UNITED BIOSOURCE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2012 and 2011

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of United BioSource Corporation 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was organized effective July 1, 1995, as a defined contribution retirement savings plan covering all employees of United BioSource Corporation (the Employer) who are at least 21 years of age. The Plan excludes from participation certain leased employees, nonresident aliens with no U.S. source income, and employees subject to collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Merger Agreement: On April 2, 2012, Medco Health Solutions, Inc. (Medco), the parent company of the Employer, and Express Scripts, Inc. (ESI) merged. As a result of the merger, Medco and ESI each became wholly-owned subsidiaries of Express Scripts Holding Company (the Parent) and former Medco and ESI stockholders became owners of stock in the Parent. See Note 4.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Plan participants may authorize the Employer to contribute to the Plan up to 90% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan Agreement provides for safe harbor matching contributions equal to 100% of the first 3% of compensation that each participant contributed to the Plan, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation.

The Employer may make a discretionary additional matching contribution in an amount not to exceed 6% of each participant's elective deferrals. No discretionary additional matching contributions were made to the Plan for the year ended December 31, 2012.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Amounts payable to participants for contributions in excess of amounts allowed under the IRC are recorded as a liability. The Plan distributed the excess contributions at December 31, 2011, to the applicable participants prior to March 15, 2012.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of Employer matching contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions and Employer safe harbor matching contributions, plus actual earnings thereon. Prior to January 1, 2010, vesting in the Employer's matching and discretionary contributions, plus actual earnings thereon, was based on years of service. A participant became 20% vested after one year of service, increasing by 20% per year, with full vesting after 5 years of credited service.

At December 31, 2012 and 2011, forfeited nonvested accounts of terminated participants totaled \$59,349 and \$611, respectively. These accounts will be used to reduce future Employer contributions. In 2012, forfeited nonvested accounts of \$52,240 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes, which range up to 5 years, are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. For the Plan year ended December 31, 2012, interest rates ranged from 3.25% to 9.50% and total interest charged was \$22,097. Principal and interest are paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, an annuity or periodic installments as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account automatically as a lump-sum distribution. If the participant's vested interest in the value of their termination benefit is less than \$1,000, their termination benefit will be paid in a lump sum cash payment. Participants may elect to defer payment for vested amounts greater than \$1,000.

In-service distributions are permitted after a participant attains age 59 ½, in the case of certain financial hardships as described in the Plan document, and in the case of disability. Participants receiving a hardship withdrawal may not contribute to the Plan for six months from the date of withdrawal.

Benefits are recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator submitted an application to the IRS Employee Plans Compliance Resolution System utilizing the Voluntary Compliance Program (VCP) provisions in order to adopt retroactive amendments to the Plan that were not timely adopted by the Plan or by various plans that merged into the Plan. The submission is currently pending review and approval from the IRS. The Plan Administrator intends to comply with any modifications to the submission that may be required by the IRS. Therefore, the Plan Administrator believes that the Plan will remain qualified and the related trust will remain tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Reclassifications: Certain amounts in the 2011 financial statements have been reclassified to conform with the 2012 presentation.

NOTE 2 – FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodology used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2012 and 2011.

Registered Investment Companies: Valued at the published net asset value (NAV), as reported by each fund, of the shares held by the Plan at the reporting date.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2012 and 2011:

At December 31, 2012 and 2011, the Plan had no other assets and no liabilities that are measured at fair value on a recurring basis.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements, related notes and supplemental schedule has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The following is a summary of the Plan's investment information which has been certified as complete and accurate as of December 31, 2012 and 2011, and for the year ended December 31, 2012, by DWS Trust Company, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 4 – PLAN AMENDMENT

The Plan Agreement was amended in conjunction with the merger of Medco and ESI on April 2, 2012, to appoint the Global Retirement Committee of Express Scripts Holding Company as the Plan Administrator and Named Fiduciary of the Plan and provide authority to amend or terminate the Plan to the Board of Directors of United BioSource Corporation or the Senior Vice President and Chief Human Resources Officer of the Express Scripts Holding Corporation.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by an affiliate of DWS Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2012 and 2011:

NOTE 8 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 10, 2013, the date the financial statements were available to be issued.

As reported in the Parent's quarterly report on Form 10-Q for the period ended June 30, 2013, various portions of United BioSource Corporation were sold by the Parent during 2013. A significant number of participants in the Plan were employees of the divested entities. Account balances related to affected participants were transferred to the respective plans of the acquiring entities during 2013. The majority of participants employed by entities remaining under ownership of the Parent were provided the option to enroll in the 401(k) sponsored by ESI. These participants' account balances will remain with the Plan, but no further contributions will be made to the Plan for these participants.
