Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mercy Health Partners 403(b) Retirement Plan (the Plan), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company and Variable Annuity Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Plan Administrator
Mercy Health Partners 403(b) Retirement Plan

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan administrator approved the freezing of the Plan effective October 1, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments in insurance contracts are stated, from the ongoing plan basis to the liquidation basis for periods ending after October 1, 2011. Our opinion is not modified with respect to that matter.

Mercy Health Partners 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2012

1. Significant Accounting Policies

Basis of Accounting

The accounting records of the Mercy Health Partners 403(b) Retirement Plan (the Plan), previously the St. Mary's Non-Union 403(b) Retirement Plan, are maintained on an accrual basis. Annual returns filed under applicable provisions of the Employee Retirement Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC) are on the cash basis of accounting.

During 2011, Mercy Health Partners, Inc. (the Plan Fiduciary) was acquired by Health Management Associates. In connection with the acquisition, the Plan Fiduciary elected to freeze the Plan effective October 1, 2011 (Frozen Date). In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements are presented on the liquidation basis of accounting.

Effective the Frozen Date, all participant accounts became fully vested, no new participants are admitted to the Plan, no additional contributions are made to the Plan by participants and no new participant loans are allowed. The Plan will continue until all participant accounts have been distributed, at which time, it will be terminated. The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations. Any unallocated assets of the Plan will revert back to the employer unless required otherwise under the terms of the Plan.

Plan Description

The Plan includes employees of the Plan Fiduciary, as well as employees of certain affiliates: Jefferson Memorial Hospital, Inc., St. Mary's Hospital of Campbell County, St. Mary's Health & Fitness Center, St. Mary's Medical Center of Scott County, Baptist Health System of East Tennessee, Inc., The Baptist Health System Foundation, Inc., Baptist Hospital of Cocke County, Inc., Baptist Hospital of East Tennessee, Inc., Baptist Hospital West, Inc. and Baptist Hospital for Women, Inc. (collectively, the Sponsor Employers). The Sponsor Employers were all acquired in the acquisition discussed above.

Use of Estimates

The preparation of financial statements on the liquidation basis of accounting are in conformity with accounting principles generally accepted in the United States of America and require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Mercy Health Partners 403(b) Retirement Plan
Notes to Financial Statements (continued)

1. Significant Accounting Policies (continued)

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus accrued interest.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distributable event has occurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses (primarily investment fees) are paid by the Plan and allocated to participant accounts. Remaining fees for legal, accounting and other administration are paid by the Sponsor Employers.

Subsequent Events

Subsequent events have been evaluated through October 11, 2013, the date the financial statements were available for issuance.

2. Description of the Plan

General

The Plan is a 403(b) Tax Deferred Annuity Plan and is subject to the provisions of ERISA. Prior to the Frozen Date, the Plan was available to all employees of the Sponsor Employers except for employees who normally work less than 20 hours per week and those who are non-resident aliens. Participation in the Plan was voluntary and employees could enter the Plan immediately for purposes of making salary deferral contributions.

Contributions

Prior to the Frozen Date, participants could contribute a percentage of their salary up to the maximum amount allowed by the Internal Revenue Service (IRS). Participant contributions to the Plan were made through payroll deductions. The participant contributions were remitted to the Trustee after each payroll. Participants could also contribute amounts from other tax deferred annuity plans.

Mercy Health Partners 403(b) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Investments

The Plan's trustees are State Street Bank and Trust Company (SSBT) and Variable Annuity Life Insurance Company (VALIC). Each investment fund with SSBT, including certain investment options of Transamerica Financial Life Insurance Company (Transamerica), an affiliate of Diversified Investment Advisors (DIA), is a collective investment trust in which the Plan has an undivided interest with other employee benefit plans that participate in the investment funds. The Plan does not require these investment funds to be insured or collateralized. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform, is the recorded amount of such investments. SSBT has delegated its administrative duties to DIA.

The investment funds are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold, as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at contract value under the liquidation basis of accounting. Fully benefit-responsive investment contracts held by the Plan are as follows:

Guaranteed Pooled Fund

The Plan invests in an investment contract held in the Guaranteed Pooled Fund of Transamerica. Participants should refer to the Transamerica Financial Life Insurance Company Guaranteed Pooled Fund financial statements for more information.

Investment Contract with Insurance Company

The Plan invests in a fixed and variable deferred annuity contract with VALIC which is also presented in the Statement of Net Assets Available for Benefits at contract value.

Participant Accounts

Participants may allocate contributions among various investment options. Participants have the opportunity to change the investment options previously elected at any time. Each participant's account is credited with the participant's contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Mercy Health Partners 403(b) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Participant Notes Receivable

Prior to the Frozen Date, participants could borrow from their account under certain plan conditions. The maximum amount of a participant's borrowing could not exceed \$50,000 and was limited to 50% of the participant's vested account balance. No borrowings are permitted on amounts under \$1,000. The loan is fully secured by the participant's account and is payable over a five-year period, or longer, if for the acquisition or renovation of a principal residence, including interest at the prevailing market interest rate.

Vesting

Effective the Frozen Date, participants became fully vested in their accounts.

Forfeitures

Forfeitures were created when participants terminated employment before becoming entitled to their full benefits under the Plan. Forfeitures could be used to reduce future Plan expenses. See Note 4 for a summary of forfeitures account.

Summary Plan Description

The foregoing description of the Plan provides only general information. Participants should refer to the Mercy Health Partners 403(b) Retirement Plan Summary Plan Description for a more complete description of the Plan's provisions. Copies of this publication are available from the Sponsor Employers.

3. Income Tax Status

The Sponsor Employers have not filed for a determination letter from the IRS for the Plan. The Sponsor Employers are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status, and believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Sponsor Employers have not submitted a request to the IRS for a favorable determination letter with respect to the Plan's qualified status as of the Frozen Date or as of October 11, 2013, the date the financial statements were available for issuance.

Mercy Health Partners 403(b) Retirement Plan

Notes to Financial Statements (continued)

3. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

4. Trustee Information (Unaudited)

The Trustees hold the Plan's investment assets and executes transactions therein. Financial information relating to investments is included in the accompanying financial statements based upon information provided by the trustees. That information, which has not been audited, is summarized as follows:

	Net Appreciation (Depreciation) in Fair Value During Year	Fair Value at End of Year
Year ended December 31, 2012:		
Investment funds of parties-in-interest:

5. Fair Value Measurements

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices in active markets for identical assets.
Level 2	Significant other observable inputs.
Level 3	Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Guaranteed pooled fund, investment contract with insurance company and stable fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

5. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Total
