Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Coleman Cable 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Trust Company, LLC (formerly known as Orchard Trust Company, LLC) and Great West Life & Annuity Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from the trustees as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the trustees are complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Coleman Cable 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all salaried, nonunion (unless included in union-bargained contract), and hourly employees of Coleman Cable and CCI Enterprises, Inc.; Oswego Wire, Inc.; and Copperfield, LLC and DJR Logistics, Inc. (hereinafter collectively referred to as the "Employer" or "Company"), who have been employed for two months of service and are at least 18 years of age. Eligible employees enter the Plan on the first day of the month after they have met the eligibility requirements. Employees are automatically enrolled into the Plan at a contribution percentage of 3% after 60 days of employment unless they decline enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Coleman Cable, Inc. 401(k) Plan was amended to add Technology Research Corporation as a participating employer effective December 31, 2011. At that time, the Technology Research Corporation Retirement Salary Savings Plan was merged into the Plan. The net assets available for benefits of the Technology Research Corporation Retirement Salary Savings Plan as of the close of business on December 31, 2011 of $2,640,081 were received by the Plan in January 2012.

Transfers from the Coleman Cable Union 401(k) Plan: When the employment status of a participant changes between the collective bargaining unit to a nonunion employee not covered by a collective bargaining agreement, eligibility for participation shifts between this Plan and the Coleman Cable Union 401(k) Plan. When eligibility changes, the account balance of the participant is transferred to the corresponding plan. Amounts transferred from the Coleman Cable Union 401(k) Plan to the Plan were $131,668 for the year ended December 31, 2012.

Contributions: Each year, participants may contribute a percentage of their gross wages, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer makes a matching contribution of 100% of the first 1% of the participants' base compensation and 50% of the next 2% to 6% of the participants' base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such discretionary contributions were made for the year ended December 31, 2012.

Effective January 1, 2009, new employees are automatically enrolled in the Plan upon satisfying its eligibility requirements and are deemed to have consented to an initial participant contribution of 3% of eligible compensation, increased 1% on an annual basis up to a maximum of 6%.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's own contributions, the Company's matching contribution and allocations of (a) the Company's discretionary contributions, (b) Plan earnings, (c) and charged with withdrawals and an allocation of Plan losses and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service. Participants vest according to the following schedule:

Years of Service	Vested Percentage
One	50%
Two or more	100%

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Retirement Death and Disability: A participant will become fully vested if termination occurs as a result of death, retirement, or disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. Loan repayment terms are not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus one percent as published in *The Wall Street Journal* on the first working day of the month. Principal and interest is paid ratably through payroll deductions; however, lump-sum repayments are permitted.

Reclassifications: Certain amounts in the prior year have been reclassified to conform to the current year presentation. These reclassifications had no effect on the Plan's net assets available for benefits as of December 31, 2011.

Forfeitures: Forfeited balances of terminated participants are used to reduce future Company contributions in accordance with the Plan. There were forfeited balances of $43,383 and $9,592, at December 31, 2012 and 2011, respectively, included in the Plan's net assets. During the year ended December 31, 2012, $23,199 of forfeited non-vested accounts were used to reduce employer contributions.

Payment of Benefits: Upon termination of service, retirement, disability, or death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, or systematic installments as the participant elects. Upon attaining age 59½ years of age, a participant has the option to take an in-service distribution for any reason. The Plan allows participants to take hardship withdrawals.

Investments: Participants may elect the way in which contributions are invested among the various investment funds permitted by the Plan. The investment election will apply to both employee and employer contributions. Earnings of the funds shall be allocated to individual participants in the ratio that a participant's account balance invested in a fund bears to the total of all accounts balances invested in that fund.

Expenses: Expenses of administering the Plan may be paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in a fully benefit-responsive contract.

Management has determined that the estimated fair value of the Plan's investment in the fully benefit-responsive contract as of December 31, 2012 and 2011 approximated contract value. Accordingly, the statements of net assets available for benefits reflect no adjustment from fair value to contract value.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC (formerly known as Orchard Trust Company, LLC) and Great West Life & Annuity Insurance Company, the trustees of the Plan. This information has not been audited by independent accountants.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

The following table presents the fair values of investments at December 31, 2012 and 2011 that represent 5% or more of the Plan's net assets available for benefits.

