INDEPENDENT AUDITOR'S REPORT

To The Board of Trustees of
Scottsdale Medical Imaging, Ltd. 401(k) Plan and Trust:

Report on the Financial Statements

We were engaged to audit the financial statements of Scottsdale Medical Imaging, Ltd. 401(k) Plan and Trust (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer or Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the AICPA's Auditing Standards Board and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Scottsdale Medical Imaging, Ltd. 401(k) Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Scottsdale Medical Imaging, Ltd. (the "Company" and "Administrator") who are 21 years of age or older, have completed one year of service and have worked 1,000 hours during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from 1% to 60% of their pretax compensation to the Plan, subject to limitations prescribed by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, a guaranteed return account and self-directed brokerage accounts.

The Plan includes a Safe Harbor Contributions provision. Under this provision, the Company contributes 3% of compensation to all eligible participants, as defined, during the Plan year. Additionally, each year at the Company's discretion, the Company may contribute to the Plan a percentage of the participants' contributions. For the year ended December 31, 2012, the Company elected to match 100% of the first 4% of compensation that a participant contributed to the Plan. The Company may also elect to make a discretionary profit-sharing contribution to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and in the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A fee is deducted from the participant's loan proceeds for administrative costs. Loan terms are up to 5 years or up to 25 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the time that the loan is made. At December 31, 2012 the interest rates on outstanding loans ranged from 3.25% to 6.0%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

A participant who is or continues to be employed by the Company after reaching age 59 1/2, may, once a quarter, elect to receive all or part of the balance of his or her vested account, other than his or her Money Purchase Plan Merger Sub-Account. Upon a participant's termination of service or attaining normal retirement age, as defined, a participant may elect to receive either a lump-sum payment or an installment-type payment in an amount equal to the value of the participant's vested account balance.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes realized and unrealized gains and losses on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Minnesota Life International Value II	2,304,452
Minnesota Life International Growth I	1,935,589
Minnesota Life Small/Mid Growth Equity I	1,903,421

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held at the end of the year) appreciated/(depreciated) in value by approximately \$4,492,000 as follows:

Exchanged-traded products	\$ 167,038
Government bonds	13,504
Common stock	(51,178)
Mutual funds	27,440
Pooled separate accounts	<u>4,335,080</u>
	<u><u>\$ 4,491,884</u></u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

Pooled separate accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, and mutual funds. Units held in pooled separate accounts are valued based on the market prices of the underlying investments in the funds at year-end.

Mutual Funds, Money Market Funds and Exchange-traded Products

Investments in mutual funds, money market funds and exchange-traded products are based on quoted market prices for the identical security in an active market.

Guaranteed Return Account

The guaranteed return account assets are measured at contract value, which approximates fair value.

Common Stocks and Government Bonds

Common stocks and government bonds are valued at the closing price reported in the active market in which the individual securities are traded.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Return Account	\$ 2,433,805	Market Value = Contract Value	Crediting Yield Rates	2.66% - 2.93%

5. Guaranteed Return Account With Insurance Company

The Plan has a fully benefit-responsive guaranteed return account with Minnesota Life Insurance Company ("Minnesota Life"). Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed return account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed return account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was approximately \$2,434,000 and \$1,459,000, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting.

The average yields earned by the guaranteed return account are as follows:

Average yields:	2012	2011
Based on actual earnings	2.83%	3.19%
Based on interest rate credited to participants	2.83%	3.19%

6. Party-in-Interest Transactions

Certain Plan investments are in pooled separate accounts and a guaranteed return account managed by Minnesota Life. Minnesota Life is the custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. As described in Note 2, expenses for loan administration and benefits paid to participants are charged directly to the participant's account. The Company pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Information Provided by the Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life, the custodian of Plan assets, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011 and supplemental schedule as of December 31, 2012, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

9. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 22, 2013, that the Plan and related trust are designed in accordance with the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since applying for the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

10. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate fluctuation, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.
