Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Com-Pac International Retirement Savings Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements and supplemental schedule in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements and supplemental schedule that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and supplemental schedule as based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Alerus Financial, N.A., the trustee of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i Schedule of Assets (Held at End of Year) as of December 31, 2012 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

COM-PAC INTERNATIONAL RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN

The following description of Com-Pac International Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of the company who have one year of service, have attained age 21, and are not members of a collective bargaining unit. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants are permitted to contribute pre-tax deferrals through payroll deductions in an amount not exceeding the limits as outlined by the federal law and IRS guidelines, including catch-up contributions.

The company contributes 20% of the first 5% of base compensation that a participant contributes to the plan. The investment of the Company's matching contribution is also participant directed. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. The Company elected not to make a profit sharing contribution for 2012 or 2011.

Forfeited amounts are reallocated to each eligible participant in the ratio that each eligible participant's compensation bears to the compensation of all eligible participants for the plan year and are used to reduce employer contributions. At December 31, 2012 and 2011, forfeited non-vested accounts totaled $1,857 and $770 respectively, and no amount was allocated to reduce employer contributions for 2012 or 2011.

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

The plan provides for rollover contributions to the Plan, which is considered 100% vested and non-forfeitable at all times.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-three mutual funds as investment options for participants.

Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 6.0% to 10.0%, which are calculated at current prime rate plus 1% at the time of the application. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

Distributions are made to participants upon retirement, termination of employment, or total and permanent disability. In case of death, distributions are made to the participant's beneficiary. Employees are 100% vested in the profit sharing contributions if the distribution results from disability or death.

Plan Termination:

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan at any time. In the event of termination of the Plan, the account of each participant shall be fully vested and non-forfeitable as of the effective date of complete termination of the Plan and each participant's contribution account shall be distributed to the participant.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts:
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, then charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:
The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting. This basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. This basis of accounting differs from the GAAP basis in that it records contributions when they are received and expenses when they are paid instead of when they are receivable or payable. This creates a timing difference in the valuation of benefits payable to the participants between the time the contributions are withheld from the employee's paychecks until the time they are deposited into the Plan.

Investment Valuation and Income Recognition:
Assets of the Plan at December 31, 2012 and 2011 are maintained in Registered Investment Companies (mutual funds) with Alerus Financial. The investments are carried at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices that represent the net asset of shares held by the plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date.

The Company adopted FASB ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans, which requires loans to participants to be classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU No. 2010-25 has been applied retrospectively to all prior periods presented and reclassified the loan amounts from investments to notes receivable from participants and adjusted the values to no longer be measured at fair value.

Administrative Expenses:
Certain expenses incurred in the administration of the Plan are paid directly by the Company. The plan incurred $1,305 and $1,910 of administrative expenses for the year ended December 31, 2012 and 2011, respectively.

Estimates:
The preparation of financial statements in conformity with U.S. generally accepted accounting principles and the modified cash basis of accounting requires the trustees to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits:
Benefits are recorded when paid.

Fair Value Measurements:
Included in the financial statements are certain financial instruments carried at fair value. The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, that is, other than in a forced liquidation sale. The fair value of a liability is the amount at which that liability could be incurred or settled in a current transaction between willing parties, that is, other than in a forced or liquidation sale. FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Fair Value Measurements* (Continued)

liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market rates and volatilities, spreads and yield curves. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common stocks, corporate bonds, and U.S. government bonds and securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	$ 105,905	$ (62,610)

There were no nonparticipant-directed investments for the years ended December 31, 2012 and 2011.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 16, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended to comply with all regulatory amendments since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, is exempt from Federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan transferred asset custodian and service providers. Alerus Financial, N.A. maintains the investments and executes investment transactions and allocations. Forbes Financial Group reviews the investment funds available at Alerus Financial, N.A. with investment managers and suggests the investment funds that should be available for the Plan. Fees are paid for these investment management services. These transactions qualify as exempt party-in-interest transactions.

Spectrum Employee Benefits, Inc. handles all administration work such as terminations, distributions, and loans. They receive fees for administering the Plan. There are no transactions within the process that qualify as party-in-interest transactions.

The administration fees the plan sponsor absorbed for the plan were $0 for 2012 and $0 for 2011.

COM-PAC INTERNATIONAL RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2012 and 2011

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term, which such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits (modified cash basis).

NOTE 7 – SUBSEQUENT EVENTS

For the year ended December 31, 2012, it was discovered the 2010 corrective distributions of $2,041 from the ACP Non Discrimination testing were not distributed timely to the applicable participants. Form 5330 was filed in order to report the error and pay the 10% excise tax. This Company has evaluated subsequent events for potential recognition and disclosure through October 1, 2013, the date of the financial statements.

NOTE 8 – EXCESS CONTRIBUTIONS REFUNDABLE

For the years ended December 31, 2012 and 2011, the amounts of $8,611 and $6,269 respectively were refunded in the following year by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.
