actuaries and consultants amounted to approximately $4,800 and were paid by John Hancock.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation: The Plan reports its transactions on a cash basis, except that investments are reported at fair value in the statements of net assets available for benefits and changes in fair value of investments are shown as appreciation or depreciation in the statement of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). GAAP requires plan contributions and investment income to be reported when earned and plan expenditures to be recorded when incurred. In addition, GAAP requires disclosure of the fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value and the modified cash basis does not require such disclosure.

Basis of Accounting: Investment contracts held by a defined-contribution are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting: (continued)
The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents: At December 31, 2012 and 2011, cash and cash equivalents consists of monies held in checking and broker/dealer money market accounts. The money market accounts earned interest between 0.0% and 0.02% per annum.

Investment Valuation and Income Recognition: The Plan's investments are comprised of mutual funds and money market accounts, which are stated at fair value, and participant loans. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuation is made by the custodian and taken from published sources. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year

Participant loans are valued at their outstanding balances, which approximate fair value. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by plan at year end.

Common/collective mutual funds: Valued at the fair value of the shares in the collective trust, as determined by the fair value of the underlying investments/mutual funds.

NOTE 3 - INVESTMENTS:

The following is a summary of the investment information reported to the Plan by John Hancock who has certified that the following summary is complete and accurate as of December 31, 2012 and is stated at fair market value. The Plan Sponsor has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following investments.

Investments that comprise 5% or more of the fair value of the Plan's net assets:

Description of Investment	2012	2011
Growth Index Fund	$ -	$ 419,498
Real Estate Securities Fund	-	380,094
Stable Value Fund	715,934	747,461

Other - less than 5%	3,113,745	1,379,430
	$ 7,942,923	$ 7,224,213

NOTE 4 - FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

NOTE 4 - FAIR VALUE MEASUREMENTS: (continued)

Level 2 Pricing inputs are other than used in Level 1 which include the closing bid price for unlisted marketable securities which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.

Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

Financial instruments at December 31, 2012 and 2011 are comprised of the following:

2012	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Equity	$ -	$ 5,153,964	$ -	$ 5,153,964
Bond	-	2,628,446	-	2,628,446
U.S. Government	-	160,513	-	160,513
	-	7,942,923	-	7,942,923
Participant loans	-	-	117,449	117,449
	$ -	$ 7,942,923	$ 117,449	$ 8,060,372

During the year ended December 31, 2012 the Plan's investments (including investments purchased and sold, as well as held during the years) appreciated in fair value as follows:

Equity Funds	$ 588,306
Bond Funds	46,007

NOTE 5 - TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by defined contribution plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS:

Plan investments include mutual funds which are managed by John Hancock Life Insurance Company. John Hancock is also the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The amounts included herein are approximately $7,386,000 and $5,563,000 for the years ended December 31, 2012 and 2011, respectively.

Loans receivable from Plan participants in the amounts of $117,449 and $108,729 for the years ended December 31, 2012 and 2011 respectively are considered party-in-interest transactions and are exempt from the prohibited transaction rules as defined by ERISA.

NOTE 7 - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2013, which is the date the financial statements were available to be issued. No events have occurred that would have a material effect on the financial statements of the Plan as of that date.
