PASCO Profit Sharing Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of PASCO Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan covering all full-time employees of Personal Assistance Services of Colorado (PASCO) (the Company) who have at least 1,000 hours of service during a 12-month consecutive period and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of December 31, 2012, Barry Rosenberg, Lee Fisher and Ryan Zeiger are trustees of the Plan. The Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank (Nationwide) serves as the Plan custodian.

Contributions

Each year, the Company may make contributions at the discretion of the Company's Board of Directors. For 2012 and 2011, the Company made contributions of 2.62% and 2.59%, respectively, of each participant's eligible compensation, as defined. Employee rollover contributions are permitted. Contributions are subject to certain limitations. Participants direct the investments of the Company's contribution into various investment options offered by the Plan. Forfeitures are used to reduce Company contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PASCO Profit Sharing Plan

Notes to Financial Statements

December 31, 2012 and 2011

Vesting

Participants are immediately vested in their rollover contributions plus earnings thereon. Vesting in the Company's contribution plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce future employer contributions. At December 31, 2012 and 2011, the balance of the forfeiture account was $113,910 and $57,161, respectively.

Payment of Benefits

Upon termination of service, employees with a vested account balance less than $1,000 will have their vested account balance distributed to them in a lump-sum amount. Upon termination of service, an employee with a vested account balance greater than $1,000 but less than $5,000, unless the employee elects otherwise, will have his or her vested account balance transferred out of the Plan and into an individual retirement account as chosen by the plan administrator. Upon termination of service, an employee with a vested account balance greater than $5,000 may elect to receive either a lump-sum amount equal to the value of his or her account, roll over the account balance to an account of his or her choice, or maintain the balance in the Plan and continue to share in investment gains and losses.

Forfeited Accounts

The 2012 and 2011 profit sharing contributions allocated in 2013 and 2012, respectively, were funded by $33,396 and $23,765, respectively, from forfeited nonvested accounts.

Participant Loans

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator at the time of the loan.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at estimated fair value as provided by Nationwide. Estimated fair value is based on the change in net asset values of the underlying mutual fund investments, dividends, capital gain or loss distributions, and expense charges.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Company has adopted a non-standardized prototype plan and trust document sponsored by Retirement Planning Services, Inc., which has obtained a favorable letter from the Internal Revenue Service regarding the acceptability of the form of the non-standardized prototype plan under the Internal Revenue Code (IRC) as of March 31, 2008. The non-standardized prototype plan has been amended since receiving the acceptance letter, and the plan sponsor has not obtained a determination letter for the Plan. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Investments

The Plan's investments are held by the custodian. The Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	2012	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ 420,631	$ 5,300,271
Totals	$ 420,631	$ 5,300,271

	2011	
	Net Depreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ (72,887)	$ 4,958,982
Totals	$ (72,887)	$ 4,958,982

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2012	2011
Nationwide Investor Destination Conservative	$ 2,330,908	$ 2,240,834
Nationwide Investor Destination Moderate Aggressive	495,377	435,362
Nationwide Money Market Fund	387,504	436,324
Nationwide Investor Destination Moderate	328,018	(a)
Others	1,758,464	1,846,462
Total investments	$ 5,300,271	$ 4,958,982

(a) Less than 5% of net assets available for benefits (included in "Others")

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of mutual funds and unallocated accounts managed by the custodian of the Plan.

The Plan is charged a financial service fee related to general administration and record keeping services based on the assets in the Plan. The financial service annual fee charged ranges from 0.41% to 1.31% of assets. These charges are deducted from each fund and are reflected in the unit values of the funds held by the Plan. Included in the financial service fee are expenses related to investment advisory services. The Plan pays an investment advisor up to a 1.25% commission on rollovers and new deposits into the Plan and 0.10% to 0.80% per plan year on all assets.

The Plan paid administrative fees to the custodian and the third-party administrator of $70,046 and $66,250 in 2012 and 2011, respectively. The plan sponsor pays certain accounting and auditing fees relating to the Plan, and performs administrative functions at no charge to the Plan.

Note 5: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements

must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2012 and 2011:

	2012			
		Fair Value Measurements Using

Equity - Small Cap	42,180	-	42,180	-
Totals	$ 4,958,982	$ -	$ 4,958,982	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan holds no Level 1 securities. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan holds no Level 3 securities.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events

The Plan Sponsor has evaluated subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
