1. DESCRIPTION OF THE PLAN

The following description of the Baker Concrete Construction, Inc. Retirement Savings Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined-contribution plan covering all eligible employees of Baker Concrete Construction, Inc. (the "Company") and certain subsidiaries and affiliates of the Company who have adopted the Plan, who have met certain age and service requirements, and are not represented by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Each year, participants may contribute a percentage of their eligible pretax annual compensation, as defined by the Plan, subject to certain Internal Revenue Code (IRC) limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Effective January 1, 2012, the Company re-instated the safe harbor matching contributions to the Plan. During 2012, the Company made safe harbor matching contributions to the Plan equal to 100% of the first 3%, plus 50% of the next 2% of eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company as profit sharing contributions. No such additional discretionary contributions were made for the year ended December 31, 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's safe-harbor matching contributions, the Company's discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers 28 mutual funds and a common collective trust as investment options for participants.

Vesting — Participants are immediately vested in their contributions and the Company's safe-harbor and discretionary matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested in the Company's discretionary contributions after five years of credited service.

Notes Receivable from Participants — Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as

determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2012, participant loans have maturities through 2017 at interest rates ranging from 4.25 percent to 8.5 percent.

Payment of Benefits — On termination of services due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a 5- to 15-year period. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are allowed to make hardship withdrawals if qualified.

Forfeitures — Forfeited balances of terminated participants not used to pay administrative expenses of the Plan can be used to reduce Company contributions. As of December 31, 2012 and 2011, forfeited account balances totaled $5,942 and $620, respectively. During the year ended December 31, 2012, the Company didn't use any forfeiture amounts to reduce employer contributions and administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The stable value fund is stated at fair value and then adjusted to contract value as described below. Fair value of the stable value fund is the net asset value of its underlying investments, and contract value is principal plus accrued interest.

The stable value fund is included at fair value in participant-directed investments in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of investments for such investments.

The Diversified Investment Advisors Stable Pooled Fund ("Stable Pooled Fund") is solely invested in the Wells Fargo Stable Return Fund G. This fund is a stable value fund, which is a commingled pool of the Wells Fargo Trust for Employee Benefit Plans. The fund may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The Stable Pooled Fund imposes certain restrictions on the Plan, and the Stable Pooled Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Stable Pooled Fund to transact at less than contract value is not probable.

In accordance with Accounting Standard Update (ASU) No. 2009-12, the Plan should include disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of year-end. The estimated fair value of the Stable Pooled Fund is net asset value. The use of net asset value as a fair value is deemed appropriate as the Stable Pooled fund does not have a finite life, unfunded commitments or significant restrictions on redemptions.

Administrative Expenses — Administrative expenses of the Plan not paid by the Company are paid by the Plan as provided in the Plan document.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no pending benefit payments as of December 31, 2012 and 2011.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

New Accounting Standards — The accounting standard initially adopted in 2012 is described below:

ASU No. 2011-04 — The financial statements reflect the prospective adoption of FASB ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, which amends ASC 820, as of the beginning of the year ended December 31, 2012 (see Note 4). ASU 2011-04 is effective for financial statements issued for fiscal years beginning after December 15, 2011 and expands certain disclosures about fair value measurement. The ASU requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. It provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The effect of the adoption of ASU 2011-04 had no impact on the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value

measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Shares of mutual funds are primarily categorized as Level 1. They are valued at quoted market prices that represent the net asset value of shares held at Plan year-end. Investment in stable value fund is valued based upon the quoted market prices of the underlying investments. Investment in stable value fund is categorized as Level 2. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2012 and 2011.

	Fair Value Measurements at December 31, 2012, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Domestic stock funds	$17,640,033	$ -	$ -	$17,640,033
Balanced funds	6,379,814			6,379,814
International stock fund	3,224,396			3,224,396
Fixed income funds	8,464,613			8,464,613
Total mutual funds	35,708,856	-	-	35,708,856
Stable value fund		16,342,399		16,342,399
Total	$35,708,856	$16,342,399	$ -	$52,051,255

	Fair Value Measurements at December 31, 2011, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Domestic stock funds	$10,876,727	$ -	$ -	$10,876,727

Fixed income funds	6,738,686			6,738,686
Total mutual funds	30,448,936	-	-	30,448,936
Stable value fund		15,652,014		15,652,014
Total	$30,448,936	$15,652,014	$ -	$46,100,950

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers between levels.

4. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011, are as follows:

	2012	2011
Common collective trust — Stable Pooled Fund*	$16,342,399	$15,652,014
Mutual funds:		
PIMCO Total Return Fund Class A	6,355,938	5,274,897
American Funds Euro Pacific Growth Fund Class R3	3,202,600	2,983,478
Transamerica Premier Diversified Equity Fund*	**	2,453,391

*Party-in-interest.
**Represents balance that does not exeeced 5% in the applicable year.

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year ended December 31, 2012) changed in value as follows:

Mutual funds:	
Domestic stock funds	$2,297,297
Balanced funds	638,834
International stock funds	505,070
Fixed income funds	299,863
Total from mutual funds	3,741,064
Common collective trust	208,555
Net appreciation in investments	$3,949,619

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, which are managed by Diversified Investment Advisors ("Diversified"), including certain Transamerica mutual funds managed by Diversified, and shares of a common collective trust, which are managed by Massachusetts Fidelity Trust Company (MFTC). Diversified is the record keeper and MFTC is an Iowa Trust Company and an affiliated company of Diversified. MFTC is the trustee of the Diversified Investment Advisors Stable Pooled Fund, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were $7,662 for the year ended December 31, 2012.

The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

7. FEDERAL INCOME TAX STATUS

The Plan's most recent determination letter, dated September 27, 2013, from the Internal Revenue Service (IRS), stated that the Plan, as then designed, was in accordance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2012 and 2011, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the State Street Bank and Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.