	2012	2011
Mutual funds:		
T. Rowe Price Equity Income	$ 2,702,983	$ 2,341,769
T. Rowe Price Retirement 2025	1,353,022*	1,383,576
Wells Fargo Advantage Growth	3,183,064	1,964,527
American Funds Fundamental Investors	1,685,407*	1,699,578
PIMCO Total Return	3,932,651	3,534,343
Guaranteed investment contract:		
Key Guaranteed Portfolio	7,938,555	6,973,280

* Amount did not exceed 5% of the Plan's net assets, but is included for comparison purposes.

For the year ended December 31, 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $2,888,767. During the year ended December 31, 2012, the Plan's earned interest income on notes receivable from participants of $44,883. For the year ended December 31, 2012, the Plan had interest and dividend income on investments of $1,061,402.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy levels are recognized by the Plan as of the beginning of the reporting period.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Guaranteed investment contract: Management reviews the contract value and fair value reporting received from Great West Life & Annuity Insurance Company (the contract issuer), the current terms of the contract, and Great West Life & Annuity Insurance Company's credit ratings in determining the fair value estimate for the Plan's investment in the group annuity contract. The fair value of the Plan's guaranteed investment contract has been determined to approximate contract values (Level 3 inputs), as the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions prior to contract termination at contract value, frequent resetting of contractual interest rates based upon market conditions, no significant liquidity restrictions and no defined maturities. Generally, there are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value. In addition, management has determined that no adjustment from contract values is required for credit quality considerations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds a guaranteed investment contract offered by Great-West Life and Annuity Insurance Company ("GWL&A"), an affiliate of the Plan trustee, Orchard Trust Company, LLC ("Orchard"). GWL&A is the Plan's trustee and recordkeeper, and therefore, these transactions and the Plan's payment of trustee fees and recordkeeping fees to GWL&A qualify as party-in-interest transactions. In addition, the Plan paid fees to Advised Assets Group, a wholly owned subsidiary of GWL&A and Financial Advocates Advisory Services, for investment advisory and investment management services, which also qualify as party-in-interest transactions. The Plan pays investment management and transaction expenses to GWL&A and Orchard, which are reflected in the financial statements as a reduction of the returns on Plan investments. Notes receivable from participants also reflect party-in-interest transactions. These investments all qualify as party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan is a prototype non-standardized profit sharing 401(k) plan ("Prototype Plan") sponsored by Orchard Trust Company, LLC and adopted by the Company. The Prototype Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Prototype Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2008, the Plan entered into a fully benefit-responsive investment contract with GWL&A ("the Issuer"). GWL&A maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined crediting interest rates and charged for plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The contract is included in the financial statements at estimate fair value, which approximates contract value, as reported to the Plan by GWL&A.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination or merger; premature contract termination initiated by the Company; the establishment of another plan or program to which participants contribute; and a spin-off, sale or merger of any unit of the Employer or plan sponsor causing a group of participants to be excluded from eligibility. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's termination, loss of its qualified status, addition of a competing investment option to the Plan, or breaches of the contract responsibilities. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

(Continued)

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The crediting interest rate of the contracts is based on an agreed-upon formula with the Issuer, as defined in the contract agreements, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contracts. The resulting gain or loss in the fair value of the investment contracts relative to its contract value, if any, is reflected in the statement of net assets available for benefits as "adjustment from fair value to contract value for fully benefit-responsive investment contracts." The average yields for 2012 and 2011 were as follows:

	2012	2011
Average yields:		
Based on annualized earnings [1]	1.45%	2.03%
Based on interest rate credited to participants [2]	1.45%	2.03%

[1] Computed by dividing the annualized one-day actual earnings of the contracts on the last day of the Plan year by the fair value of the contract investment on the same date.

[2] Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investment on the same date.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 10, 2013, which is the date the financial statements were available to be issued.

In May 2013, the Company approved the addition of Coleman Cable, Inc. common stock as an approved Plan investment. The Company anticipates this investment option will be available to participants effective January 1, 2014.
