Contributions - A participant may elect to reduce his or her compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Regardless of the type of deferral made, the amount deferred is counted as compensation for purpose of Social Security taxes. In addition, he or she may separately elect to defer up to 100% of any bonuses paid to you during the year. However, the total contributions in any taxable year may not exceed the dollar limit of \$17,000 for 2012, which is set by law. A "catch-up" provision of an additional \$5,500 is allowed for 2012 for employees aged 50 or older. Effective for the 2009 plan year, participants become eligible to receive employer's contributions, after they complete 3 months of service with the employer and are employed on the last day of the plan year. The Plan permits the Company matches 100% of salary deferrals up to 3%.

Participants' Accounts - Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Effective January 1, 2009 a participant is 100% vested after 3 years of credited service. Years of service for vesting are counted from the date of hire. For vesting, the participants will be credited with a year of service for each plan year during which he or she earns credit for 1,000 hours of service.

Forfeitures of the non-vested portion of a participant's account may be used to reduce future employer contributions.

Payment of Benefits - On termination of service due to death or disability, all amounts credited to participant's account become fully vested. The death benefit will be paid to his or her beneficiary in a single lump-sum payment. Payment of disability benefits will be made as if a participant as if he or she had retired. For termination of service due to other reasons, a participant may receive the value of only the vested interest in his or her account as a lump-sum payment in cash.

A participant may delay the receipt of benefits unless a distribution is required to be made because a participant's vested benefits in the Plan do not exceed \$5,000. However, if a participant is a 5% owner, distributions are required to begin no later than the April 1st following the calendar year in which a participant reaches age 70 ½. If participant is not a 5% owner, distributions are required to begin no later than the April 1st following the later of calendar year in which the participant reaches age 70 ½ or the calendar year in which the participant retires.

In the event of financial hardship, each participant can withdraw money from his or her account if he or she satisfies certain conditions. The hardship distribution is not in addition to his or her benefits and will therefore reduce the value of the benefits he or she will receive at retirement.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Forfeitures - Forfeitures will be used first to restore previously forfeited account balances of returning participants who are so entitled. Remaining forfeitures will be used to reduce any employer contributions and may also be used to pay plan expenses. For the year ended December 31, 2012, forfeited non-vested matching contributions used was \$0.

Participant Loans - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants must fully repay through payroll deduction or pay check within 5 years unless the loan is used for the purchase of principal residence. If the loan is for the purchase of principal residence, the administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies followed by the Plan:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Cash and Cash Equivalents - The Plan considers all highly liquid debt with maturities of three months or less to be cash and cash equivalents.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends from the mutual funds are recorded when reported by the registered investment companies. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits - The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Administrative Fees - The Plan sponsor pays for the costs incurred in administering the Plan.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

Effective January 1, 2009, the Plan adopted ASC 820-10 (formally, FASB Statement No. 157, Fair Value Measurements). ASC 820-10 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Under SFAS No. 157, fair value measurements are not adjusted for transaction costs. ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets.
- Level 2 - Significant other observable inputs other than Level 1 prices such as quoted price in markets that are not active, quoted prices for similar assets, or other inputs that are observable, either directly or indirectly, for substantially the full term of the asset.
- Level 3 - Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Cash and cash equivalents	\$ -	\$ -	\$ -
Registered investment companies	599,843	599,843	-
Participant loans	24,180	-	24,180
Total	<u>\$ 624,023</u>	<u>\$ 599,843</u>	<u>\$ 24,180</u>
December 31, 2011			
Cash and cash equivalents	\$ 674	\$ 674	\$ -
Registered investment companies	420,017	420,017	-
Participant loans	9,587	-	9,587
Total	<u>\$ 430,278</u>	<u>\$ 420,691</u>	<u>\$ 9,587</u>

The Plan used the following methods and assumptions in estimating its fair value disclosure for financial instruments:

Level 1 Fair Value Measurements - The investments are composed of registered investment companies that are traded on an active market. The fair value of the investment is based on quoted market values of the shares held by the Plan at year-end.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 3 Fair Value Measurements - The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the participant loans is measured at face value. For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

NOTE 6 – TAX STATUS

The Plan document is a non-standardized document that the Company adopted with specific provisions customized to meet the needs of the sponsor and the participants. The document has received a favorable determination letter dated February 4, 2010 from Internal Revenue Service. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RELATED PARTY TRANSACTIONS

Certain plan investments in registered investment companies are managed by John Hancock Retirement Services, the trustee of the Plan. Purchases and sales of these funds are performed in open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 10 – SUBSEQUENT EVENTS

The Company violated several provisions of ERISA: 1) The Company failed to remit employee contributions to a trust in accordance with ERISA Section 403(c)(1), 404(a)(1)(A) and (B), 406(a)(1)(D), and 406(b)(1) and (2) and 2) The Company did not maintain a bond providing coverage to the Plan in the event of a loss caused by fraud or dishonesty, in violation of ERISA Section 412.

In accordance with FASB ASC Topic No. 855, Subsequent Events, the Company evaluated subsequent events for recognition or disclosure through October 11, 2013, the date the accompanying financial statements were issued.
