NOTE 1 - GENERAL DESCRIPTION OF THE PLAN

The Green Recycling 401(k) Retirement Savings Plan (the "Plan") was adopted by Tierra Verde Industries, E Recycling of California, and Paramount Resource Recycling, Inc. (the "Plan Sponsors" or the "Company" or the "Employer") on April 1, 2011. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a salary reduction plan covering all employees of Tierra Verde Industries, E Recycling of California, and Paramount Resource Recycling, Inc. who have attained the age of 21 and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** Under the Plan, eligible employees may contribute from one to fifty percent of their compensation, as defined in the Plan. Contributions are subject to certain maximum dollar limitations as imposed by the IRS. The Plan Sponsors make a safe harbor matching contribution of 100% of the first four percent of employees' contribution. Employees may allocate all contributions made to their account between the various investment options. The Plan Sponsors' matching contributions totaled $57,357 for the year ended December 31, 2012.

   The Plan Sponsors may decide to make a discretionary non-elective contribution. Participants may share in the Plan Sponsors' discretionary non-elective contribution in proportion of eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. During 2012, there was no discretionary non-elective contribution made by the Plan Sponsors.

3. **Participants accounts.** Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contribution and allocation of the Company's matching contribution, and Plan earnings. Allocations are based on participant contributions or account balances, as defined.

   Each participant's account is maintained on a daily valuation system. Net investment income is credited to each participant's account on a monthly, quarterly, or annualized basis.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN - (Continued)

4. **Vesting.** Participant contributions, employer safe-harbor contributions, and related earnings are fully vested immediately. Non-elective employer contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service. Participants also become fully vested upon reaching age 65, in the event of death or upon suffering a permanent disability while employed with the Plan Sponsors.

5. **Investment options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant directed. Participants may change their investment options at any time.

6. **Notes receivable from participants.** Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The committee is responsible for determining the terms and conditions of all notes made to participants. Note transactions are treated as transfers from the investment fund to the notes receivable fund. Note terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates are 5.25%. Principal and interest is paid ratably through regular payroll deductions.

7. **Payment of benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount or an annuity equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a direct rollover. Terminated employees with account balances greater than $5,000 may elect to keep their vested account balances in the Plan after termination. Net assets as of December 31, 2012 include vested account balances of terminated employees totaling $23,964, respectively.

8. **Forfeited accounts.** Participants forfeit the unvested portion of their accounts upon receipt of distribution of the vested account balance. Forfeitures may be used to pay future employer contributions and administrative expenses of the Plan. There were no forfeitures at December 31, 2012.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN - (Continued)

9. **Plan Administration**. State Street Bank & Trust Company and Automatic Data Processing Retirement Services ("ADP") serve as Trustee and Contract Administrator, respectively. The Plan Sponsors provide accounting and administrative services to the Plan at no cost and pay contract administration fees and asset management fees. Administrative fees, which amounted to $3,509 for the year ended December 31, 2012, were paid by the Plan Sponsors. Administrative expenses paid by the Plan were $1,000 for the year ended December 31, 2012.

10. **Plan Termination.** The Plan Sponsors anticipate and believe that the Plan will continue without interruption but reserve the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from Participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Investment Valuation and Income Recognition

Investments are valued at fair value, measured by publicly quoted redemption prices at the close of each business day that the New York Stock Exchange is open. Investment income is recorded when earned. Interest income from notes receivable from participants is recorded on the accrual basis.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 5 - FEDERAL INCOME TAX STATUS

The Plan was formed based on a prototype plan and is intended to qualify pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Plan is required to operate in accordance with the Code to maintain its tax qualification. The Plan Administrator is not aware of any course of actions or series of events that have occurred which might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - RECONCILIATION WITH FORM 5500

The Statements of Net Assets Available for Benefits as of December 2012 and 2011 differ from the 2012 and 2011 IRS Form 5500 in the amount of $5,336 and $7,016, respectively. The difference represents employee contributions receivable of $3,545 and employer contributions receivable of $1,791 as of December 31, 2012 and employee contributions receivable of $4,558 and employer contributions receivable of $2,458 as of December 31, 2011.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of participation in a common/collective trust funds managed by State Street Bank & Trust Company. State Street Bank & Trust Company is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 "*Fair Value Measurements and Disclosures*" provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 – The fair value of mutual funds is based on quoted market prices of the underlying investments at year-end.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. The fair value of the Plan's interest in common/collective trusts is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Quoted market prices are used to value investments in the common/collective trusts.

Level 3 inputs are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. No Plan investments are classified under Level 3.

NOTE 8 – FAIR VALUE MEASUREMENT (Continued)

The following is a summary of the inputs used as of December 31, 2012 in valuing the Plan's investments:

	Level 1	Level 2	Fair Value Measurements
Mutual funds	$ 254,694	$ -	$ 254,694
Common/Collective trusts	$ -	$ 75,722	$ 75,722

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Company's management through October 1, 2013, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2012 that required recognition or disclosure in the current period financial statements.
